**Background:**

On June 18, 2019, the City Council introduced and conducted the first reading of Ordinance No. 172.6 to amend and update, consistent with State law, the City's regulations relating to massage establishments and practitioners. There were no changes to the Ordinance directed by City Council. The Ordinance is now ready for its second reading and adoption.

At this same meeting, the City Council inquired as to whether certain types of massage practitioners would be subject to the new City regulations. In particular, a question arose as to whether foot massage practitioners would be required to comply with the new regulations. Based on the definition of massage contained in the new ordinance, foot massage practitioners would be subject to the new requirements.
