Executive Summary

AP-05 Executive Summary

24 CFR 91.200(c), 91.220(b)

1. Introduction:

The City of Meridian is an Entitlement Community receiving annual funds from the U.S. Department of Housing and Urban Development's (HUD's) Community Development Block Grant (CDBG) Program since 2007. The City is currently operating under the Five-Year Consolidated Plan (Con Plan) for program years 2022-2026. The Con Plan outlines strategies, goals, and community development needs identified through collaboration with community members and local entities.

This Action Plan is for the third year of the 2022-2026 Con Plan, providing guidance to the City's CDBG Program for Program Year 2025 (PY25), covering October 1, 2025, to September 30, 2026. The PY25 Action Plan summarizes the actions, activities, and resources to be utilized during PY25 to address the goals and priority needs identified in the 2022-2026 Con Plan.

2. Summarize the objectives and outcomes identified in the Plan:

Meridian's 2022-2026 Con Plan is a five-year strategic plan that provides an outline of actions for the community as it works toward meeting the housing and community development needs of its low and moderate-income and special needs households. The plan's development includes a profile of the community and its economy, an assessment of housing and community development needs, and the development of long-range strategies to meet those needs.

The Con Plan serves the following functions:

- A planning document for the City, which builds on a participatory process among citizens, organizations, businesses, and other stakeholders;
- A submission for federal funds under HUD's formula grant program for jurisdictions;
- A strategy to be followed in carrying out HUD programs; and
- A management tool for assessing performance, tracking success, and determining the course of future Con Plans.

The 2022-2026 Con Plan was prepared in accordance with Sections 91.100 through 91.230 of HUD's Consolidated Plan Final Rule.

Below are HUD's objectives and the City's projected outcomes over the course of the 2022-2026 Con Plan:

1. **Provide decent housing** by preserving the affordable housing stock, increasing the availability of affordable housing, reducing discriminatory barriers, increasing the supply of supportive housing for those with special needs, and transitioning homeless persons and families into housing.
2. **Provide a suitable living environment** through safer, more livable neighborhoods, greater integration of LMI residents throughout Meridian, increased housing opportunities, and reinvestment in deteriorating neighborhoods.

3. **Expand economic opportunities** through homeownership opportunities, development activities that promote long-term community viability, and the empowerment of low- and moderate-income persons to achieve self-sufficiency.

3. Evaluation of past performance:

At the end of its program year, Meridian is required to provide an annual report to HUD that summarizes its performance for the program year. This report is called the Consolidated Annual Performance Evaluation Report (CAPER).

The CAPER must include a description of the resources made available, the investment of available resources, the geographic distribution and location of investments, the families and persons assisted (including the racial and ethnic distribution of persons assisted), the actions taken to affirmatively further fair housing, and other actions indicated in the Strategic Plan and the Action Plan.

Performance reporting meets three basic purposes:

1. Provides HUD with the necessary information to meet its statutory requirement to assess each grantee's ability to carry out relevant CPD programs in compliance with all applicable rules and regulations;
2. Provides information necessary for HUD's Annual Report to Congress, also statutorily mandated; and,
3. Provides grantees an opportunity to describe to citizens their successes in meeting objectives stipulated in their Con Plan.

4. Summary of Citizen Participation Process and consultation process:

Citizen participation includes actively encouraging citizens, particularly the low and moderate-income population, to participate in the planning process for the five-year Con Plan, the Action Plan, the submission of Substantial Amendments, and the development of the Consolidated Annual Performance Report (CAPER).

The City encouraged and sought broad participation but especially encouraged participation from low- and moderate-income persons, residents of predominantly low- and moderate-income neighborhoods, minorities, non-English speaking persons, persons with disabilities, public housing residents, local and regional institutions, businesses, developers, and nonprofit organizations.

All public meetings were held in a location convenient to residents, particularly potential or actual beneficiaries.

Citizen participation played a critical role in the needs assessment, market analysis, and the construction of the goals and priorities featured in the Con Plan. It was also vital in developing this year's Action Plan, ensuring that previously identified goals and priorities continue to meet the community's needs.

5. Summary of public comments:

Meridian acknowledges and documents all comments received during the public participation process. This includes recording and analyzing feedback from the online survey. The comments and survey results played a critical role in shaping the specific priorities and goals outlined in the Con Plan and subsequently addressed in the current Action Plan. By incorporating public input, Meridian ensures that the Action Plan continues to align with the identified needs and goals of the community.

6. Summary of comments or views not accepted and the reasons for not accepting them:

Meridian accepts and records all comments.

7. Summary:

Meridian has implemented and adopted a Citizen Participation Plan (CPP) in conjunction with the 2022-2026 Con Plan. This CPP serves as a framework for facilitating public input and engagement in the allocation of Community Development Block Grant (CDBG) funds granted to the City. The CPP outlines the methods and procedures for providing notice and conducting outreach to residents regarding public hearings related to all aspects of the CDBG process. The CPP ensures that the community has opportunities to participate and provide input in the decision-making processes related to CDBG funding.

PR-05 Lead & Responsible Agencies

24 CFR 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan:

Agency Role	Name	Department/Agency
CDBG Administrator	MERIDIAN	Economic Development, Mayor's Office

Table 1 – Responsible Agencies

Narrative:

The Meridian CDBG Program is overseen by the Mayor's Office. The Program collaborates closely with various departments within the city, including the Community Development Department, Planning Division staff, Economic Development Division staff, as well as other departments like Public Works, Finance, and Parks and Recreation. This collaborative approach ensures coordination and integration of efforts across different departments to effectively implement CDBG-funded projects and initiatives in Meridian.

AP-10 Consultation

24 CFR 91.100, 24 CFR 91.200(b), 24 CFR 91.215(l)

1. Introduction:

The City of Meridian values agency consultation to identify and address priority needs within the community. This inclusive process involves active participation from non-profit organizations, private citizens, and public agencies, fostering a collaborative effort. Through extensive outreach and consultation, the City engaged with citizens, local municipal officials, non-profit agencies, public housing agencies, governmental agencies, private organizations, and the Continuum of Care (CoC) in the development of the Plan. By involving a diverse range of stakeholders, the City ensures that the Con Plan and subsequent Action Plans accurately reflects the needs and aspirations of the community.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)):

While there are no public housing units in Meridian, an estimated 9 percent of the housing authority's total voucher supply are used within Meridian City limits. The City collaborated with the Ada County Housing Authority (ACHA), the local public housing authority, to assist the City in better understanding ACHA's resources and needs. ACHA and the City are both involved with the CoC. The CoC meetings provide an opportunity to collaborate with regional and local housing providers (public, non-profit, and private) and health and social service agencies (including private and non-profit mental health, emergency, and healthcare providers).

Additionally, the City has developed a socioeconomic profile of Meridian to identify gaps in service, likely partnerships, and needs of the community. The City is dedicated to extending further support to organizations that help meet the community's identified needs.

One need that is readily apparent is the need for housing affordability and rental support. Meridian is dedicated to increasing its affordable housing inventory to ensure residents of all income levels can find housing in Meridian and provide necessary supportive services. City staff will continue to stay engaged with the housing affordability and supportive service community so the City can better provide important tools and resources to housing developers and supportive service providers.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness:

The City of Meridian actively coordinates with the Continuum of Care (CoC), known locally as Our Path Home Connect, to address the needs of homeless individuals and families, particularly those who are chronically homeless, families with children, veterans, and unaccompanied youth. The CoC consists of representatives from various organizations that provide services related to housing, health, social services, victim support, employment, and education for low-income individuals and families, as well as those experiencing homelessness.

The City's collaboration with the CoC involves engaging staff members from neighboring communities, along with representatives from public and private entities. These entities include housing providers, healthcare facilities, mental health service providers, foster care and youth programs, corrections programs and

institutions, victim services, law enforcement agencies in Ada County, nonprofit organizations, state departments, and school districts, among others.

By bringing together these diverse stakeholders, the City aims to develop comprehensive strategies and initiatives to prevent homelessness, provide support and resources to homeless individuals and families, and address the underlying causes of homelessness. This collaborative effort ensures that the City works closely with publicly funded institutions and systems of care that may discharge individuals into homelessness, such as health-care facilities, mental health facilities, foster care and youth facilities, and corrections programs and institutions.

Through the coordinated efforts of the CoC, the City of Meridian strives to enhance services, improve access to affordable housing, provide necessary healthcare and mental health support, and create a supportive environment for individuals and families at risk of or experiencing homelessness.

In 2017, Our Path Home Connect launched coordinated entry, which provides a single point of entry for households experiencing homelessness. Due to the data collected through coordinated entry, Our Path Home Connect has identified four strategic initiatives:

1. End family homelessness,
2. Prevent first-time homelessness,
3. Expand supportive housing opportunities, and
4. Evolve the partnership.

The involvement of foster care and other youth programs has encouraged the City to further evaluate the non-traditional homelessness experienced by youth and their families in Meridian.

The City of Meridian has strengthened its partnership with Our Path Home Connect by incorporating feedback from the Continuum of Care (CoC) into the materials provided to the CDBG Scoring Committee during the project evaluation process. This input serves in an advisory role, ensuring that CoC insights are considered when reviewing applications for public service and housing project funding. By integrating the CoC's expertise in addressing homelessness, the City aims to better align CDBG funding decisions with regional priorities and strategies. This collaborative approach supports more informed decision-making and a coordinated effort to address homelessness and related challenges in Meridian.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS:

The City of Meridian does not directly receive ESG funds, as these are administered solely by the state. However, city staff attends CoC meetings where ESG fund allocation is discussed. The City aligns with the CoC's strategy for using ESG funds by funding homeless prevention activities, as Meridian does not have any emergency shelters. Additionally, the City attends executive meetings and participates in subcommittees to identify funding opportunities and streamline homelessness prevention services. Although Meridian does not directly utilize HMIS, it supports the CoC's efforts in the operation and administration of HMIS.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities:

1	Agency/Group/Organization	Ada County Housing Authority (ACHA)
	Agency/Group/Organization Type	Housing PHA Services - Housing Regional organization
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Public Housing Needs Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy Non-Homeless Special Needs HOPWA Strategy Market Analysis
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City of Meridian actively consults and engages with the Ada County Housing Authority to understand the public housing needs in the community and improve services. Through phone calls and meetings, they aim to identify opportunities for coordination and cooperation to enhance housing access and stability in Meridian. By collaborating with the housing authority, the city seeks to gain insights into the specific challenges faced by individuals and families in need of housing, including barriers to affordable options. Through ongoing communication, they aim to develop strategies and initiatives such as streamlining processes and expanding affordable housing options to ensure long-term stability. The anticipated outcome is to improve housing access and stability, creating a more inclusive and supportive community for all residents.
2	Agency/Group/Organization	Boise City/Ada County Continuum of Care
	Agency/Group/Organization Type	Housing PHA Services - Housing Services-Children Services-Elderly Persons Services-Victims of Domestic Violence Services-homeless Services-Health Services-Education Services-Employment Service-Fair Housing Services - Victims Health Agency Child Welfare Agency Publicly Funded Institution/System of Care Other government - State

		Other government - Local Regional organization Planning organization
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Our Path Home serves as the Boise City/Ada County Continuum of Care (CoC) and is composed of representatives from various agencies, groups, and organizations involved in addressing housing, homelessness, and fair housing in the community. Through monthly scheduled meetings, subcommittee meetings, and email exchanges, Our Path Home collaborates with the city to provide valuable insights into the needs of the community in these areas. The city actively engages with Our Path Home to gather information and perspectives that inform funding recommendations and strategies to address homelessness, homelessness prevention, and fair housing activities. By working together, the city and Our Path Home aim to develop effective solutions, allocate resources appropriately, and create a community that is inclusive, supportive, and responsive to the housing needs of its residents.
3	Agency/Group/Organization	Boys and Girls Club of Ada County
	Agency/Group/Organization Type	Services-Children Regional organization
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City of Meridian regularly consults and engages with the Boys & Girls Club, an organization that focuses on providing support to youth and families in the community. Through meetings and communication via email and phone calls, the city aims to assess the needs of school-age children, particularly those from low- to moderate-income families. By consulting with the Boys & Girls Club, the city seeks to identify specific requirements and provide assistance to these families, allowing them to allocate their income towards maintaining stable housing. The anticipated outcome of these consultations is to improve the overall well-being of youth and families in need within the community by coordinating efforts and providing support through collaborative initiatives.
4	Agency/Group/Organization	Can/Ada Collaborative
	Agency/Group/Organization Type	Housing Services - Housing Services-Children Services-Elderly Persons Services-Persons with Disabilities Services-Persons with HIV/AIDS

		Services-Victims of Domestic Violence Services-homeless Services-Health Services-Education Services-Employment Service-Fair Housing Services - Victims Other government - Local Regional organization Planning organization
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy Non-Homeless Special Needs Market Analysis Economic Development Anti-poverty Strategy Lead-based Paint Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Can/Ada Collaborative is a collaborative group consisting of local entitlement communities in the region, including Boise, Meridian, Nampa, and Caldwell. Through regular meetings and email communication, the collaborative aims to ensure compliance with federal regulations, particularly related to HUD funding. The participating municipalities strive to align their activities and initiatives with regional needs while addressing local needs, maximizing the impact of CDBG funds. The collaborative approach allows representatives to share information, discuss best practices, and identify areas for collaboration, leading to a comprehensive and coordinated response to community development challenges. By working together, the Can/Ada Collaborative enables the participating communities to meet federal regulations, address regional needs, and effectively utilize CDBG funds for community development initiatives.
5	Agency/Group/Organization	CATCH, Inc.
	Agency/Group/Organization Type	Housing Services - Housing Services-homeless Services - Victims
	What section of the Plan was addressed by Consultation?	Homelessness Strategy Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans

		Homelessness Needs - Unaccompanied youth Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	CATCH (Charitable Assistance to Community's Homeless) is a crucial public-private partnership in Ada County dedicated to ending homelessness. The organization recognizes permanent housing as the fundamental solution to homelessness and views housing as an integral part of healthcare. CATCH's primary focus is on addressing homelessness among children and families in Ada County, and they collaborate actively with local partners to provide pathways to secure permanent housing. This collaboration encompasses various initiatives such as operating warming shelters, developing supportive housing plans, offering resolution assistance, and implementing prevention efforts. The city engages in consultations with CATCH through meetings and email exchanges to ensure effective coordination and communication. These consultations serve as a platform for discussing strategies, sharing information, and identifying opportunities for collaboration and improvement. By consulting with CATCH, the city aims to align its efforts with the organization's expertise and utilize their collaborative network to maximize the impact of homelessness prevention and support programs. The anticipated outcome is to enhance coordination, leading to more effective and comprehensive solutions to end homelessness for children and families in Ada County.
6	Agency/Group/Organization	City of Meridian
	Agency/Group/Organization Type	Housing Services - Housing Services-Children Services-Elderly Persons Services-Persons with Disabilities Services-Persons with HIV/AIDS Services-Victims of Domestic Violence Services-homeless Services-Health Services-Education Services-Employment Service-Fair Housing Services - Victims Services - Broadband Internet Service Providers Services - Narrowing the Digital Divide Agency - Managing Flood Prone Areas Agency - Management of Public Land or Water Resources Agency - Emergency Management Other government - Local Grantee Department
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Lead-based Paint Strategy Public Housing Needs

	Homelessness Strategy Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Non-Homeless Special Needs Economic Development Market Analysis Anti-poverty Strategy
Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City of Meridian has actively engaged in providing insights and expertise in various areas relevant to the program. This includes sharing knowledge on planning and zoning regulations, building codes, disaster recovery, housing affordability, population growth, and the specific needs of low- to moderate-income residents. To ensure smooth coordination and effective implementation of the program, there is constant communication between CDBG staff and other departments. This communication occurs through various channels, such as in-person discussions, meetings, emails, and phone calls. The regular and daily contact with different departments allows for seamless information sharing and collaboration. The city's plan to streamline access throughout the city demonstrates its commitment to improving the program's efficiency and effectiveness. By streamlining access, the city aims to enhance the ease with which low- to moderate-income residents can access the resources and support provided by the program. This could involve simplifying application processes, improving information dissemination, or implementing measures to remove barriers to access. Overall, the City of Meridian's active involvement in providing insights, maintaining constant communication with other departments, and its plan to streamline access reflects its dedication to optimizing the program's impact and ensuring that low- to moderate-income residents can benefit from the resources available in an efficient and equitable manner. Additionally, the City actively participates in various projects and initiatives to improve connectivity and access to high-speed internet services. One of the ongoing projects is the development of a fiber ring that would interconnect facilities and provide infrastructure for ISPs to offer cost-effective fiber services in Ada County. While funding for this project is pending, the City is working to secure grants to support its implementation. A digital access study has been conducted to gather insights and inform efforts to bridge the digital divide in the community. Meridian has also collaborated with TDS and other providers such as Sparklight and Lumen to bring more competition to the area, resulting in improved pricing for residents. By engaging with these service providers, the City aims to enhance options and affordability for high-speed internet services. Through these initiatives, the City of Meridian demonstrates its commitment to addressing the connectivity needs of its residents and fostering a competitive market for internet service providers. By actively seeking partnerships and

		exploring innovative solutions, Meridian strives to ensure that its community has access to reliable and affordable internet services.
7	Agency/Group/Organization	COMPASS
	Agency/Group/Organization Type	Other government - Local Regional organization Planning organization
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Non-Homeless Special Needs Public Transit
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City of Meridian actively engages in consultations with COMPASS, including involvement in the housing affordability workgroup, and the transportation workgroup to improve access to affordable housing and transportation for its residents. These consultations involve regular meetings and ongoing communication through emails. COMPASS, as a regional planning organization, provides valuable insights into regional planning and development strategies, allowing the city to align its efforts with regional priorities and address housing and transportation challenges effectively. The housing affordability workgroup focuses on understanding the local housing market, identifying barriers to affordability, and exploring solutions to promote access to safe and affordable housing options. The transportation workgroup aims to improve transportation infrastructure, promote sustainable mobility, and ensure accessibility for all residents. Through these consultations, the City of Meridian seeks to foster collaboration, share knowledge, and develop strategies that enhance access to affordable housing and transportation, ultimately improving the quality of life for its residents.
8	Agency/Group/Organization	FACES of Hope
	Agency/Group/Organization Type	Services - Housing Services-Victims of Domestic Violence Services - Victims
	What section of the Plan was addressed by Consultation?	Homelessness Strategy Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Unaccompanied youth Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City of Meridian collaborates with Faces of Hope, a local organization dedicated to supporting victims of violence, to enhance services and ensure access for those in need. These consultations involve email communication, workshops, and meetings, facilitating a comprehensive and collaborative approach. Faces of Hope plays a crucial role in providing resources and support to victims, and by consulting with them, the city aims to gain a deeper understanding of the specific needs of victims in Meridian. Through these engagements, they can identify opportunities for collaboration, address service gaps, and develop initiatives that improve access to support services. The ultimate goal is to enhance the availability and accessibility

		of services for victims of violence, empowering them to heal and rebuild their lives within the community.
9	Agency/Group/Organization	The Housing Company
	Agency/Group/Organization Type	Housing Services - Housing Regional organization
	What section of the Plan was addressed by Consultation?	Housing Need Assessment
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Housing Company, a property management agency in Idaho, is consulted through meetings, emails, and phone calls. The purpose of these consultations is to explore strategies to increase the availability of affordable housing units for low-income earners. The city seeks to gain insights into the services and resources provided by The Housing Company to ensure that residents have access to guidance and support throughout the housing process. Additionally, consultations aim to understand the challenges faced by minimum wage earners in finding affordable and suitable housing. The anticipated outcome of the consultation and improved coordination is to explore collaborative approaches that mitigate the impact of rising costs and find creative solutions to make housing more affordable and accessible. Ultimately, this collaboration aims to ensure that underserved communities have access to decent and affordable housing options, promoting stability and well-being within the community.
10	Agency/Group/Organization	Idaho Fair Housing Forum
	Agency/Group/Organization Type	Service-Fair Housing
	What section of the Plan was addressed by Consultation?	Fair Housing
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City engages in virtual meetings with this group to consult on advancing the fair housing work of the City and the region. These consultations serve as a platform for discussions and exchange of ideas regarding fair housing law and practice. Through these meetings, the group has facilitated fair housing trainings and conferences to educate individuals about fair housing rights and regulations. The consultations also play a crucial role in informing the City's strategies and approaches to affirmatively further fair housing. By collaborating with this group, the City aims to promote awareness, understanding, and implementation of fair housing principles and practices within the community.
11	Agency/Group/Organization	Idaho Housing and Finance Association
	Agency/Group/Organization Type	Housing Services - Housing Services-Persons with Disabilities Services-Persons with HIV/AIDS Services-Victims of Domestic Violence

	Services-homeless Service-Fair Housing Services - Victims Services - Narrowing the Digital Divide Other government - State Regional organization
What section of the Plan was addressed by Consultation?	Housing Need Assessment Homelessness Strategy Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Non-Homeless Special Needs Economic Development Market Analysis Anti-poverty Strategy
Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	IHFA serves as a financial institution and administrator of affordable housing resources in the state of Idaho. They are responsible for managing HUD's statewide ESG (Emergency Solutions Grants), HOPWA (Housing Opportunities for Persons With AIDS), and HOME funds. The City engages in consultations with IHFA through in-person meetings, phone calls, and meetings to achieve several expected outcomes. These include gaining a better understanding of the available resources for Meridian residents, ensuring that the City is aware of the programs and funding options that can benefit the community. Additionally, the consultations aim to enhance coordination and collaboration with statewide resources, enabling the City to leverage and align resources effectively to address affordable housing needs across the state.

12	Agency/Group/Organization	Idaho Legal Aid
	Agency/Group/Organization Type	Service-Fair Housing Regional organization
	What section of the Plan was addressed by Consultation?	Fair Housing
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Idaho Legal Aid is an organization dedicated to providing legal assistance and advocacy for low-income individuals and vulnerable populations in Idaho. They offer legal services to address a range of civil legal issues, including housing-related matters such as fair housing. In consultations conducted via email, the City sought input and guidance from Idaho Legal Aid to identify fair housing resources, understand the specific housing issues prevalent in the community, and explore potential strategies to address these issues. The anticipated outcomes of the consultation were to gather valuable insights, information, and resources from Idaho Legal Aid to effectively address fair housing concerns and ensure that the City's initiatives align with legal requirements and best practices.
13	Agency/Group/Organization	Idaho Nonprofit Center
	Agency/Group/Organization Type	Regional organization
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Idaho Nonprofit is a state association representing over 800 nonprofit organizations, primarily located in the Treasure Valley. The organization plays a vital role in supporting nonprofits by providing training, resources, and advocacy services. They offer training programs in leadership development, financial literacy, and board training, as well as webinars to enhance nonprofit effectiveness. Through their lobbying efforts, they track state legislation affecting nonprofits and ensure that jurisdictions are well-informed at the state and local levels. Idaho Nonprofit also educates policymakers in the sector by analyzing macro-level indicators and advocating for grant funding best practices. Their aim is to facilitate the administrative side of grant funding, providing nonprofits with capacity-building support and guidance, so they can focus on fulfilling their missions. The City has engaged Idaho Nonprofit through email to gain a better understanding of the needs and resources required by nonprofits, ultimately leading to more effective support and collaboration within the sector.
14	Agency/Group/Organization	Idaho Youth Ranch
	Agency/Group/Organization Type	Services-Children Services-Persons with Disabilities Services-homeless Services-Education

		Services-Employment Regional organization
	What section of the Plan was addressed by Consultation?	Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Idaho Youth Ranch plays a crucial role in providing accessible programs and services for youth and families facing trauma and crisis. Their comprehensive range of services includes outpatient services, counseling centers, mental tele-health, e-point assisted psychotherapy, adoption services, and residential shelters in the Treasure Valley. To better understand the needs of the community and explore opportunities for collaboration, the city engages in consultations with the Idaho Youth Ranch through email and phone calls. Through these consultations, the city aims to gain insights into the specific needs of youth and families in crisis, identify gaps in services, and explore ways to work together to provide the necessary support and resources. By fostering collaboration, the city and the Idaho Youth Ranch can create a more coordinated and effective response to addressing the needs of youth and families experiencing trauma and crisis in the community.
15	Agency/Group/Organization	Intermountain Fair Housing Council
	Agency/Group/Organization Type	Service-Fair Housing
	What section of the Plan was addressed by Consultation?	Fair Housing
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Intermountain Fair Housing Council serves as an important organization focused on promoting fair housing practices and combating housing discrimination. Through email consultations, the city engages with the Intermountain Fair Housing Council to gain a better understanding of fair housing concerns in Meridian. The purpose of these consultations is to gather insights and information regarding the specific fair housing challenges and issues faced by residents in the community. By consulting with the Intermountain Fair Housing Council, the city aims to enhance its understanding of fair housing laws, regulations, and best practices, as well as identify strategies to address any potential fair housing violations or barriers to equal housing opportunities. Ultimately, the goal is to promote fair and equitable housing practices, ensuring that all individuals in Meridian have equal access to housing and are protected from discrimination.
16	Agency/Group/Organization	Jesse Tree
	Agency/Group/Organization Type	Services - Housing
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Jesse Tree is an organization that serves as a vital resource in the community, particularly for individuals and families facing housing instability and the risk of eviction due to rising rents. The city engages in consultations with the Jesse Tree through email, phone calls, and meetings to gain insights and clarity into the need for their program. By consulting with the Jesse Tree, the city hopes to gather information on the specific challenges faced by residents, such as evictions and the increasing cost of housing. These consultations aim to provide a better understanding of the current housing landscape, including the impact of rising rents, and to identify strategies and resources to support individuals and families at risk of homelessness. The collaboration between the city and the Jesse Tree seeks to address the urgent housing needs within the community, mitigate the effects of rising rents, and develop solutions that ensure housing stability for all residents.
17	Agency/Group/Organization	Meridian - Mayor's Senior Advisory Board
	Agency/Group/Organization Type	Civic Leaders Senior Advisory
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City of Meridian's Mayor's Senior Advisory Board plays a crucial role in advising and providing insights on matters related to the needs of senior citizens and individuals residing in assisted living or low-income senior housing. As part of their involvement, representatives from the board are included on the scoring committee, which indicates their input in assessing and evaluating relevant programs or initiatives. The city aims to gain a better understanding of the specific needs, challenges, and concerns of senior citizens through the consultation with the board. By actively engaging with the Mayor's Senior Advisory Board, the city can gather valuable insights and expertise to inform decision-making processes and develop strategies that address the unique requirements of this population. The collaborative efforts between the city and the advisory board aim to improve the quality of life for senior citizens, enhance the accessibility of services, and ensure the overall well-being of older residents in Meridian.

MDC maintains regular meetings and email communications to collaborate closely with the city and ensure

	consultation or areas for improved coordination?	that their efforts align with the overall vision for downtown Meridian. Given that many of the city's low- to moderate-income (LMI) areas are located downtown, the collaboration between the city and MDC directly impacts potential recipients of the CDBG program. By working together, the city and MDC can streamline their efforts, effectively utilize available resources, and create a vibrant and inclusive downtown area that benefits the LMI beneficiaries and contributes to the overall development of Meridian.
19	Agency/Group/Organization	Meridian Library District
	Agency/Group/Organization Type	Services-Children Services-Elderly Persons Services-Persons with Disabilities Services-Victims of Domestic Violence Services-Education Services-Employment Services - Victims Services - Broadband Internet Service Providers Services - Narrowing the Digital Divide
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Meridian Library plays a vital role in the community by providing access to a wide range of resources and services for people of all ages and abilities. Through offerings such as classes, books, materials, mentorship, and collaboration opportunities, the library fosters inclusivity and supports the diverse needs of the community. This includes services tailored to youth, seniors, individuals with disabilities, and other marginalized groups. The library offers various programs such as book clubs, after-school programs, career support, tutoring, and story time to cater to different interests and needs. The library staff is trained to prioritize and meet the needs of diverse populations, including those who are unstably housed, identify as LGBTQIA+, have mental health concerns, or have experienced interpersonal violence. Through meetings and email communications, the city seeks to gain a better understanding of the community's needs and collaborate with the library to provide relevant resources and support.

The Crisis Intervention Team (CIT) program focuses on responding to mental health crises, ensuring that individuals in need receive appropriate care and support. The Meridian Anti-Drug Coalition (MADC) addresses substance abuse issues through community-based prevention efforts. The MPD also aims to foster positive relationships between the community and law enforcement by promoting a friendly image of the police. This includes activities such as School Resource Officers (SROs) in schools and neighborhood block parties that encourage interaction between community members and the police. The MPD engages in meetings, emails, and phone calls with CDBG staff to gain a better understanding of the city's issues and provide resources, particularly for officers working directly with community members in challenging situations. The collaboration between the MPD and CDBG staff ensures that resources are available to address community needs and enhance the effectiveness of police services.
21	Agency/Group/Organization	Meridian Senior Center
	Agency/Group/Organization Type	Services-Elderly Persons
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homelessness Needs - Veterans Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Meridian Senior Center plays a vital role in serving the senior population within the community. The center provides a range of services and programs tailored to meet the unique needs of seniors, promoting their well-being, social engagement, and overall quality of life. To ensure effective communication and coordination, the city engages in meetings, phone calls, and emails with the Meridian Senior Center. These interactions provide an opportunity for the city to gain a better understanding of the needs and concerns of seniors in the community. By actively seeking insights from the Senior Center, the city can identify areas where additional support and resources may be required, enabling them to better address the needs of seniors and enhance their overall experience and quality of life.
22	Agency/Group/Organization	NeighborWorks Boise
	Agency/Group/Organization Type	Housing Services – Housing Services-Education
	What section of the Plan was addressed by Consultation?	Housing Need Assessment
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The NeighborWorks Boise is a nonprofit organization dedicated to community development and addressing housing needs in the community. Their primary focus is on revitalizing neighborhoods and providing affordable housing solutions for low-to moderate-income individuals and families. Through emails, meetings, and phone calls, the city engages with NeighborWorks Boise to collaborate on identifying and addressing housing needs within the community. By working together, the city aims

		to gain insights and explore strategies to improve access to affordable housing, empower residents, and provide the necessary resources for individuals and families to obtain, retain, and maintain their homes. The collaboration with NeighborWorks Boise helps the city to develop and implement initiatives that effectively address housing needs and contribute to the overall well-being and stability of the community.

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Terry Reilly is a healthcare organization that offers comprehensive primary care, dental care, and behavioral health care services in the Treasure Valley, including the city of Meridian. The organization conducts outreach efforts to reach individuals and families facing barriers to care, such as farmworkers, the homeless, and very-low to moderate-income individuals. Terry Reilly's services are available to all residents, regardless of insurance status, and fees are based on a sliding scale to ensure affordability. Through email communication, the city engages with Terry Reilly to gain a better understanding of the healthcare needs within the community and to collaborate on resources and strategies to improve access to these services. By working together, the city and Terry Reilly aim to identify gaps in healthcare access, address disparities, and ensure that residents, particularly low-to-moderate-income individuals, have the necessary resources and support to receive the care they need.

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The West Ada School District plays a crucial role in serving the families and children of Meridian. The district implements McKinney-Vento programs to support homeless and unstably housed youth and families, ensuring they have access to education and essential resources. Additionally, the district provides nutrition services, including the summer nutrition program, which offers meals to school-age children in area parks. Through emails, phone calls, and meetings, the city engages with the West Ada School District to gain a better understanding of the needs of Meridian's youth and families, as well as the specific housing challenges faced by West Ada students. The city aims to identify any gaps in services and collaborate with the school district to develop a comprehensive plan to address those gaps. By working together, the city and the West Ada School District can create a supportive environment that meets the diverse needs of students and families, promotes inclusion and diversity, and ensures access to education and vital resources for all.
25	Agency/Group/Organization	Women's and Children's Alliance
	Agency/Group/Organization Type	Services - Housing Services-Children Services-Victims of Domestic Violence Services - Victims
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The WCA (Women's and Children's Alliance) plays a vital role in providing comprehensive services to individuals who have experienced interpersonal violence in the community. Their services are offered free of charge and are accessible to women, children, men, and individuals who are gender non-conforming. The range of services includes shelter, hotline support, court advocacy, counseling, case management, and financial empowerment classes. Affordable housing emerges as a critical need for the agency's clients, as it directly affects their ability to escape abusive or violent environments. Through meetings, emails, and phone calls, the city engages with the WCA to gain a better understanding of the community's needs and to coordinate services that address those needs effectively. By collaborating with the WCA, the city aims to provide support, resources, and coordinated efforts to empower survivors and ensure their safety and well-being.

*Table 2 – Agencies, groups, organizations who participated***Identify any Agency Types not consulted and provide rationale for not consulting:**

The City continues to consult with all required organizations in helping to formulate a strategy for the efficient use of HUD Community Development Block Grant (CDBG) funds. Every agency identified was offered an opportunity to participate in the development of the plan. While no agencies were left out, the City does not have a citizen's advisory group to consult with.

Other local/regional/state/federal planning efforts considered when preparing the Plan:

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Our Path Home	Our Path Home and the City of Meridian are both committed to ensuring greater access to fair and affordable housing, the reduction/prevention of homelessness, and access to credit for homeownership. The City participates in many joint efforts and organizations with Our Path Home to help support increasing housing options for residents.

*Table 3 – Other local / regional / federal planning efforts***Narrative:**

Meridian is committed to engaging residents and stakeholders in the planning process, recognizing the value of diverse perspectives and inclusive decision-making. The City sought input from a wide range of entities during the development of the Con Plan, including broadband service providers, to gain a comprehensive understanding of the community's connectivity needs and opportunities. By involving these stakeholders, Meridian gathered valuable insights and identified strategies to enhance broadband access and affordability for residents.

Collaboration between CDBG staff and other departments plays an important role in addressing the community's preparedness and response capabilities. By working closely with these departments, CDBG staff was able to incorporate emergency management considerations into its planning efforts, ensuring the safety and well-being of residents during times of crisis.

Meridian's commitment to stakeholder engagement and consultation extends beyond the Con Plan. The City intends to continue prioritizing this approach in the development of subsequent Action Plans. This iterative process allows for ongoing feedback, adaptability, and addressing emerging needs and priorities within the community. By maintaining an open dialogue with stakeholders, Meridian can ensure that its plans and actions remain responsive to the evolving requirements of its residents.

The City's resilience efforts are comprehensive, focusing on flood-prone areas, public land or water resources, and emergency situations. Through partnerships with agencies like the Ada County Office of Emergency Management, Meridian develops local response plans and implements hazard mitigation strategies. This collaboration encompasses various aspects, including flood response, hazardous materials incidents, wildfire response, emergency response, and hazard mitigation efforts. The mutual aid agreement with neighboring communities further strengthens Meridian's emergency response capabilities, allowing for the mobilization of additional first responders when necessary. In anticipation of fuel shortages during critical

situations, Meridian has signed an MOU to ensure access to fuel for essential vehicles, such as those used by the police department, fire vehicles, and city generators, guaranteeing uninterrupted emergency services.

The City participates in programs like the national flood insurance program and the community rating system program, demonstrating its commitment to going above and beyond basic requirements. Meridian's hazard mitigation plan, which includes flood risk mitigation strategies, is designed to protect the community and minimize the impact of flooding incidents. Moreover, the City is exploring alternative fuel sources such as solar energy, battery power, and generators to diversify its energy sources, enhance resilience, and reduce its environmental footprint.

Addressing broadband internet access and narrowing the digital divide is a priority for Meridian and these goals have been incorporated into the City's strategic plan. The installation of conduit infrastructure is being considered to expand broadband access throughout the city. Exploring Wi-Fi implementation in public parks aims to provide increased connectivity options for residents.

To further support these efforts, Meridian is applied for an energy efficiency community block grant to facilitate the development of a comprehensive plan to address energy efficiency within the community. Staff intends to explore opportunities for partnering to increase efficiencies for low- and moderate-income residents, as well as initiatives to bridge the digital divide. By utilizing grants and available resources, Meridian remains committed to promoting broadband access, enhancing resilience, managing flood-prone areas, and ensuring the overall well-being and resilience of its community.

AP-12 Participation

24 CFR 91.105, 24 CFR 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation. Summarize citizen participation process and how it impacted goal-setting.

The citizen participation process in Meridian involves active engagement with community members to gather feedback and ensure their needs and preferences are considered in goal-setting for Meridian's CDBG Program. This process includes several key steps:

1. **Outreach Events:** Regular outreach events are conducted to inform residents about proposed projects and to collect their input. These events include activities like voting on project priorities, artistic activities for engaging children and adults, and interactive sessions where participants can express their views and suggestions.
2. **Surveys and Feedback Collection:** Surveys are distributed to gather detailed feedback from residents. These surveys ask specific questions to determine the relevance of feedback based on residency or connection to Meridian and include questions about support for various projects.
3. **Public Meetings and Comment Periods:** Public meetings are held to discuss proposed action plans, and there are designated periods for public comment. These meetings provide a platform for residents to voice their opinions and for officials to explain the plans in detail.
4. **Letters and Direct Communication:** Letters are sent to homeowners and other stakeholders to inform them about proposed projects and invite their feedback. These communications include details about action plans, survey links, public comment periods, and upcoming presentations or hearings.

The feedback collected through these various methods significantly impacts the goal-setting process for the CDBG Program. The main outcomes include:

- **Identifying Community Priorities:** The input helps prioritize projects that are most important to the residents, ensuring that the goals align with the community's needs.
- **Enhancing Transparency and Accountability:** By actively involving citizens, the process becomes more transparent, and the community feels a sense of ownership over the decisions made.
- **Improving Project Design and Implementation:** The detailed feedback provides insights into potential improvements for project plans, making them more effective and efficient.
- **Ensuring Inclusivity:** The process ensures that diverse voices, including those from low to moderate-income households, are heard and considered in the planning and implementation phases.

Overall, the citizen participation process ensures that the goals set for the CDBG Program are reflective of the community's needs and preferences, leading to more successful and impactful projects.

Table 4 – Citizen Participation Outreach

Expected Resources

AP-15 Expected Resources

24 CFR 91.220(c) (1,2)

Introduction:

The City of Meridian prioritized goals and objectives for using CDBG funding to strategically and effectively benefit low- and moderate-income residents by increasing decent housing, creating a suitable living environment, and expanding economic opportunities.

The City of Meridian follows HUD guidelines and limits public services to no more than 15% and administration to 20% of the annual entitlement.

Anticipated Resources:

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	\$523,218	\$0	\$0	\$523,218	\$500,000	The City anticipates receiving roughly \$500,000 in annual entitlement funding during PY26. There are not anticipated to be a significant amount of prior year resources allocated at this time.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied:

The City of Meridian does not receive funding from HUD programs that have federal matching requirements, such as HOME, HOPWA, or ESG. However, CDBG-funded housing and public service projects are expected to leverage additional resources from a variety of sources. These may include private donations, state grants, and other local or federal funding streams. While matching funds are not required to receive CDBG funding, subrecipients are asked to report any leveraged funds in their year-end reports to demonstrate the broader impact of the program.

In conjunction with CDBG funds, Meridian anticipates the use of the following additional resources: City general funds for staffing and operations, contributions from subrecipient organizations (e.g., private donations, program income, and foundation grants), and potential state or federal sources such as the Idaho Housing and Finance Association or the Department of Health and Welfare. For City-managed projects, such as infrastructure improvements, the City contributes in-kind support through staff time, planning, and materials, helping to maximize the impact of federal dollars.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan:

Meridian will continue to improve the livability of low- and moderate-income neighborhoods and buildings. Projects centered around walkability improvements will help residents with mobility challenges better access the neighborhoods, public transportation, and outdoor recreation. The buildout of the public infrastructure improves low- and moderate-income neighborhoods. The City will support multi-modal paths, park upgrades, and public infrastructure improvements in low- to moderate-income areas.

Discussion:

The City anticipates that some of the current projects will have remaining funding upon completion. However, the exact amount cannot be identified at this time since the projects are still active and agreements are in place.

The City expects partners to leverage CDBG funding to the fullest extent possible to implement robust programs that will help further the needs of area residents.

Annual Goals and Objectives

AP-20 Annual Goals and Objectives

Goals Summary Information:

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Public Facilities and Infrastructure Improvements	2022	2026	Non-Housing Community Development	Meridian Citywide	Create a Suitable Living Environment	CDBG: \$193,467	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit: 200 Persons Assisted

4	Program Administration	2022	2026	Affordable Housing Public Housing Homeless Non-Homeless Special Needs Non-Housing Community Development	Meridian Citywide	Provide Decent Housing Create a Suitable Living Environment Expand Opportunities for LMI Persons	CDBG: \$57,500	n/a

Table 6 – Goals Summary

Goal Descriptions:

1	Goal Name	Public Facilities and Infrastructure Improvements
	Goal Description	Public Facilities and Improvements are publicly-owned facilities and infrastructure such as streets, playgrounds, underground utilities, and buildings owned by non-profits open to the general public. Safe and accessible infrastructure is essential to the quality of life and building communities that support community diversity and stability. In general, public facilities and public improvements are interpreted to include all facilities and improvements that are publicly owned or owned by a nonprofit and open to the general public. Acquisition, construction, reconstruction, rehabilitation, and installation of public facilities and improvements are eligible activities. Meridian's goal to improve and expand public facilities may include, but is not limited to: • ADA Improvements • Senior Centers • Homeless and Domestic Violence Facilities • Neighborhood Facilities • Health Facilities • Sidewalks
2	Goal Name	Public Services
	Goal Description	Public services are an integral part of a comprehensive community development strategy. Public Service activities provide for a wide range of activities that address needs in the community provided for the target population. Public services can strengthen communities by addressing the needs of specific populations. They can address a range of individual needs and increase CDBG dollars' impact by complementing other activities. The City of Meridian may allocate up to 15% of CDBG funds to public services programs that provide supportive services for low- to moderate-income persons or prevent homelessness. In general, these services are provided by local non-profit partners. This funding is capped at 15% of the CDBG entitlement plus program income. Meridian's goal to improve and provide public services may include, but is not limited to: • Child care • Health services • Behavioral health services • Services for homeless persons • Services for seniors • Welfare services (excluding income payments)

3	Goal Name	Housing
	Goal Description	The City prioritized goals and objectives for using CDBG funding to strategically and effectively benefit low- and moderate-income residents by increasing access to decent housing and creating a suitable living environment while expanding economic opportunities for LMI persons. Meridian is committed to improving and expanding access to safe and affordable housing for low- and moderate-income (LMI) residents. Affordable and safe housing helps to provide financial stability, reduces the chances of a person becoming homeless, and promotes housing sustainability. Meridian's projects to improve housing sustainability may include, but are not limited to: • Homeownership Assistance • Rehabilitation (single-unit residential and/or multi-family residential) • Energy efficiency improvements • Acquisition • The administrative cost for rehabilitation activities • Lead-based paint testing/abatement • Housing counseling
4	Goal Name	Program Administration
	Goal Description	Program Administrative funds will pay reasonable program administrative costs and carrying charges related to the planning and execution of community development activities. Administering federal funds and ensuring compliance is critical for utilizing Federal resources. Meridian is committed to using CDBG entitlement funding for administration to help to continue growing a community development program that is efficient, effective, and resourceful. Meridian may have administration projects that include, but are not limited to: • General management, oversight, and coordination • Providing local officials and citizens with information about the CDBG program • Preparing budgets and schedules • Preparing reports and other HUD-required documents • Program planning • Public Information • Monitoring program activities • Fair Housing activities • Indirect costs • Submission of applications for Federal programs

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b).

The only activity that will provide decent housing this year is homeowner repair. We estimate that 8 households with an income at or below 80% of the Area Median Income (AMI) will be assisted under this project. Meridian does not specify that participants must be categorized separately as extremely low-income, low-income, or moderate-income to qualify; therefore, there is no anticipated breakdown of these categories.

This approach aligns with HOME 91.215(b) by addressing the overall affordable housing needs identified during the Consolidated Planning process. The city's subrecipient conducts an eligibility review to ensure that housing projects meet the priorities outlined in the housing market analysis. These priorities are used to identify and select activities that address the needs of households earning at or below 80% of the AMI, fulfilling the requirement to provide affordable housing as defined by HOME regulations. This process ensures that selected activities are in line with the goals and priorities established to support affordable housing for eligible households.

Projects

AP-35 Projects

24 CFR 91.220(d)

Introduction:

The City has allocated funds from the Community Development Block Grant (CDBG) program to support projects that align with the priority needs and goals outlined in the 2022-2026 Con Plan. The Con Plan serves as a comprehensive strategy for addressing community development and affordable housing needs within the jurisdiction. By allocating CDBG funds to these projects, the City aims to effectively address the identified priorities and work towards achieving its long-term goals for community development and housing.

Projects:

#	Project Name
1	PY25 Public Services
2	PY25 Housing
3	PY25 LMA Walkability
4	PY25 Program Coordination and Management

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs:

The Federal CDBG funds are intended to provide low- and moderate-income households with viable communities, including decent housing, a suitable living environment, and extended economic opportunities. Eligible activities include housing rehabilitation and preservation, homeownership opportunities, public services, community infrastructure improvements, planning, and administration.

The system for establishing the priority for the selection of these projects is predicated upon the following criteria:

- Meeting the statutory requirements of the CDBG program;
- Meeting the needs of low- and moderate-income residents;
- Coordination and leveraging of resources;
- Response to expressed community needs;
- Sustainability and/or long-term impact; and
- The ability to demonstrate measurable progress and success.

The primary obstacles to meeting underserved needs are the limited resources available to address identified priorities. The City of Meridian will partner with other public agencies and nonprofit organizations, when feasible, to leverage resources and maximize outcomes in housing and community development. In the end, the need far exceeds the funding available from all sources combined.

AP-38 Project Summary

Project Summary Information:

1	Project Name	PY25 Public Services
	Target Area	Meridian Citywide
	Goals Supported	Public Services
	Needs Addressed	Expand Opportunities for LMI Persons
	Funding	CDBG: \$78,483
	Description	The City uses CDBG funds to support programs that help residents stay housed and meet basic needs. These services reduce financial stress so people can put more of their income toward housing costs. This year, the funded programs will provide short-term assistance to households at risk of eviction and offer affordable childcare options for families. These services help prevent housing instability, support working parents, and ease the burden of essential expenses for low- to moderate-income residents in Meridian.
	Target Date	9/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	The public service activities are expected to benefit a total of approximately 130 individuals in Meridian. Jesse Tree's Emergency Rental Assistance Program is expected to serve 22 households, totaling about 65 individuals. These households are typically low-income renters at risk of eviction, including individuals and families with children. Boys & Girls Clubs of Ada County Scholarship Program is expected to serve 65 children and youth from low-income families, helping working parents maintain stable employment by providing affordable after-school and summer care. Together, these programs will support a mix of individuals and families, with a focus on those experiencing housing instability or needing assistance with basic needs.
	Location Description	Services will be provided at multiple Boys & Girls Club locations serving Meridian residents. Jesse Tree will provide assistance through a combination of in-person meetings in the community, at their office, and virtual appointments, depending on the needs and preferences of the household.
	Planned Activities	The City of Meridian will fund two public service programs aimed at promoting housing stability and meeting basic needs for low- to moderate-income residents. Jesse Tree's Emergency Rental Assistance Program (05Q Subsistence Payments) provides short-term financial assistance and case management to help individuals and families remain housed and avoid eviction. Boys & Girls Clubs of Ada County Scholarship Program (05L Child Care Services) offers scholarships that allow children from low-income families to attend after-school and summer programs, supporting working parents and reducing childcare costs.
2	Project Name	PY25 Housing

	Target Area	Meridian Citywide
	Goals Supported	Housing
	Needs Addressed	Provide Decent Housing
	Funding	CDBG: \$193,868
	Description	The Housing project focuses on increasing housing stability for low- and moderate-income residents by supporting activities that preserve, improve, or expand affordable housing options. This includes funding repairs, rehabilitation, and homeownership assistance to ensure safe, decent, and affordable housing. The project also emphasizes helping residents, including seniors, to age in place by maintaining homes that remain affordable and accessible over time. By addressing housing quality and affordability, the project helps residents maintain stable homes, avoid displacement, and live independently in their communities.
	Target Date	9/30/2026
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 8 low- to moderate-income families will benefit from the housing activities.
	Location Description	Applications are available online, and housing activities will be completed at the beneficiaries' homes within the Meridian area. Beneficiaries can request assistance with the online application by phone or email.
3	Planned Activities	The City will fund one housing program aimed at preserving safe, affordable, and accessible housing for low- and moderate-income residents. Neighborhood Housing Services, Inc. dba NeighborWorks® Boise Homeowner Repair Program (14A Rehabilitation; Single-Unit Residential and 14H Rehabilitation Administration) improves weatherization, accessibility, energy efficiency, and visitability of low- and moderate-income Meridian residents' existing homes, making them safer and more financially sustainable.
	Project Name	PY25 Better Walkways
	Target Area	Meridian Citywide
	Goals Supported	Public Facilities and Infrastructure Improvements
	Needs Addressed	Create a Suitable Living Environment
	Funding	CDBG: \$193,867

	Description	The Better Walkways project focuses on improving pedestrian safety, accessibility, and connectivity in low- and moderate-income neighborhoods. A Low- and Moderate-Income Area (LMA) Walkability Study was conducted to identify key barriers and prioritize infrastructure improvements. All public improvement funds for the 2022–2026 Consolidated Plan will be directed toward projects identified in this study. Improvements may include sidewalks, crosswalks, lighting, and curb ramps to create safer routes for residents to access schools, food, necessary services, and public transportation. These enhancements support healthier lifestyles, reduce transportation barriers, and strengthen connections within the community.
	Target Date	9/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	This project is expected to benefit approximately 200 low- and moderate-income households. These improvements will enhance safety and access for families with children, seniors, individuals with disabilities, and others who rely on walking as a primary mode of transportation.
	Location Description	This project will take place in low- and moderate-income neighborhoods identified through the LMA Walkability Study, primarily located near Meridian’s downtown core. The primary project for this year is located near Meridian Middle School, with secondary projects planned near Cole Valley Christian School and Chief Joseph Elementary School. These areas were prioritized for pedestrian safety improvements due to their proximity to schools, essential services, and transit access.
	Planned Activities	The Better Walkways project will implement pedestrian infrastructure improvements identified in the LMA Walkability Study. The primary project is located along NW 7th Street from Cherry Lane to W. Carlton Avenue, with Phase 1 funded in PY24 and additional funding planned to complete remaining phases. Improvements may include sidewalks, curb ramps, lighting, and other safety features. Alternate projects include a range of pedestrian enhancements: • E. Badley Avenue near NE 2½ Street and E. 3rd Street, with potential connections along NW 2½ Street between Badley and Washington. • E. Washington Avenue between NE 2½ Street and NE 4th Street. • A new pedestrian path over the Jackson Drain to connect Fairview Terrace Estates Mobile Home Park with Chief Joseph Elementary School, improving safe access to school for children and families in the area.
4	Project Name	PY25 Program Coordination and Management
	Target Area	Meridian Citywide
	Goals Supported	Program Administration
	Needs Addressed	Provide Decent Housing Create a Suitable Living Environment Expand Opportunities for LMI Persons
	Funding	CDBG: \$57,000

Description	The Program Coordination and Management project supports the effective management, oversight, and compliance of the City of Meridian’s Community Development Block Grant (CDBG) program. This includes planning, reporting, monitoring, and working closely with subrecipients, federal partners, community members, and stakeholders to ensure program requirements are met and the community’s needs are addressed with transparency. In addition, the City will carry out activities to promote fair housing, which may include public education, outreach, and partnerships with local organizations. These efforts help to affirmatively further fair housing and reduce barriers to housing choice for Meridian residents.
Target Date	9/30/2026
Estimate the number and type of families that will benefit from the proposed activities	n/a
Location Description	Staff are available to assist in person at Meridian City Hall, by phone, email, or through the City’s website.
Planned Activities	General administration, program planning, monitoring, reporting, and activities to promote fair housing through education, outreach, and partnerships.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed:

The Action Plan does not target specific geographic areas within the jurisdiction. Funds are distributed to maximize impact across different areas, as the City does not have a concentrated low- to moderate-income neighborhood. Some projects may focus on these areas, but they are not part of a larger reinvestment initiative or Revitalization Strategy Area (NRSA). The goal is to address the needs of low- to moderate-income residents community-wide. By distributing resources broadly, the City of Meridian promotes equitable development and improves the well-being of all residents.

Geographic Distribution:

Target Area	Percentage of Funds
Meridian Citywide	100

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically:

The City did not identify a geographic target area as a basis for funding allocation priorities. Goals and projects are not limited to a specific area within the City.

Discussion:

All projects supported with CDBG funds are within the Meridian City limits. The projects listed in the Action Plan will benefit low- and moderate-income residents throughout the City of Meridian.

Affordable Housing

AP-55 Affordable Housing

24 CFR 91.220(g)

Introduction:

While lower-income homeowners may not undertake improvements annually, those who do typically devote a significant share of their incomes to these projects. In 2023, homeowners in the bottom income quartile spent about 12% of their incomes on remodeling projects, nearly three times the share of owners in the top income quartile and roughly twice the average share for all homeowners. Consequently, lowest-income homeowners have contributed about 8-10% of all national home improvement spending in recent years ([TheMReport](#)) ([Today's Homeowner](#)) ([Today's Homeowner](#)).

These homeowners, often living in older homes, spent significantly more on replacement projects (51%) compared to those in the top income quartile (40%). Conversely, lowest-income owners allocated a smaller portion of their budgets to kitchen and bath remodels and additions (22%) than top quartile owners (36%) ([Today's Homeowner](#)).

Given that national spending on replacement projects tends to be more stable than on discretionary projects, the expenditures by lower-income homeowners have also remained more stable over the remodeling cycle. This stability in spending helps maintain a balance in the home improvement market, but it also highlights the disparity between the housing conditions of the highest- and lowest-income households ([Today's Homeowner](#)) ([Today's Homeowner](#)).

During PY25, the City of Meridian will support the maintenance of affordable housing for low- to moderate-income residents. The city focuses on homeowner rehabilitation programs as a key strategy to help eligible residents maintain stable housing.

One Year Goals for the Number of Households to be Supported	
Homeless	0
Non-Homeless	8
Special-Needs	0
Total	8

Table 5 - One Year Goals for Affordable Housing by Support Requirement

Rental Assistance	0
The Production of New Units	0
Rehab of Existing Units	8
Acquisition of Existing Units	0
Total	8

Table 6 - One Year Goals for Affordable Housing by Support Type

Discussion:

Meridian's approach to affordable housing aligns with the definition of affordable homeownership specified in §92.254. While the city currently does not fund homeownership activities, its funding focuses on ensuring that any homebuyer assistance activities meet the definition of affordable homeownership.

Meridian is not currently funding any rental activities as part of its Affordable Housing Goals. Instead, the city promotes affordable housing through its homeowner repair program. This program aims to assist homeowners in maintaining their homes, ensuring they remain stably housed in affordable housing. By providing resources for home repairs and improvements, the city helps homeowners address critical issues and preserve housing affordability.

Through its homeowner repair programs, Meridian aims to promote stable housing conditions and affordability for low- to moderate-income residents. These efforts contribute to creating a sustainable and inclusive community where residents can thrive and maintain affordable housing options.

AP-60 Public Housing

24 CFR 91.220(h)

Introduction:

The Ada County Housing Authority (ACHA) does not currently operate any public housing units within Meridian; however, it does administer the Housing Choice Voucher (HCV), also referred to as the Section 8 program, in that area. Serving approximately 2,251 low-income households throughout Ada County, equating to around 9% of Meridian households, this program enables participants to select rental units meeting program requirements within the county. Following identification of a suitable rental unit, tenants contribute a portion of the rent based on their income, while ACHA provides the rental subsidy directly to the landlord.

Actions planned during the next year to address the needs to public housing:

In 2024, ACHA opened the Housing Choice Voucher (HCV) waiting list and selected 2,500 households through a randomized lottery. Priority was given to elderly households, individuals with disabilities, families with children, and those transitioning from rapid rehousing or transitional housing programs for people experiencing homelessness.

However, due to inadequate federal appropriations and a HUD funding shortfall, ACHA was unable to issue any new vouchers over the past year. The agency's renewal funding allocation did not support full leasing levels, requiring a temporary pause in voucher issuance to prevent overextending available resources. As we await final appropriations for FY 2025, ACHA is actively updating records and verifying eligibility for families on the waiting list. While we have cautiously resumed voucher issuance, we remain conservative to avoid issuing more than funding can support.

Given the uncertainty of future federal funding, ACHA is also developing contingency plans to prepare for a range of possible funding scenarios. Despite these constraints, ACHA remains committed to its mission of providing safe, affordable housing and continues to pursue every opportunity to expand access for low-income individuals and families in our community.

ACHA continues to provide quality housing that is affordable to the low, very low, and extremely low-income households. Strategies pursued by the ACHA as outlined in the 5-year PHA plan continue to be successful and allows the authority to meet their mission to promote adequate and affordable housing, economic opportunities, and a suitable living environment free from discrimination.

The organization's strategic goals are:

1. Expand the Supply of Assisted Housing
2. Improve the Quality of Assisted Housing
3. Operate at a High Level of Efficiency
4. Promote Self-Sufficiency and Asset Development of Assisted Households
5. Ensure Equal Opportunity and Affirmatively Further Fair Housing

Actions to encourage public housing residents to become more involved in management and participate in homeownership:

ACHA actively encourages public housing residents to participate in management through its Resident Advisory Board (RAB) meetings. These meetings provide residents with opportunities to give input on annual policy updates and modernization projects funded by the Capital Fund Grant Program.

Although ACHA values homeownership as an important path to long-term stability and self-sufficiency, our homeownership program has seen limited activity in recent years. This is mainly due to economic and structural challenges within our community. Rising home prices over the past several years have created significant barriers for low-income households trying to enter the housing market. Even with financial counseling and assistance programs, many eligible residents struggle to secure mortgage financing or find homes they can afford.

While homeownership is not yet common among our residents, ACHA remains committed to laying the foundation for their long-term success. We continue to explore innovative strategies to expand affordable homeownership opportunities and ensure that resident voices are central to our planning and decision-making.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance:

ACHA is not designated as a troubled PHA.

Discussion:

The City does not own or manage any public housing and relies on ACHA to provide those services to the community. The City works with ACHA on various initiatives to coordinate and promote services and resources to the community.

AP-65 Homeless and Other Special Needs Activities

24 CFR 91.220(i)

Introduction:

The City coordinates with the Boise City/Ada County Continuum of Care (CoC) to identify the strategies to address needs of those who are at risk of or currently experiencing homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs:

The City intends to continue to work with its partners to identify, understand, and support those experiencing homelessness (especially persons experiencing unsheltered homelessness) or at risk of homelessness with special needs in Meridian.

- **Continuum of Care Member** - The City of Meridian is a member of the Continuum of Care (CoC). The City has committed to better understanding the needs that Meridian residents who are currently or at risk of experiencing homelessness face and how to serve them better.
- **Community Collaboration** - City representatives are frequently involved in public discussions, presentations, and meetings with citizens, other government officials, and local service providers, including West Ada School District, Jesse Tree, and CATCH. This collaboration helps the community provide support, understanding, and outreach to those experiencing homelessness in Meridian.
- **Homeless Management Information System** - In previous years, the City worked with the CoC to add data points to the CoC's Homeless Management Information System (HMIS) to enable the City to determine how many Meridian residents are experiencing homelessness and the reasons for their housing crisis. The City is committed to serving the individual needs of Meridian's homeless population, as identified by the CoC and local organizations.
- **Point-in-Time Count** - The City has also worked with the CoC to conduct the annual Point-in-Time Count, which helps determine the number of people experiencing homelessness on a given day. This information allows the City to understand the level of homelessness in Meridian and develop a program that better serves those in need. The City will continue to assist with this process in upcoming years.
- **Emergency Rental Assistance** - Meridian's Action Plan includes funding for Emergency Rental Assistance. This program provides financial support to help residents at risk of homelessness remain in their stable housing.
- **PREVENT Committee** – The City is a member of this workgroup that focuses on ways to maximize resources we currently have for prevention efforts, and build out new ways of supporting our most vulnerable residents.
- **FUND Committee** – The City participates in this workgroup that aims to increase funding to match the scale of local need.

Addressing the emergency shelter and transitional housing needs of homeless persons:

While there are emergency shelter and transitional housing facilities located in other nearby cities in the Treasure Valley, none of these facilities are located within City of Meridian. The City has prioritized funding homelessness prevention to mitigate the need for these services, but also works with the CoC to assist Meridian residents who need emergency shelter. The City encourages agencies who provide these services to apply for CDBG funding, but there were no applications during the current year for projects directly related to

emergency shelters or transitional housing projects. All services to be funded are available to those who qualify.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again:

Meridian recognizes the importance of addressing homelessness and supporting individuals and families in making the transition to permanent housing and independent living. The City has implemented several initiatives and partnered with various organizations to achieve these goals.

One of the key partnerships is with NeighborWorks Boise, which receives funding from the City to assist low- and moderate-income Meridian residents with homeowner repairs. This support helps individuals and families remain in housing they can afford, thereby preventing homelessness and promoting housing stability.

The City also collaborates with Jesse Tree, a local organization that provides rental and case management services to individuals and families experiencing homelessness or at risk of homelessness in Meridian. These services aim to prevent homelessness and address the immediate needs of those currently without housing.

Meridian has established partnerships with committees, organizations, and networks involved in evaluating, understanding, and addressing the needs of individuals experiencing homelessness. These include local law enforcement agencies, neighboring cities, service providers like the Women's and Children's Alliance, Boys & Girls Clubs, school districts, food banks, and many others. Through these partnerships, the City works to coordinate efforts, share resources, and implement comprehensive approaches to address homelessness in Meridian.

The City's collaboration with CATCH (Charitable Assistance to Community's Homeless) and the Continuum of Care (CoC) is particularly significant. These partnerships aim to support local service providers in assisting individuals and families experiencing homelessness, with a focus on shortening the duration of homelessness and facilitating the transition to permanent housing and independent living.

Meridian's relationships with the Ada County Housing Authority (ACHA), CATCH, and Jesse Tree are instrumental in creating access to affordable housing units for individuals and families experiencing homelessness. The City works with these organizations to develop activities and programs that not only provide housing options but also prevent individuals and families from becoming homeless in the first place.

Overall, through collaboration, partnerships, and targeted initiatives, Meridian is committed to addressing homelessness, supporting homeless individuals and families, and ensuring access to affordable housing, with the aim of facilitating the transition to permanent housing and preventing future instances of homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs:

Meridian recognizes the importance of preventing homelessness, particularly among low-income individuals and families, including those who are at high risk due to various circumstances. The City is actively engaged in partnerships and collaborations to address these needs and provide support.

Meridian participates in the Continuum of Care (CoC), which consists of representatives from organizations such as the Ada County Housing Authority (ACHA), Health and Welfare, mental health service providers, law enforcement, and correctional agencies. The CoC plays a critical role in coordinating efforts, collecting and reviewing data, and prioritizing strategies based on input from service providers. The coordinated entry process ensures that individuals and families across Ada County have access to necessary services and support. Regular case conferencing is conducted to discuss individual cases and develop appropriate interventions.

To further support individuals and families at risk of homelessness, the City provides funding to Jesse Tree. This partnership aims to keep families, individuals, and children who are at risk of eviction stably housed, ensuring they maintain housing stability and avoid homelessness. Meridian also collaborates with other organizations such as the West Ada School District to assess needs and provide appropriate services to individuals and families facing the risk of homelessness.

Through its involvement in the CoC and partnerships with organizations like Jesse Tree and the West Ada School District, Meridian is actively working to prevent individuals and families, especially those with low income and those transitioning from institutions, from experiencing homelessness. These efforts involve assessing needs, coordinating services, and providing financial assistance to ensure stable housing and access to support services.

Discussion:

The City of Meridian recognizes the importance of addressing the housing and supportive service needs of non-homeless special needs persons, including the elderly, frail elderly, persons with disabilities, individuals with HIV/AIDS, and public housing residents. While the primary focus of the Community Development Block Grant (CDBG) program is housing stability for low- and moderate-income (LMI) residents, the City has implemented various actions to support these specific populations.

One area of focus is the provision of youth scholarships for childcare. This program helps low-income families, including those with special needs children, by offering financial assistance for childcare services. Access to affordable and quality childcare not only supports working parents but also promotes the well-being and development of children.

Additionally, the City is committed to improving walkability in low- to moderate-income neighborhoods. This includes infrastructure enhancements such as sidewalks, pedestrian pathways, and other amenities that make it easier for residents, including those with disabilities or mobility challenges, to navigate their communities. These improvements contribute to creating inclusive and accessible neighborhoods for all residents, including the elderly and individuals with disabilities.

Through these actions, the City of Meridian demonstrates its commitment to addressing the housing and supportive service needs of non-homeless special needs persons. By focusing on crisis services for victims of interpersonal violence, youth scholarships for childcare, and walkability improvements in low- to moderate-income neighborhoods, the City strives to enhance the overall well-being and quality of life for these individuals and families in the community, regardless of their housing status.

AP-75 Barriers to affordable housing

24 CFR 91.220(j)

Introduction:

Housing prices continue to rise, severely impacting the availability of affordable housing in the United States. According to Brian Montgomery, Federal Housing Administration commissioner and assistant secretary for housing, constraints on housing not only reduce the supply of affordable housing but also increase the number of households that are cost-burdened, spending more than 30 percent of their income on rent.

Land-use policies and zoning regulations constrain the supply of affordable housing. Density limits, height restrictions, parking requirements, lengthy permitting and approval processes, and community opposition all contribute to increased housing prices.

Many local planning procedures currently in place enable community opposition that stalls housing production. Reshaping local regulations allows jurisdictions to make a lasting impact on the supply of affordable housing.

HUD, PD&R Edge, *"Regulatory Barriers and Affordable Housing Quarterly Update"*

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment:

To remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing, the City of Meridian has implemented several actions.

Through its redevelopment plan for downtown, known as Destination Downtown, the City is actively working towards creating more diverse housing types. This includes apartments, townhomes, condominiums, duplexes, and single-family homes to cater to different housing needs and life cycles. By promoting a healthy mix of housing options, the City aims to attract residents and support new businesses, ensuring a vibrant and active downtown area.

The City has also facilitated multiple Requests for Proposals (RFPs) for publicly-owned properties in downtown Meridian. During this process, priority has been given to proposals that focus on developing mixed-use and high-density housing. By encouraging such development, the City aims to increase housing options and address the shortage of affordable housing in the area.

As part of these efforts, one awarded project, Downtown Lofts, will contribute to affordable housing in downtown Meridian. The project includes the dedication of six units specifically for participants of the local organization CATCH, which provides housing assistance to individuals and families experiencing homelessness or at risk of homelessness.

Through these actions, the City of Meridian is actively working to remove barriers to affordable housing by promoting diverse housing options, facilitating the development of mixed-use and high-density housing, and ensuring the inclusion of affordable units in new projects. These initiatives aim to create a more inclusive and accessible housing market while addressing the negative effects of public policies that may hinder the availability and affordability of housing in the community.

Discussion:

The City will continue to identify areas to reduce barriers to affordable housing.

AP-85 Other Actions

24 CFR 91.220(k)

Introduction:

The City of Meridian is involved in several efforts to address the needs of the underserved and promote efforts to coordinate the many components related to housing, suitable living environments, and promoting safer living environments.

Actions planned to address obstacles to meeting underserved needs:

The City's planned actions to address obstacles to meeting underserved needs demonstrate a proactive approach to improving the well-being of its residents and reducing disparities.

Engaging in conversations with neighboring communities and service providers is a valuable step in identifying and addressing underserved needs. By collaborating and sharing information, the City can gain a comprehensive understanding of the challenges faced by its residents and work towards effective solutions. This approach also fosters regional cooperation and allows for a more holistic approach to addressing community needs.

Allocating funding to provide housing stability for those at risk of homelessness and extended care programs for youth reflects the City's commitment to preventing homelessness and creating supportive environments. By investing in these initiatives, the City aims to address immediate challenges and provide individuals and families with the necessary resources and support to maintain stable housing and improve their quality of life.

Expanding relationships with private providers, developers, and social services providers is another key action to reduce obstacles to achieving decent housing, a suitable living environment, and expanded economic opportunities. Building strong partnerships with these stakeholders can facilitate the development of affordable housing projects, encourage the provision of necessary services, and foster community-driven solutions to address unmet needs.

By implementing these planned actions, the City of Meridian aims to address obstacles, reduce disparities, and ensure that all residents have access to affordable housing, supportive services, and economic opportunities.

Actions planned to foster and maintain affordable housing:

The City intends to continue to partner with local service providers that will assist in fostering and maintaining affordable housing.

Projects funded during the current year will provide:

- Emergency assistance to families who are at risk of eviction and homelessness;
- Assistance for homeowners to make necessary improvements to maintain their current housing; and,
- Scholarships for children to participate in extended care programs so their caregivers can work.

Additionally, the City will be working with service providers that focus on providing stability to those with mental health and/or substance use disorders to allow them to gain or maintain affordable housing with

access to care coordination. The City will also explore additional partnerships with mission-driven and private developers to bring more workforce housing into downtown and underutilized land parcels.

The City is working to develop workforce housing and opportunities for residents to increase their income to foster and maintain affordable housing.

Actions planned to reduce lead-based paint hazards:

Meridian's CDBG projects, which require lead-based paint actions, are generally limited to housing rehabilitation.

The Lead-Safe Housing Rule (LSHR) process involves the following areas: notification, lead hazard evaluation, lead hazard reduction, and clearance. CDBG housing rehabilitation projects do not require ongoing lead-based paint maintenance. Lead-based paint activities apply to all homes built before 1978.

Meridian has written policies and procedures for all programs required to comply with the HUD lead-safe housing rule (LSHR). Additionally, the City requires lead-based paint policies and procedures with any partners who may administer these programs on the City's behalf. Contractors in the housing rehabilitation program have lead-based paint requirements integrated into their contract for services with the homeowner.

Actions planned to reduce the number of poverty-level families:

The objectives of the CDBG program are to address the needs of low to moderate-income residents in Meridian. Generally, the CDBG-funded programs in the current Action Plan work toward this end, whether through direct service delivery through contracted subrecipients or infrastructure improvements to reduce blight and address accessibility issues.

In addition to the programs, the City has developed many partnerships with service providers, non-profits, state agencies, and other entities to address issues affecting poverty.

Actions planned to develop institutional structure:

In recent years the City made the CDBG Administrator position a full-time position and changed the position title to Community Development Program Coordinator. This position is now funded out of the City's general fund. This institutional change is designed to provide more time to effectively manage the CDBG program and provide flexibility for the position to expand efforts into economic and other areas that can help meet the community development needs of the City.

Staff will continue to work to attain relevant and appropriate professional development training during the program year to learn and address current and future institutional problems. Discussions will continue about the expansion and opportunities to add new program staff to assist in this community development work.

The City was involved in the institutional restructuring of the CoC and the implementation of new HMIS and Coordinated Entry standards for service providers in the County. These activities have altered the institutional framework of housing and other service providers in the region and have improved the efficiency and transparency of the collaborative work to address these needs. The City hopes to identify new institutional structures that can be developed, reformed, or changed to better support those most at risk in the region.

Actions planned to enhance coordination between public and private housing and social service agencies:

City staff will continue to work with the CoC to identify ways to enhance coordination between public and private housing and social service agencies. As in many communities, there is not enough funding to provide the necessary level of services, so the CoC plans to identify a way of coordinating services that are available and reducing duplication of services for a more effective use of funding. Multiple methods will be explored including phone apps and enhancing services that are already available.

The City's partnership and funding relationship with local housing service organizations including NeighborWorks Boise, Jesse Tree, and Ada County Housing Authority will continue to expand in this program year. In addition, coordination with other organizations like CATCH, Boise Rescue Mission, Interfaith Sanctuary, Terry Reilley, El-Ada Community Action, Jannus, Idaho Office for Refugees, Agency for New Americans, Women's and Children's Alliance, and all members associated with the local CoC (including private housing developers) will continue to be built upon to improve networks, coordination, and problem solving in the jurisdiction.

Meridian's participation in the local CoC, housing and homelessness roundtables, and other regional coordination efforts outlines the City's continued action plan for enhancing the networking and coordination between public and private housing and social service agencies.

Discussion:

The City intends to fund multiple projects that will improve access to affordable housing and suitable living environments for Meridian residents. Staff will be working with subrecipients to identify barriers within their programs and find ways to address them to provide more effective services. Staff will also identify ways to improve and expand Meridian's CDBG Program for future years.

Program Specific Requirements

AP-90 Program Specific Requirements

24 CFR 91.220(l)(1,2,4)

Introduction:

The City is in compliance with the program-specific requirements outlined in 24 CFR 91.220(l)(1), (2), and (4) for the Community Development Block Grant (CDBG) Program. The Projects Table identifies the planned use of all CDBG funds, including program income and other funding sources.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(l)(1):

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements:

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

The City's certification period includes program years 2024, 2025, and 2026. Outside of admin and fair housing, the City will allocate all funding for the current year to LMI projects. The City commits to meet the 70% LMI benefit requirement of the federal CDBG program over the span of that three-year certification period.

LEGAL NOTICE

**CITY OF MERIDIAN
NOTICE OF PUBLIC PRESENTATION
Regarding Meridian's Community Development Block
Grant (CDBG) Program**

This Notice can be provided in a format accessible to persons with limited English proficiency upon request. Contact Crystal Campbell at ccampbell@meridiancity.org for assistance.

Se le puede proveer esta notificación en un formato accesible para las personas con conocimientos limitados del inglés a pedido. Comuníquese con Crystal Campbell en ccampbell@meridiancity.org para obtener ayuda.

ALL CITIZENS ARE INVITED to attend a public hearing on Tuesday, March 25, 2025 at 6:00 P.M. regarding the investment of CDBG funds in the Meridian community. Participants can attend in person at Meridian City Hall or virtually at <https://meridiancity.org/live>.

The City of Meridian is designated an Entitlement Community by the U.S. Department of Housing and Urban Development (HUD). This designation allows the City to receive funds annually from HUD's Community Development Block Grant (CDBG) Program. The City anticipates that it will receive an allocation of \$482,362 on October 1, 2025. In order to receive these funds, the City must submit an Annual Action Plan to HUD identifying the projects the City will undertake to meet the goals identified in the 2022-2026 Consolidated Plan that will benefit low and moderate income residents in the upcoming year. The Consolidated Plan goals address public facility and infrastructure improvements, housing, and public services.

All citizens may provide testimony. Copies of the Consolidated Plan goals and priorities are available on the City's CDBG website: <http://www.meridiancity.org/cdbg>. Special invitation is extended to persons with disabilities, residents of assisted housing, and Meridian business and property owners. Meridian City Hall is a handicapped accessible facility.

If you require accommodations related to physical, visual or hearing impairments or if you require language interpretation, please contact the City Clerk at (208) 888-4433.

Si requieren adaptaciones relacionadas con impedimentos físicos, visuales o auditivos o si requieren interpretación de idiomas, comuníquese con el Vendedor de Ciudad al (208) 888-4433.

Draft Action Plan

Public Comments

Public feedback regarding the draft Action Plan and the designated projects was collected during the public comment period from May 29 to July 8, 2025 and during the public hearings held on June 3, 2025 and July 8, 2025. The City accepted comments via testimony at public hearings, phone calls, emails, or by completing a survey that asked questions about the value of the identified projects.

The survey was completed by 20 participants that identified as either a Meridian resident or someone who works with Meridian residents. There was one (1) additional response from a person not connected to Meridian, these responses were not included in the feedback. Below are the results of the survey and comments received from all methods.

Meeting the Needs of the Community

Figure 1: Proposed projects address the current needs of the community.

ID	Name	Responses
1	anonymous	I definitely appreciate all of the proposed projects but will also like to see traffic congestion addressed.
2	anonymous	All of these are needs in our community. I am so grateful for the assistance regarding childcare
3	anonymous	Caring for people that need our help is the right thing to do.
4	anonymous	I moved her 6 years ago. I use a mobility scooter to get around and a walker for getting in and out of places like restaurants. Coming from the very old Detroit Metro Area, I was shocked how terrible the accessibility is here compared to very very old business area in my old neighborhood. It is a difficult area to visit many businesses due to extreme curbing and ADA parking spots with ramps a great distance from the doors. It is not very welcoming for sure. I also find getting around on the sidewalks is either excellent or non-existent. It all needs modifications and better planning. My

ID	Name	Responses
		point: Find a few people with significant physical limitations and get them involved. If you want to do it right, ask the experts. That would be the people living with these challenges. Contact our LINC for support. I also feel this area lacks inspection on ADA areas so they are not properly maintained.
5	anonymous	All recipients of funding benefits must be US citizens- not DACA, not illegals, nor participants in Habitat for Humanity. Define "during emergencies." Is this an emergency due to a fire or a pseudo emergency caused by a boyfriend losing a job? I oppose the pseudo mental emergencies. For child care scholarships, should be toed to only those with full time employment, not part time or for homeschooled kids. Sidewalk & lighting improvement makes sense. Home repairs should be limited to those home in which residents are at least 60 years old, are US citizens, did not obtain the home from Habitat for Humanity and/or have at least one adult working full time. Priority should be veterans for any and all such benefits.
6	anonymous	Sidewalks should be done by achd
7	anonymous	We need more affordable housing, and this project doesn't really address that.
8	anonymous	While helpful, Jesse Tree seems more reactive to a greater problem-high cost rentals...it's more of a band aid rather than a move to help the greater problem.
9	anonymous	A lot of people don't know about these programs. Increasing awareness would be a good next step
10	anonymous	All four projects address pressing needs in Meridian.
11	anonymous	Every project benefits the broader Meridian community because it ensures a safety net exists for Meridian residents through difficult periods of time. When an individual faces a hardship, a risk exists to compound that hardship into other areas of life. For example, if I lose my job in a recession and get no assistance, I could also lose my home through defaulted mortgage payments, have my power shut off through missed utility payments, or even lose my children for lack of providing for their basic needs. Assistance through this hardship ensures I can meet my other obligations and recover from the hardship and be better off than before, improving economic stability and growth over the long term. Each of us at some point or another will fall upon some level of hardship, so providing support and assistance to others is insurance against

ID	Name	Responses
		our future needs and is simply what makes a place more than just a place; it makes it a community.
12	anonymous	I had requested a new roof and to my surprise I was also eligible for window replacement too.
13	anonymous	The proposed projects prioritize the needs of residents of Meridian!
14	anonymous	Childcare Scholarships for the Boys & Girls Club provide valuable support to working families (ours included), as the cost of childcare elsewhere has skyrocketed and made it unaffordable for some parents to work. This is a critical need that is being met in a positive environment for our children in Meridian!
15	anonymous	The boys and girls club scholarship allows me to work and provide for my family during the summer months
16	anonymous	We utilize the childcare scholarship, without it, as a single parent, I'm not sure what I would do. With this scholarship I am able to continue my full time job and know that my child is safe and engaged in age appropriate activities.

Figure 2: Comments on the projects meeting the needs of the community.

Emergency Rental Assistance

Figure 3: Importance of emergency rental assistance to maintain housing stability.

ID	Name	Responses
1	anonymous	I am not familiar with the project. It sounds like a worthy way to expend the funds.
2	anonymous	Absolutely. We need to provide for immediate needs while also supporting growth so people can build their individual capacity
3	anonymous	It's a small step in a much bigger problem.
4	anonymous	There is not enough to go around. Reach out to non-profits like Jesse Tree for support and to help put together a truly effective plan. In general, there is a lack of support in this area and it sends a 'white wealth privileged' message. Let's not become a state that does not support democracy or one that ignores those less fortunate.
5	anonymous	No. The people being evicted are rarely working full time, often have a non working grifter living with them. Many are out of jail due to theft or a DUI, Scroll Next Door for a while and see the cases seeking assistance. Why do you want to encourage this demographic to stay in our city?
6	anonymous	Yes. Very important
7	anonymous	No... because it is temporary and eventually will run out.
8	anonymous	Like previously noted, there's likely a bigger problem to work on. However, still necessary to help people.
9	anonymous	Yes, especially seeing as how Idaho is an at will employment state suddenly losing your job is very stressful when it comes to paying rent. Having a safety net helps reduce that stress
10	anonymous	Yes. Many live on the cusp of financial collapse. Giving even one month of assistance can enable them to continue without a downward spiral.
11	anonymous	As a landlord, I have seen firsthand how emergency rental assistance helped me get my owed rent, while supporting my tenant through a temporary need due to unemployment during the pandemic. He was behind by 3 months of rent and I floated him, received partial payment from emergency rental assistance, he found a new job, and paid back the remaining amount, thereby resolving hardships for us both.
12	anonymous	Everybody needs help sometime.

ID	Name	Responses
13	anonymous	This is an important first-line defense against future housing emergencies.
14	anonymous	I don't have the data to know this for sure, but I know affordability is a big issues these days with inflation. Seems like too much money has been allocated to that program, however.
15	anonymous	Not educated/no personal experience on this subject
16	anonymous	I definitely think it helps, but with the current housing market in our area, residents in our community are struggling.

Figure 4: Emergency rental assistance helps keep people from becoming homeless.

Youth Scholarships

Figure 5: Childcare scholarships are critical to support families in our communities.

ID	Name	Responses
1	anonymous	I don't currently have children in childcare but am aware of the struggle for many families to afford it. Parents shouldn't have to choose between quality care and cost.
2	anonymous	Childcare is so expensive. Parents need support to be able to work
3	anonymous	Not sure, again a small step for a big problem.
4	anonymous	It certainly helps but each resource that helps is isolated from the others. Let's connect them all to truly give families a plan going forward. Provided them assistance and direct them to a life free of government support.
5	anonymous	Yes. But, would limit to only those in which the parents are working FT...and only US citizens.

ID	Name	Responses
6	anonymous	Absolutely- helps families with one of their most critical expenses
7	anonymous	No... because it doesn't stop landlords or banks from raising rents/mortgages. Child care is expensive, so I'm sure every little bit helps, but it doesn't fix the housing crisis.
8	anonymous	For people who genuinely are away from the home in order to help provide, this would be essential.
9	anonymous	I think after school and summer programs should be completely free and state subsidized. They provide safe spaces for kids to go to while their parents work, especially if those parents work nights. Having options for the kids during the summer so they are stuck at home keeping a parent from being able to work is extremely important
10	anonymous	Childcare is expensive. Housing is expensive. Scholarships can lessen the burden especially for single parent households.
11	anonymous	The cost of childcare is through the roof in our Valley, particularly for families with multiple children. The Boys & Girls Club provides affordable access to extended-hour care, and scholarships ensure even the lowest-income families can still access these services with dignity. If the scholarships were not there, many children would end up left alone or in dangerous living environments where most trouble occurs. Instead, because they have the Boys & Girls Club, the children from low-income households get access to the same resources that their upper income peers readily access and that is proven to help them succeed in school, advance to post-secondary education, and retain sustainable employment in this community, which also benefits the Meridian economy. It also keeps our prisons from overcrowding.
12	anonymous	Not familiar with the program
13	anonymous	Families with young children cannot work without childcare, and the Boys and Girls Club provides essential and quality childcare programs!
14	anonymous	Absolutely! We have personally benefitted from this program, so our kids have a safe place to go after school and during the summer when school is not in session, and while both adults have to work to keep food on the table, the mortgage paid, etc. Their program has such a positive impact on our kids and the community!
15	anonymous	Absolutely. Without ours our family would have no childcare/income during summer months
16	anonymous	Absolutely, YES! As a single mom that works full-time, does not receive child support, and struggles to make ends meet, without the scholarship my 8 year old would be required to stay home alone before and after school and walk the 3/4 mile to school

ID	Name	Responses
		alone. I cannot afford child care and rent, so I would have to choose, safety or housing.

Figure 6: Childcare scholarships provide families with the option to maintain housing stability while meeting their childcare needs.

Homeowner Repairs

Figure 7: Homeowner repairs are necessary to improve housing stability.

ID	Name	Responses
1	anonymous	This is especially important for the elderly and disabled. If their homes can be improved to be more accessible for them to live in, this could save funding in group style housing/care.
2	anonymous	I'm sure there are families who benefit from this program but I don't know much about it
3	anonymous	Many senior citizens have difficulty staying safe in their older homes.
4	anonymous	My hesitation is the lack of conservation and awareness. This is a crucial funding but must be monitored closely. We should also expect developers to build more sustainable environmentally friendly homes. What is with all the sod on the new homes? This is the high-desert prone to severe drought. Why is that even allowed? How much water do we use watering grass then we cut it down each week. We need to focus on the whole picture to create a stronger community. Give people tax credits for making changes that are more native to the area.
5	anonymous	Again, must have at least one adult working FT, a US citizen, and not a home obtained through Habitat for Humanity (these owners are notorious for not maintaining the homes. Even H4H will tell you the homes are trashed.

ID	Name	Responses
6	anonymous	Nope. And essentially you are paying to improve a private individuals equity.
7	anonymous	I think this does help as most low rent places are pretty run down and the ones that are owned by elderly folks can become run down pretty quick.
8	anonymous	Repairs do not help with high cost home prices... I do believe they help with a homeowners tight monthly budget in order to maintain safe living conditions.
9	anonymous	Yes. Helping people maintain their homes helps them keep them longer. By keeping people in homes they can afford reduces homelessness
10	anonymous	It can if people know about the repair project.
11	anonymous	I see this as a lesser priority than the other projects, but I still see it as a benefit. Anyone who owns a property next to a junk property knows that it impacts adjacent home values, so providing an avenue for someone who is just getting by with assistance to maintain the value of their home also helps their neighbor stay in a good place and the entire community as a whole benefits when the neighborhoods are well maintained. In a way, everyone is getting a return on that investment.
12	anonymous	Yes it helps people who need help keep home maintainance up
13	anonymous	This is another important component in helping Meridian residents avoid housing emergencies!
14	anonymous	I think this program may be overfunded and funds should be allocated elsewhere.
15	anonymous	Great for seniors, single mothers, disabled
16	anonymous	I think this is a great project!

Figure 8: Homeowner repairs helps homeowners maintain affordable housing.

Walkability in LMA

Figure 9: Walkability improvements are essential to enhancing neighborhood safety and accessibility in low to moderate income areas.

ID	Name	Responses
1	anonymous	Kids need a safe way to get to and from school.
2	anonymous	Yes, provide safe paths for children to get to school!
3	anonymous	A must especially around schools.
4	anonymous	Very important, but resurfacing and repaving roads should not be out of the CDBG fund. It is an ongoing infrastructure item and should never be paid out of a fund designed for weatherization or accessibility. It should be out of state tax dollars.
5	anonymous	Lighting always helps.
6	anonymous	I think they are important, but I think achd should be paying for them.
7	anonymous	I think it does as these issues are prevalent throughout the older parts of Meridian and walkability of the city is important to improve as long as there is adequate public transit to accompany it or destinations within walking distance that would be served by the improvements. SR2S is one that makes sense, the others seem to be enhancements to the "downtown" area and not really serving a huge volume of walkers...
8	anonymous	I think Meridian is in desperate need of walking paths throughout the entire city. Not only does it provide safer options for kids walking home from school, it promotes

ID	Name	Responses
		accessible inexpensive, exercise for the community. It would allow people to access parks and other outdoor activities much safer. It would overall improve the quality of life for many and the beauty of the city.
9	anonymous	Yes. Cities should be walkable. Reducing car dependency helps low income families save money, and allows them to allocate their money better
10	anonymous	Not currently as there are not enough pathways.
11	anonymous	I've had a girl get hit on the street adjacent to my home at the time (this was in Boise on the Bench) and in that instance, it was because there were no sidewalks on that street, much less streetlights so the grade school aged kid was walking on the street in low light conditions. We all walked on the street there because otherwise you'd be on someone's lawn unless you drove. She survived, but that is a prime example of why improvements to walkability through sidewalks and streetlights are important. Had there been sidewalks and appropriate lighting, the child would likely not have been hit. It avoids conflicts between drivers and pedestrians. The same has also happened in Garden City and I'd be surprised if it hasn't happened in Meridian at some point. Investments of this nature lower fatalities and serious injuries and also create greater connectivity for multimodal transportation, which directly benefits the economy. Every business desires greater connectivity and more views of their store front, so this project aids in connecting consumers and increasing exposure while preserving safety.
12	anonymous	yes it addresses some of the safety issues
13	anonymous	I am glad the City is investing in walkability and safety improvements.
14	anonymous	This seems like A LOT of money on just simple projects for paving and sidewalks. I think the funds could be used elsewhere more effectively.
15	anonymous	Uneducated/no experience with this topic
16	anonymous	I don't have a lot of personal knowledge of these areas, but does need improvements to keep our community safe. Drivers don't pay enough attention and people get hurt.

Figure 10: Walkability improvements addresses some of the safety and access needs in the community.

Lasting Impact

Figure 11: Confidence that the projects will have a lasting impact on improving housing stability.

ID	Name	Responses
1	anonymous	Sidewalks and home improvements will last, but subsidies only impact the here and now.
2	anonymous	Low maintenance, easy access projects
3	anonymous	Keep on trying. It is a big and global problem.
4	anonymous	There is a lack of monitoring in this area. It only works if you have devoted knowledgeable people in charge. Bring in organizations that focus on housing. Let them be heard and part of the plan.
5	anonymous	If you support a demographic which will not choose to acclimate to the desires of the rest of the demographic then the dollars will never bring long-term improvement.
6	anonymous	They won't improve housing stability at all.
7	anonymous	The City needs to invest in low-rent housing developments like the City of Boise is doing... working with land owners and developers to purchase land and give tax credits for projects that offer below-market rents.
8	anonymous	That they're going to people who have a true need. There would be greater thought on what kind of community Meridian ultimately wants to be. How did these things align with those core values?

ID	Name	Responses
9	anonymous	I would work to increase housing density. That reduces land stress and help to keep property values lower witch helps low income families afford rent and houses to begin with
10	anonymous	Additional community engagement. Neighborhoods adopting sections to weed. Art projects as part of pathways. Fun runs.
11	anonymous	Given that Meridian and the Treasure Valley are experiencing sustained, long-term, rapid growth in population in the double digits per capita, continuing to invest at pace with that growth in assistance ensures invested, born and raised Meridian residents stay in Meridian instead of being pushed into adjacent, more affordable municipalities or moving out of state altogether.
12	anonymous	These are investments in our community that will greatly improve quality of life for so many people.
13	anonymous	I'm not a statistician, so without stats to look at, this is hard to say. Would need more information to comment on this.
14	anonymous	I'm not sure what measures would ensure sustainability, but I think putting actual faces of the people who benefit from them would help. In a political climate where people have become a number, we need to show that these funds benefit and save actual lives.

Figure 12: Suggestions to ensure sustainability in the projects long-term.

ID	Name	Responses
1	anonymous	I'd like to see traffic congestion addressed and road closures due to construction. I think housing developments should be required to widen roads and add sidewalks prior to breaking ground for building houses.
2	anonymous	A grid based bus system. Up and down the major north south and east west roads. Most places in Meridian do not have easy access to get to work anywhere in the Treasure valley.

ID	Name	Responses
3	anonymous	I work with the CDBG in Michigan and am shocked how different it is here. It does not 100% focus on those in need, those with accessibility challenges, and true sustainable, long-term weatherization.
4	anonymous	Stop allowing P & Z & the mayor to turn Meridian i to a ghetto of dense housing. Buy up land, build more parks. Stop kling values with your poor decisions.
5	anonymous	Keep the focus on rental assistance and childcare
6	anonymous	Public transportation enhancements, new housing projects
7	anonymous	Responsible building of homes. Adding responsible infrastructure -main roads, signals, walking paths. Having a cohesive idea when adding/approving commercial/retail buildings instead of a hodgepodge mix. Being able to get in and out of shopping centers efficiently Connecting the water canals in order to access all parts of the city safely
8	anonymous	Making sure children have access to fun educational content, such as the tv show magic school bus. Education is a big step towards earning more money and escaping poverty
9	anonymous	I am unaware of additional community needs at this time. Housing and mental health treatement access are two topics that are identified as current community needs in Ada County. I am unaware of what that looks like in Meridian, so perhaps mental health is an area to consider looking at or getting figures on to assess need.
10	anonymous	Down payment assistance for first-time homebuyers, sidewalk improvements along safe routes to school.
11	anonymous	I think our community needs more support for children. The West Ada School District takes a ridiculous amount of days off, when kids should be in school, and our school session could be starting later in the summer/fall, closer to Labor Day. The Boys & Girls Club is ALWAYS open when the schools are closed, and this is absolutely essential to working parents, when West Ada is dropping the ball. I have found no other program in our community that meets the needs of Monday-Friday working adults with kids.

ID	Name	Responses
12	anonymous	Unsure

Figure 13: Future projects.

ID	Name	Responses
1	anonymous	Maybe use some funding for all residents instead of low income.
2	anonymous	Spend on public transportation
3	anonymous	Put people in charge that are experts in this area. You need a stronger and more knowledgeable team with some people that live it and non-profits that fight for their rights.
4	anonymous	See prior comments.
5	anonymous	They can't
6	anonymous	Getting people who have similar ideas and going forward with him.
7	anonymous	Find ways to cut through any red tape while still retaining the integrity of each program so that funds are always being spent as allocated for their desired purpose.
8	anonymous	Please continue to seek and receive CDBG funding, and pursue private donations of materials & work to improve sidewalks in areas not serviced by ACHD.
9	anonymous	Kevin and the team over at the Boys & Girls Club are always so positive, have a great mentoring capacity, and have met a real need in our community. Consider providing them MORE funding than what was mentioned earlier in your report, and less to other unnecessary projects.
10	anonymous	Let more people know these things are available.

Figure 14: Potential improvements to these projects.

Additional Comments

Commenter	Method of Submission	Summary of Comments
Lorrette Grace	Email (Submitted to NeighborWorks Boise when they requested people provide feedback for the PY25 Action Plan on behalf of the city.)	I want to give you an excellent review of the recent job you, Ken and his crew did for me! From the necessary repairs made to water leaking under my house, replacing the siding areas where it was rotten from water damage, then painting my whole house, to the safety grab bars and transformations to my jetted tub that was re-done with new fixtures and the new surround wall; was pure perfection! You all were so patient with me, answered all my questions with kindness, professionalism, even unexpected problem solutions with skills and knowledge. Also the new refrigerator and the most awesome ramp that Ken and his crew built and painted for me just like I wanted it to be! I can't thank you enough for all my wonderful blessings from God that you all made possible for me!!!

Table 9: Comments received during the public comment period for the PY25 Action Plan.

LEGAL NOTICE**CITY OF MERIDIAN
NOTICE OF PUBLIC HEARING AND
PUBLIC COMMENT PERIOD****Regarding Meridian's Community Development
Block Grant (CDBG) Program**

This Notice can be provided in a format accessible to persons with limited English proficiency upon request. Contact Crystal Campbell at ccampbell@meridiancity.org for assistance.

Se le puede proveer esta notificación en un formato accesible para las personas con conocimientos limitados del inglés a pedido. Comuníquese con Crystal Campbell en ccampbell@meridiancity.org para obtener ayuda.

ALL CITIZENS ARE INVITED to attend a public hearing on Tuesday, July 8, 2025 at 6:00 P.M. regarding the City of Meridian's 2025 CDBG Action Plan. Participants can attend in person at Meridian City Hall or virtually at <https://meridiancity.org/live>.

A PUBLIC COMMENT PERIOD is open May 29, 2025 and will continue through July 8, 2025. During this period, oral and written comments about the 2025 CDBG Action Plan will be accepted. All comments should be addressed to Crystal Campbell at: City of Meridian, Community Development Department, 33 E. Broadway Ave., Ste.102, Meridian, ID 83642; (208) 489-0575; or ccampbell@meridiancity.org.

The City of Meridian is designated an Entitlement Community by the U.S. Department of Housing and Urban Development (HUD). This designation allows the City to receive funds annually from HUD's Community Development Block Grant (CDBG) Program. The City anticipates that it will receive an allocation of \$523,218 in CDBG funds on October 1, 2025. In order to receive these funds, the City must submit an Action Plan to HUD identifying the projects the City will undertake to meet the goals identified in the 2022-2026 Consolidated Plan that will benefit low and moderate income residents in the upcoming year. The Consolidated Plan goals address public facility and infrastructure improvements, housing, public services, and administration.

All citizens may provide testimony. Copies of the Action Plan are available on the City's CDBG website: <http://www.meridiancity.org/cdbg>. Special invitation is extended to persons with disabilities, residents of assisted housing, and Meridian business and property owners. Meridian City Hall is a handicapped accessible facility.

If you require accommodations related to physical, visual or hearing impairments or if you require language interpretation, please contact the City Clerk at (208) 888-4433.

Si requieren adaptaciones relacionadas con impedimentos físicos, visuales o auditivos o si requieren interpretación de idiomas, comuníquese con el Vendedor de Ciudad al (208) 888-4433.
