

MEMO TO CITY COUNCIL

Request to Include Topic on the City Council Work Session Agenda

From: Kim Warren, Pathways Project Manager **Meeting Date:** Sept 19, 2020
Presenter: Kim Warren **Estimated Time:** 20 minutes
Topic: Presentation and Review of Interactive Pathways Map

Recommended Council Action:

Present the interactive web version of the newly updated pathways map.

Background:

During the last round of pathway updates in June of 2023, staff shared that Parks has been working with GIS to reformat the interactive Pathways Map on the City website. During the ensuing discussion, Council offered several ideas for specific changes to the map.

Many of these suggestions have since been incorporated into the draft map, now available on the City Website. <https://meridiancity.org/parks/meridian-pathways/>

Staff would like to introduce the new map format and its features to confirm that it meets Council expectations. While the basic format of the map has been established, it is considered a work in progress, and may be easily adjusted to better serve community needs.
