III. DESCRIPTION

A. Background

One of the site specific conditions of approval for the Knighthill Subdivision Lot 8 was to reimburse the City of Meridian for the installation of (1) streetlight along W. Chinden Blvd. The streetlight was installed as a City project along the south side of W. Chinden Blvd to accommodate ITD's regulations of a minimum of 1 mile of streetlighting must be installed at a time. ITD has historically required 1 mile segments of State Highways have continuous lighting.

B. Proposed Project

Pursuant to the attached agreement with Wylie LLC, the City will accept the amount of \$8,465, as the reimbursable amount of the installation of (1) streetlight. These funds have been utilized to install a streetlight at the properties frontage and thus will be reimbursed by the developer. Wylie LLC is in favor of this solution and has signed the attached agreement.

IV. **IMPACT**

A. Strategic Impact:

This agreement is in alignment with the Public Works Department's *Strategic Plan 2010-2015* Objective ENG-12, which is to increase street lighting throughout the City to enhance the safety of our citizens in a fiscally responsible manner.

B. Service/Delivery Impact:

This agreement will reimburse the City of Meridian for funds spent to enhance public safety along Chinden Blvd.

C. Fiscal Impact:

Per this agreement the City will received \$8,465. This is the amount the City paid to install a light along the W. Chinden Blvd frontage.

V. **TIME CONSTRAINTS**

Council approval of this agreement will allow Wylie LLC. to finalize the agreement and meet this portion of the lighting requirements for Certificate of Occupancy.
