To whom this may concern,

I would like to bring to your attention an uncontrolled intersection that I believe is a hazard and needs to be addressed.

The intersection that I am writing about is the intersection of Pleasant St and N 3rd St. I will include a photo of the intersection in this letter.

In the instance that you are driving W bound on Pleasant St, incoming traffic from N 3rd would have the right of way, but the way in which the road curves makes it nearly impossible to see vehicles approaching until it is too late and you have to come to an abrupt stop to avoid an accident. In the instance that you are driving E bound on Pleasant towards the Dyke Rd and you would have the right of way, traffic from N 3rd rarely stops to yield to the right and again, you must abruptly stop to avoid an accident.

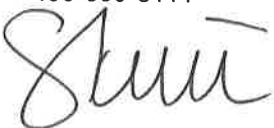

I believe it would be in the best interest of the citizens of Miles City to add a stop sign to one of the two roads or a 3-way stop. I am sure the surrounding businesses would agree with this request.

Please feel free to reach out if you need any further information from me.

Thank you,

Sarah Kurkowski
