INFORMATION ONLY

The FUND, DEPARTMENT CODE, GL ACCOUNT NUMBER, AND PROJECT CODE make up the accounting code for your request.

The accounting code will hold the budget dollars and actual expenses for your PO request.

Accuracy is important as the resulting PO encumbers this accounting code (budget line item).

Not all requests will have a project number. Call Procurement if you are unsure.

This form will automatically total your request.

In the NOTES field add any information that you feel is significant.
