Re: Letter of Resignation – Planning Commission

Hello Mayor Tran,

I write to you with a heavy heart that unfortunately, I will not be able to take the commission seat this year. My son is unwell, and the doctor has decided to start his treatment starting this month. It will be a lengthy and challenging time for my family, and I will need to be fully dedicated to him. I did not know that any of this would be happening with my son and so I wanted to apologize for any inconvenience this may have caused you. I do not take anything on unless I know I can be fully committed and dedicated – so I would not want to take the seat and let you and the community down. I really appreciate your support for my application for a seat on the planning commission.

As you know, I come from a family that is ready to serve its community. I hope one day I can do the same and serve the City of Milpitas as a commissioner. Until then, please do not hesitate to reach out for help in any matter.

Once again, apologies for the turn of events. Wishing you a prosperous 2022.

Thank you,

Aysha Mohsin
