Good Morning, Bruce, Mike, Steve, Kim and Elizabeth,

I want to follow up with each of you and let you know how much Elizabeth and myself enjoyed our meeting concerning the ideas of our BEEP BEEP JEEP project.

I have visited the parks that were suggested. I feel that either park would be ok. Although, in viewing BEAR CREEK park I would love, to see this park move forward for our project.

The grand scheme of things this is truly a great area and very sentimental. Tim's Grand Parents Thruman and Doris Scott, owned the majority of this property with our Dairy farm, they allocated a park to be built. Later years, his Uncle and Aunt Theron and Sharon Scott, continued the farming. As well as the George Boyack Family who are dear friends of ours also owned some of the property. I have spoken to each of the families, the Scotts, Boyack's, and the Molenaar's they, are on board as well to help and give support. One of our young cousins on the Scott side is Handicapped as well as Tim, his Mom and Uncle Theron who were wheel chair bound with stokes and Als. Tim helped so many in his career, not only working as a boy on the farm but as he became a Civil Engineer, he helped so many in the community. He designed many a Handicapped Ramps and adaptive equipment to help.

Yesterday I visited with a few people using the park. Just to get a few opinions if they felt an "All Inclusive Park" option would be good. Wow! Did I get a response, they were on board- Ha ha the whole team! Here are a few of the needs they are seeing right now.

They were concerned about the bark under the playground equipment is a deep mess and the fading existing equipment needs to be replaced.

In visiting, I also spoke to a Coach of a small child soccer team. The Coach was thrilled about the idea of an interactive, JEEP, and an interactive pathway where the wheel chairs could move through the park and have things to do along the way. I also expressed our thoughts of the other

spongy material for under the play equipment. He said YES!! It's horrible just for a child with out handicaps.

My heart is telling me I think Bear Creek is perfect for our mountain theme as well. Smile... and for those who knew Tim we did call him Pappa Bear, but he was actually a Teddy Bear. Strangely enough, we spent many a summer camping at Bear Run in Idaho City.

Ok so ***I am ready to move forward***. Tim's Celebration of Life is May 21 and 22. I would like to share with all our friends. If I get a go ahead??

I would also like to start the process of the **Neighborhood Grant** because our deadlines are fast approaching- application Due: **May 13, 2022**. Strange enough it says project needs to be completed by September **9th**. WOW! Honk the Horn! That's Tim's Birthday!

Below, I included my first message to Bruce, so everyone is on the same page with my thoughts. Very sorry this is so long. But want to know we are truly excited to get this done.

1. Please, Let me know the next steps you would like me to take.
2. Please send me the information on the company with playground equipment as discussed. But if we can get specks on rules, we might have RUBICON build or a local person in the Treasure Valley.
3. Please send me any other grants we can apply for.
4. **Please reply** to me so I know each of you received my letter.

Thank you!
Always, Anita Burgess

Dear Bruce,

Thank you for taking the time yesterday to discuss our families' thoughts on a "All Inclusive Park Project". We would very much appreciate to take this to further discussion and make sure we are on the calendar. So very exciting! I should be able, to be available most afternoons. It's at the top of my priority list for sure. I will be out of town April 27-May4th

I am sending over a few ideas and facts, to give you some incite to what was going on with Tim.

Thank you, Always Anita Burgess

PS, My Grandson calls Grandpas Yellow Jeep - BEEP! BEEP! - BEEP! BEEP! Park? How cute is that!

#1 Concern: My daughter Elizabeth brought to my attention last night there is a Neighborhood Grant program that has a deadline of May 13th. Should I try to apply for this? Because that could really help us <https://meridiancity.org/mayor/neighborhoodgrant>

#2 Tims past projects: I thought you would enjoy looking at a few of the projects Tim worked on over the years. Although in looking at this list, I know he did many more. Kinda crazy. He was a very strong, kind, but humble man. But he sure always took care of people! Please see attachment.

#3. Photos of a park where our Grandson visited. Attached. Our idea of the jeep's would be so you could actually drive a wheel chair into the space. But this gives a fun visual.

I also seen a raised sandbox that is neat, where a wheel chair can pull into it. Great full body swings and a path way for trikes! Brain Storming... sorry Squirrel...

My concern, many times installers, get things too high for special needs to reach, so that will be a top priority. Sometime they place a swing so high; you have to always lift the person into the seat.

Lifting a Special needs person or transporting them, just to the area to play, is one of the most difficult challenges for all. I get, while taking care of my Mother-in-Law for 10 years with a stroke, then Tim with ALS for 19 months. But were totally paralyzed.

#4. We have **"Tim's Celebration of life" May 21 and 22.** We have many friends attending. Please place it on your calendar. Your invite will be coming.

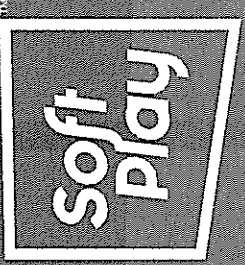

Once we know we can move forward, we will start asking for donations for a park, in lu of flowers.

Many friends and family are on standby willing to help. Some of my dearest friends, Ann Marie Molenaar and Sister Susie just finished their park. My other friend Becky Kawano did the Densho Garden in Caldwell. My Sister and Brother-in-law Marlyn & Gary Ruschman Sand and gravel, have worked on the Botanical Gardens for years. Tims, Aunt Sharon Scott also just sold some of Tims Granddads property for development and they had done a park at Bear Creek and a new one in the property they just sold.

As I mentioned my girls were the sister troop (younger girls) and raised money for our Girl Scout troop in Downtown Meridian - "Generations Plaza". Myself I worked for the World Special Olympics for three years. Talk about raise money! ...lol

Please rest assured, we are not afraid to step into the ring, and have nothing but good intentions for a needed project to complete a lasting legacy. Keeping my fingers crossed.

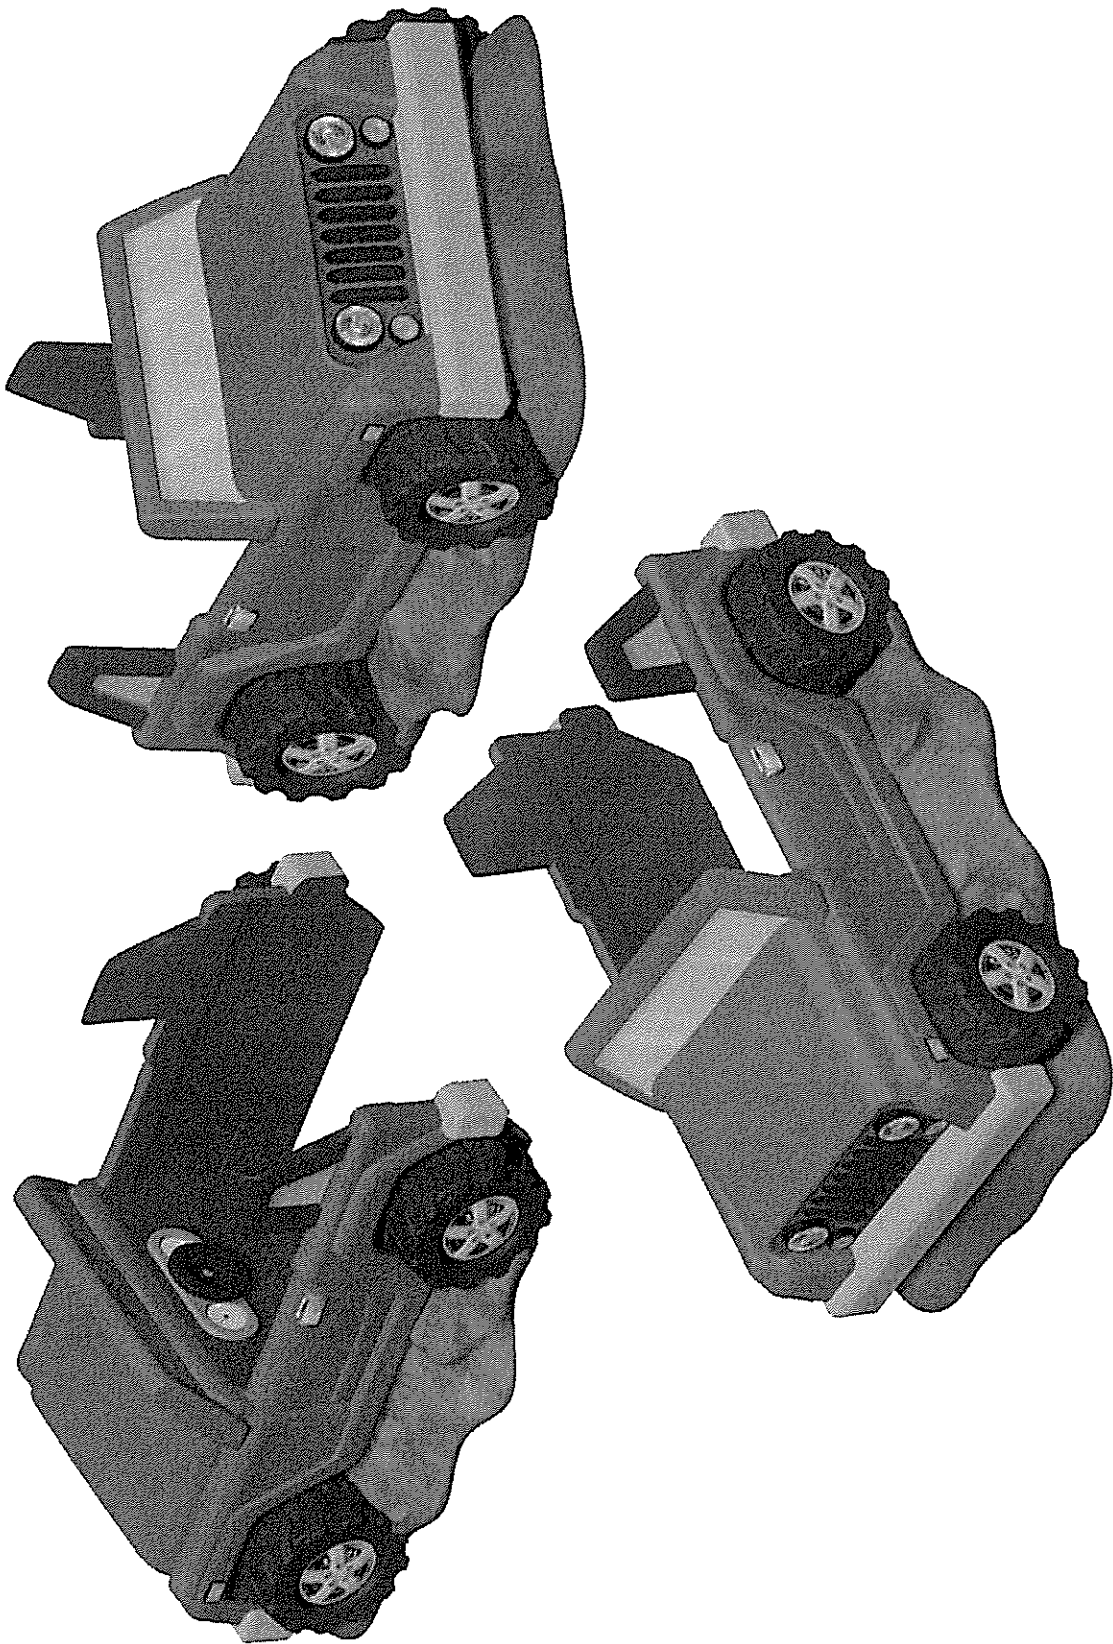

Please confirm you received my email. Thank you Anita
