Discovery Park pt1	South Meridian	FY22 - FY23	Sense of place, beautification of public areas, tourism, community expression/dialogue, enhance quality of life	Discovery park will have the first phase opened in 2019. Multiple additional phases will be added in the coming years. Parks staff have planned for art in about three different areas. MAC will work with Parks to determine what is the best fit and when	PAC members want to see something large and iconic as an art installation at this park. The park's scale demands art that is reflective of that scale. Art should fit into the theme of discovery and/or Meridian's southern regional landscape.	\$38,000
