I. PROJECT DESCRIPTION

Modification to the boundary of the final plat to reduce the number of lots and area from 112 buildable and 27 common lots on 5.10 acres of land to 56 buildable and 10 common lots on 3.75 acres of land in the R-15 zoning district, by Brighton Development, Inc.

II. APPLICANT INFORMATION

A. Applicant:

Amanda McNutt, Brighton Development, Inc. – 2929 W. Navigator Drive, Suite 400, Meridian ID 83642

B. Owners:

The David & Kristin Turnbull Family Trust – 2929 W. Navigator Drive, Suite 400, Meridian ID 83642

C. Representative:

Same as Applicant

III. STAFF ANALYSIS

The Applicant proposes to modify the boundary of the previously approved Phase 1 final plat (FP-2026-0001), included below in Section V.B, to reduce the area and number of lots consistent with the boundary of Phase 1 shown on the phasing plan approved with the preliminary plat (H-2024-0061), included below in Section V.A. The previously approved final plat included Phases 1 and 2 as shown on the phasing plan and was approved by City Council on April 21, 2026 but has not been recorded.

Approval of the proposed final plat modification will allow the Applicant to develop a lesser area as originally intended with Phase 1 and commence construction of homes sooner due to the smaller utility installation needed to complete the phase.

In order for the proposed final plat to be deemed in substantial compliance with the approved preliminary plat as set forth in UDC 11-6B-3C.2, the number of buildable lots cannot increase and the amount of common area cannot decrease from that approved with the preliminary plat. Staff has reviewed the proposed final plat for substantial compliance with the approved preliminary plat (H-2024-0061) in accord with the aforementioned requirements. Because there is no change to the number of buildable lots and the amount of common open space is the same, Staff deems the proposed final plat to be in substantial compliance with the approved preliminary plat and common open space exhibit as required by the UDC and the Development Agreement (DA).

Amenities proposed with this phase include a large clubhouse, swimming pool and sports courts (pickleball and bocce ball) as shown in the exhibit in Section V.H in accord with the DA.

Tentative approval of the private streets was granted with approval of the preliminary plat.

IV. DECISION

Staff recommends approval of the proposed final plat with the conditions noted in Section VI of this report.
