Subject: RE: Request for Mayor and Council

Good afternoon Linda,

Thank you for your email, it has been received by the Mayor's Office, we appreciate you contacting us and sharing your concerns about safety and speeding vehicles in your neighborhood.

Traffic calming measures such as signage, cross walks and speed limit indicators do require input by the Ada County Highway District (ACHD), who own and operate the public roadways in Meridian. I want to be sure you also have their information. There is a link (found [HERE](#)) on ACHDs webpage at the bottom of the Traffic Calming page that allows you to complete a Traffic Investigation Report form their team to determine what the best course of action for your area would be.

That said, the Meridian Transportation Commission and supporting staff also review and discuss these types of concerns and issues. I have copied Craig Bergman, the Long-Range Associate Coordination Planner, and ask that he reach out to you to discuss getting some additional details and help determine a good path forward to have these concerns reviewed.

I will also share the location of concern with our City of Meridian Police Traffic Division and ask them to look into traffic enforcement in that area.

Thank you,

Josha Iverson| Executive Assistant

Subject: posted speed limit signs

Message: We need more speed limit signs in residential areas, as most people coming off of Fairview, Meridian Road, or other higher speed NON-residential streets continue at the same rate of speed through neighborhoods. I see it over and over. Kids, elderly, and others crossing even at the appropriate areas (no crosswalks available of course) nearly being mowed down by entitled drivers. Please consider this as I was almost hit today by a driver hurrying home to lunch!! He saw me from afar, but slowing down to 35 was too much trouble.
