AMENDMENT REQUEST #3

Dear Mr. Silveira:

As requested, IBI Group is pleased to present to the City of Milpitas this fee proposal for additional construction administration support services outside the original contract scope of work for the McCandless Park Project. Construction support services includes, but not limited to, responding to request for information (RFI) from the contractor, address minor design changes required to complete construction including South Bay Water Recycling (SWBR) agency, packaging contract documents for bidding and construction of large dog play and sports field, if necessary, and design and construction coordination with MUSD's school, McCandless Well, and Pedestrian Bridge projects.

City will provide written direction and budget for any additional service to be performed. Written authorization must be obtained from the City prior to the Consultant beginning additional services.

The Scope of Work proposed fee is as follows. This work will be incorporated into the original contract scope dated February 21, 2017, Amendment 1, and Amendment 2.

Description	Fee
Additional Construction Administration Support Services	\$120,000

Please feel free to contact us with any questions.

Thank you.

Stephen Sowa AIA
Associate Principal
