Good Morning Lloyd,

Apologies for the delayed response. I'm forwarding your request to Sgt. Morgan Carter who is the new Police Department liaison on our Transportation Commission, and then also our new Chief of Staff, Kendall Nagy, who recently transferred from PD. They'll be able to help facilitate the conversation or get the request to the most appropriate person.

I'll try to keep tabs on the request, but please also reach out again if you find that you still need some additional assistance. Thanks!

---

Brian,

My name is Lloyd Carnegie and I am the Maintenance Manager at ACHD. We are currently reviewing the plans for this year's Chip Seal program, and one topic that has come up is traffic control—specifically, the increasing challenges of managing traffic on more heavily traveled roadways.

One option we would like to explore is whether the City of Meridian Police Department might be interested in assisting ACHD Maintenance with traffic control by having one or two police units on site. In past instances where police units were present, even for short periods, we observed a significant improvement in driver behavior, including reduced speeds and greater compliance with signage and flaggers, which is ultimately our goal.

Would you be able to connect me with the appropriate contact at the Meridian Police Department so we could discuss this potential partnership further?

Thank you, and I hope you had a great Christmas. Wishing you a Happy New Year.

**Lloyd Carnegie, C.E.T.**
