

Options for PR camera (for photos/video)

From Cameron:

"I don't know a lot about cameras; however, I would purchase them from an authorized retailer like Wyoming Camera Outfitters if given the choice. There are benefits to purchasing locally like from them. Camera's like the one you are talking about will all be around the same price point from authorized dealers; regardless as to where they are sold. If you want to purchase one online the only company that I know of and trust is BHPHOTO: [Canon R100 | B&H Photo Video](#)"
