From: Miranda Carson, Comprehensive Associate Coordination Planner **Date:** January 10, 2023

Presenter: Marci Horner, West Ada School District and Miranda Carson

Topic: Community Development: WASD Student Population and Community Programs Projects

Marci Horner Planning and Development Administrator at West Ada School District (WASD) will be in attendance to present to Council on student population reporting data.

In addition, I will be presenting on our city Community Programs project requests for the Integrated Five-Year Work Plan. These are transportation projects that focus on improving walking and pedestrian facilities in our area. My presentation will include how we identify needs in coordination with Parks, West Ada, and other stakeholders. I will also discuss how those projects are prioritized. After prioritization approval from Council projects are sent to ACHD for their ranking and programming process.

The full list of Community Programs (and Roads and Intersections) projects will be before Council for discussion later in January.
