Notes for further clarity on prices quoted:

1. FOB Origin is Plus Freight Pricing from the shipping point. You have a choice of freight collect/third party with your designated carrier or DuBois will pre-pay and add to the invoice.
2. FOB Destination is Delivered Pricing and will include shipping and handling in the price of the chemical.
3. Quoted prices are valid 60 days from Effective Date listed above.
4. Applicable taxes apply, unless DuBois has a copy of your tax exempt file on file.
5. Delivery on Made-to-Stock (MTS) items typically require 1-3 days to ship and Made-to-Order (MTO) items typically require 5-7 days to ship. However, lead times can vary. Please consult with me or DuBois Customer Service when you are ready to place your order.
6. Titration kits and replacement reagents are sold separately and incur a $15.00 per order Shipping and Handling cost offset charge.
7. Chemical dosing and control equipment are sold separately on a FOB Origin basis.
8. Laboratory and Support Services at our Technical Centers and On-Site Technical Support are free-of-charge to our valued customers.

Orders can be placed by contacting me, or calling our DuBois Customer Service Department at (208) 466-8437 or emailing the Nampa Branch at bhs_idorders@duboischemicals.com.

Eddie, please feel free to call my cell or reach me via email anytime. Thank you.
