IV. STAFF ANALYSIS

History

The subject application encompasses nine (9) parcels surrounding the northeast corner of N. Ten Mile Road and W. McMillan Road. These parcels were part of a Development Agreement Modification in 2020 and were removed from an existing Development Agreement (DA) for the purpose of entering into a new DA with a new conceptual plan and building elevations (H-2019-0126, DA Inst. #2020-040967) to show a future independent senior living facility. The largest property of the nine parcels received conditional use permit (CUP) approval for the independent senior living facility in 2020 (H-2020-0004), consistent with the new concept plan and elevations.

Development Agreement Modification

The approved DA (Inst. #2020-040967) includes a provision that requires the senior living parcel and the commercial parcels to provide cross-access and cross-parking. The inclusion of this provision is standard for commercial properties but should have excluded the senior living property as the City does not want cut-through traffic or shared parking between the commercial properties and the senior living project. Further, the existing approvals required a commercial drive-aisle along the rear of each commercial building lot which provides for the required cross-access—this drive aisle has been constructed per the previous approvals.

The Applicant is therefore requesting the following modification to provision 5.1.c:

“An easement agreement shall be recorded granting cross-access/cross-parking to all lots in the development, excluding that real property legally described on Exhibit C to the Development Agreement, which shall be developed as multi-family development restricted to seniors, age 55 and older (the “Excluded Property”), but including the parcel at the southwest corner of this site that is not subject to this agreement. A recorded copy of said easement agreement...”

Staff supports the DA Modification request because of the shared drive-aisle, the fact the senior living facility will stand on its own in terms of access and parking, and a desire for the City to limit cut-through traffic between commercial and residential properties. However, Staff does recommend a slight revision to the revised language proposed by the Applicant to make it more clear which property is excluded from this provision and remove redundant language found within an existing provision:

“An easement agreement shall be recorded granting cross-access/cross-parking to all lots in the development, excluding that real property legally described in Exhibit C to the Development Agreement, which was approved as McMillan Independent Senior Living Facility (H-2020-0004) and is located at 4923 N. Cortona Way (the “Excluded Property”), but including the parcel at the southwest corner of this site that is not subject to this agreement. A recorded copy of said easement agreement...”

V. DECISION

A. Staff:

Staff recommends approval of the proposed MDA per the modified provision in Section VI.B.

VI. EXHIBITS

A. Existing DA Provisions

5. **CONDITIONS GOVERNING DEVELOPMENT OF SUBJECT PROPERTY:**

5.1. Owner and/or Developer shall develop the Property in accordance with the following special conditions:

- a. Future development of this site shall substantially comply with the conceptual development plan and building elevations contained in Exhibit A of the Staff Report that is attached to the Findings of Fact and Conclusions of Law, attached hereto as Exhibit "B".
- b. Development of the subject property (i.e. site design and building design) is required to comply with the design standards listed in UDC 11-3A-19 and the City of Meridian Architectural Standards Manual.
- c. An easement agreement shall be recorded granting cross-access/cross-parking to all lots in the development, including the parcel at the southwest corner of this site that is not subject to this agreement. A recorded copy of said easement agreement shall be submitted to the Planning Division *prior* to issuance of the first Certificate of Zoning Compliance application for the site.
- d. The age of the residents living in the multi-family development shall be restricted to seniors, age 55 and older.

B. Proposed Revisions to the existing Development Agreement Provision 5.1.c:

Applicant's request:

"An easement agreement shall be recorded granting cross-access/cross-parking to all lots in the development, excluding that real property legally described on Exhibit C to the Development Agreement, which shall be developed as multi-family development restricted to seniors, age 55 and older (the "Excluded Property"), but including the parcel at the southwest corner of this site that is not subject to this agreement. A recorded copy of said easement agreement..."

Staff's recommended language:

"An easement agreement shall be recorded granting cross-access/cross-parking to all lots in the development, excluding that real property legally described in Exhibit C to the Development Agreement, which was approved as McMillan Independent Senior Living Facility (H-2020-0004) and is located at 4923 N. Cortona Way (the "Excluded Property"), but including the parcel at the southwest corner of this site that is not subject to this agreement. A recorded copy of said easement agreement..."

C. Noted "Exhibit C, Excluded Property" from revised DA provision:
