

Notes from discussions and research (Brooke)

Previous business license discussion in 2025:

-\$85 flat fee, annually, due start of fiscal year, July 1, 3 month grace period

Banner incentive program by Treasurer Moua

Current ordinance 1355:

Licenses are payable in advance -keep or remove?

- Brings up option of refunds if they are payable in advance

Penalty- 300 dollars first time, 500 dollars after (state statute limits)

Definition of home occupation and sec 6-248- refer to Melissa's outline

General permit and order of approval? Is it necessary to have council approve?

Notes from discussion with Gabe:

Gabe recommends \$150-200 to cover both administrative and inspector costs

Permit fee vs license fee? Do we need both?

- (If the license costs over \$100 we shouldn't need an application fee, worry about compliance if we tack on too many fees)

Inspection refusal? -home businesses don't necessarily need inspected

Inspection compliance-schedule with Gabe or FD or PD depending on type of business?

Main concern from Gabe: making sure contractors and businesses have proper insurance and workers comp policies

First time higher amount, renewal amount lower- fee of \$_____?

--next couple years get everything looked at, level out the playing field, obtaining safety in terms of 911 and police being updated on your business emergency numbers to call..etc, insurance being up to date for city and state levels, give you the right to do business wherever, it's a write off for taxes!! -Gabe

Recommended exemptions: under 18 & farmers market

Get list of businesses and info to police and dispatch

-Livingston has "safety inspection certificate"- could we implement that or is it unnecessary

Discuss current process vs any changes needed

* who all sets eyes on licenses now?

* who enforces this policy?

* what are the steps/efficient order for handling them?

example: clerks>Gabe/Ed>Melissa>committee>Sam

(Mark Winkley offered to help with this the enforcement of it, stating he already handles public nuisance citations, he could easily assist with licensure citations if businesses are non compliant)

Notes from discussion with Melissa:

Incentive ideas

- Banquet held annually for business recognition
- Business catalog with list of resources and business (similar to chamber of commerce)

No exemptions recommended because our licensure pricing is well below most other cities our size

Committee of 2 council members to help with administrative process-looking over applicants, dealing with any requests to waive or exempt, have another set of eyes so council can stay informed

Notes from discussion with Sam:

Change wording to discard word "temporary", just label all vendors as vendors whether seasonal or other

Resolution 4617-vendors currently pay \$50 for 6 months of vending

City's cloud permit system could use more description when business license info is being put in

PD needs to have list of vendors

Vendors need to also provide a map of the areas they plan to sell in so both city and PD know in advance

Vendors are already using city property, hence the need for the additional "vendor permit"

Cottage licenses should be being double checked

Sanitation officer needs to be involved with inspections

5-1-5: INVESTIGATIONS:

Upon the receipt of an application for a license or permit where the laws of the municipality necessitate an inspection or investigation before the issuance of such permit or license, the clerk shall refer such application to the proper officer for making such investigation within forty eight (48) hours of the time of such receipt. The officer charged with the duty of making the investigation or inspection shall make a report thereon, favorable or otherwise, within ten (10) days after receiving the application or a copy thereof. The health officer shall make or cause to be made an inspection in regard to such licenses in the connection of the care and handling of food and the preventing of nuisances and the spread of disease. For the protection of health, the building inspector shall make or cause to be made any such inspections relative to the construction of buildings or other structures. All other investigations, except where otherwise provided, shall be made by the chief of police or by some other officer designated by the mayor. (1960 Code)

5-1-6: TERMINATION OF LICENSE:

All annual licenses shall terminate on the last day of the fiscal year of the municipality where no provision to the contrary is made.

The clerk shall mail to all licensees of the municipality a statement of the time of expiration of the license held by the licensee, if an annual, three (3) weeks prior to the date of such expiration. Provided, that failure to send out such notice, or failure of the licensee to receive it shall not excuse the licensee from failure to obtain a new license, or a renewal thereof, nor shall it be a defense in an action for operation without a license. (1960 Code)

5-1-7: BUILDING AND PREMISES:

No license shall be issued for the conduct of any business, and no permit shall be issued for any thing, or act, if the premises and building to be used for the purpose do not fully comply with the requirements of the municipality. No such license or permit shall be issued for the conduct of any business or performance of any act which would involve a violation of the zoning act of the municipality. (1960 Code)

5-1-8: CHANGE OF LOCATION:

In the absence of any provision to the contrary, the location of any licensed business or occupation, or of any permitted act, may be changed provided ten (10) days' notice thereof is given to the clerk; provided, the building, zoning and frontage consent requirements of this code are complied with. (1960 Code)

5-1-9: FRONTAGE CONSENTS:

Whenever the consent of the adjoining or neighboring owners is required as a prerequisite to the conduct of any business or occupation, or the location of any establishment, such consent must be obtained by securing the necessary signatures to a written consent petition. Such petition shall be filed with the clerk when signed.

Consents once given and filed shall not be withdrawn; and such petitions need not be renewed for the continuous conduct of the same business, whether by the same proprietor or not.

It shall be unlawful to forge any name to such a petition or to represent falsely that the names thereon have been properly placed thereon if such is not the fact.

Each consent when filed shall be accompanied by the affidavit of the person securing the signatures that each signature appearing therein was properly secured and written on; and that the petition contains the necessary number of signatures required by this chapter.

The frontage consent requirements contained in this chapter shall not be construed to amend or change any zoning provisions of the municipality; and no such provision shall be construed as permitting the erection of a structure or building, or the conduct of a business or the commission of any act in any location where such structure, building, business or act is or are prohibited by any zoning regulations of the municipality. (1960 Code)

5-1-10: NUISANCES:

No business, licensed or not, shall be so conducted or operated as to amount to a nuisance in fact. (1960 Code)

5-1-11: INSPECTIONS:

Whenever inspections of the premises used for or in connection with the operation of a licensed business or occupation are provided for or required by this code, or are reasonably necessary to secure compliance with any code provision or to detect violations thereof, it shall be the duty of the licensee, or the person in charge of the premises to be inspected, to admit thereto for the purpose of making the inspection any officer or employee of the municipality who is authorized or directed to make such inspection at any reasonable time that admission is requested.

Whenever an analysis of any commodity or material is reasonably necessary to secure conformance with any provision of this code or to detect violations thereof, it shall be the duty of the licensee of the municipality whose business is governed by such provision to

give to any authorized officer or employee of the municipality requesting the same sufficient samples of such material or commodity for such analysis upon request.

In addition to any other penalty which may be provided, the mayor may revoke the license of any licensed proprietor of any licensed business in the municipality who refuses to permit any such officer or employee who is authorized to make such inspection or take such sample to make the inspection, or take an adequate sample of the said commodity, or who interferes with such officer or employee while in the performance of his duty in making such inspection. Provided, that no license shall be revoked for such cause unless written demand is made upon the licensee or person in charge of the premises, in the name of the municipality, stating that such inspection or sample is desired at the time it is sought to make the inspection or obtain the sample. (1960 Code)

5-1-12: REVOCATION:

Any license or permit for a limited time may be revoked by the mayor at any time during the life of such license or permit for any violation by the licensee or permittee of the provisions of this code relating to the license or permit, the subject matter of the license or permit, or to the premises occupied; such revocation may be in addition to any fine imposed. (1960 Code)

5-1-13: POSTING OF LICENSE:

It shall be the duty of any person conducting a licensed business in the municipality to keep his license posted in a prominent place on the premises used for such business at all times. (1960 Code)

5-1-14: FEES:

In the absence of specific provisions to the contrary, all fees and charges for licenses or permits shall be paid in advance at the time application therefor is made to the clerk. When an applicant has not engaged in the business until after the expiration of more than six (6) months of the current year the license fee shall be in the sum of one-half (1/2) of the fee specified for the entire year.
