Contractor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Contractor on an independent contractor basis and not as an employee. Contractor retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Contractor shall also not be employees of City and shall at all times be under Contractor's exclusive direction and control. Contractor represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Contractor's conformance with each Schedule, the City shall respond to Contractor's submittals in a timely manner. Upon the City's request, Contractor shall provide a more detailed schedule of anticipated performance to meet the relevant Schedule of Services as set forth in each Task Order.

3.2.3 Conformance to Applicable Requirements. All work undertaken by Contractor shall be subject to the approval of City.

3.2.4 City's Representative. The City hereby designates the **James Levers**, Public Works Manager or his or her designee, to act as its representative for the performance of this Agreement ("City's Representative"). Contractor shall not accept direction or orders from any person other than the City's Representative or his or her designee.

3.2.5 Contractor's Representative. Contractor hereby designates **Jeremy Konaris**, Project Manager, or his or her designee, to act as its representative for the performance

of this Agreement (“Contractor’s Representative”). Contractor’s Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Agreement. The Contractor’s Representative shall supervise and direct the Services, using his or her best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement and as described in the relevant Task Order.

3.2.6 Coordination of Services. Contractor agrees to work closely with City staff in the performance of Services and shall be available to City’s staff, consultants and other staff at all reasonable times.

3.2.7 Standard of Care; Performance of Employees. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services. Contractor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Finally, Contractor represents that it, its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including any required business license, and that such licenses and approvals shall be maintained throughout the term of this Agreement. As provided for in the indemnification provisions of this Agreement, Contractor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Contractor’s failure to comply with the standard of care provided for herein. Any employee of the Contractor or its sub-contractors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Contractor and shall not be re-employed to perform any of the Services or to work on the Project.

3.2.8 Period of Performance. Contractor shall perform and complete all Services under this Agreement within the term set forth in Section **Error! Reference source not found.** above (“Performance Time”). Contractor shall perform the Services in strict accordance with any completion schedule or Project milestones described in this Agreement and any Task Order issued by the City, or which may be provided separately and agreed upon in writing by the Parties. Contractor shall be responsible for the cost of any damages suffered by the City by reason of delay caused by Contractor, its employees or subcontractors, if any.

3.2.9 Disputes. Should any dispute arise respecting the true value of any work done, of any work omitted, or of any extra work which Contractor may be required to do, or respecting the size of any payment to Contractor during the performance of this Agreement, Contractor shall continue to perform the Services while said dispute is decided by the City. If Contractor disputes the City’s decision, Contractor shall have such remedies as may be provided by law.

3.2.10 Laws and Regulations; Employee/Labor Certifications. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and

regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Services. If the Contractor performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the City, Contractor shall be solely responsible for all costs arising therefrom. City is a public entity of the State of California subject to certain provisions of the Health & Safety Code, Government Code, Public Contract Code, and Labor Code of the State. It is stipulated and agreed that all provisions of the law applicable to the public contracts of a municipality are a part of this Agreement to the same extent as though set forth herein and will be complied with. These include but are not limited to the payment of prevailing wages, the stipulation that eight (8) hours' labor shall constitute a legal day's work and that no worker shall be permitted to work in excess of eight (8) hours during any one calendar day except as permitted by law. Contractor shall defend, indemnify and hold City, its officials, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

3.2.10.1 Employment Eligibility; Contractor. By executing this Agreement, Contractor verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Contractor. Contractor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement. Contractor shall avoid any violation of any such law during the term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Contractor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Contractor's compliance with the requirements provided for in Section 3.2.10 or any of its sub-sections.

3.2.10.2 Employment Eligibility; Subcontractors, Sub-subcontractors and consultants. To the same extent and under the same conditions as Contractor, Contractor shall require all of its subcontractors, sub-subcontractors and consultants, if any, performing any work relating to the Project or this Agreement to make the same verifications and comply with all requirements and restrictions provided for in Section 3.2.10.

3.2.10.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Contractor verifies that they are a duly authorized officer of Contractor, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Contractor or its subcontracts, sub-subcontractors or consultants, if any, to meet any of the requirements provided for in Sections 3.2.10.1; (2) any misrepresentation or material omission concerning compliance with such requirements (including

in those verifications provided to the Contractor under Section 3.2.10.2); or (3) failure to immediately remove from the Project any person found not to be in compliance with such requirements.

3.2.10.4 Labor Certification. By its signature hereunder, Contractor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.2.10.5 Equal Opportunity Employment. Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subcontractor, if any, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

3.2.10.6 Air Quality. Contractor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the California Air Resources Board (CARB). Contractor shall specifically be aware of the CARB limits and requirements application to "portable equipment", which definition is considered by CARB to include any item of equipment with a fuel-powered engine. Contractor shall indemnify City against any fines or penalties imposed by CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.

3.2.10.7 Water Quality.

(A) Management and Compliance. To the extent applicable, Contractor's Services must account for, and fully comply with, all local, state and federal laws, rules and regulations that may impact water quality compliance, including, without limitation, all applicable provisions of the Federal Water Pollution Control Act (33 U.S.C. §§ 1300); the California Porter-Cologne Water Quality Control Act (Cal Water Code §§ 13000-14950); laws, rules and regulations of the Environmental Protection Agency and the State Water Resources Control Board, the City's ordinances regulating discharges of storm water; and any and all regulations, policies, or permits issued pursuant to any such authority regulating the discharge of pollutants, as that term is used in the Porter-Cologne Water Quality Control Act, to any ground or surface water in the state.

(B) Liability for Non-Compliance. Failure to comply with the laws, regulations and policies described in this Section is a violation of law that may subject Contractor or City to penalties, fines, or additional regulatory requirements. Contractor shall defend, indemnify and hold the City, its officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from and against any and all fines, penalties, claims or other regulatory requirements imposed as a result of Contractor's

non-compliance with the laws, regulations and policies described in this Section, unless such noncompliance is the result of the sole established negligence or willful misconduct of the City, its officials, officers, agents, employees or authorized volunteers.

(C) Training. In addition to any other standard of care requirements set forth in this Agreement, Contractor warrants that all employees and subcontractors, if any, shall have sufficient skill and experience to perform the Services assigned to them without impacting water quality in violation of the laws, regulations and policies described in this Section. Contractor further warrants that it, its employees and subcontractors, if any, will receive adequate training, as determined by City, regarding the requirements of the laws, regulations and policies described in this Section as they may relate to the Services provided under this Agreement. Upon request, City will provide Contractor with a list of training programs that meet the requirements of this paragraph.

3.2.11 Insurance. Contractor shall not commence work for the City until it has provided evidence satisfactory to the City it has secured all insurance required under Exhibit “C” (Insurance Requirements), attached hereto and incorporated herein by this reference. In carrying out its Services, the Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed. Safety precautions as applicable shall include, but shall not be limited to: (A) adequate life protection and lifesaving equipment and procedures; (B) instructions in accident prevention for all employees and subcontractors, if any, such as safe walkways, scaffolds, fall protection ladders, bridges, gang planks, confined space procedures, trenching and shoring, equipment and other safety devices, equipment and wearing apparel as are necessary or lawfully required to prevent accidents or injuries; and (C) adequate facilities for the proper inspection and maintenance of all safety measures.

3.3 Fees and Payments.

3.3.1 Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit “B” attached hereto and incorporated herein by reference. The maximum compensation for Services to be provided pursuant to each Task Order shall be set forth in the relevant Task Order. The cost of travel time, bonds, insurance, office support, accounting, regulatory compliance, and other business expenses are covered under the allowed percentage of Overhead and Profit entered on Exhibit “B;” and will not be allowed as a direct expense. The total compensation shall not exceed **Five-Hundred Thousand Dollars and Zero Cents (\$500,000)** without written approval of the City. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Contractor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Contractor.

The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 30 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Contractor shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the term of this Agreement, City may request that Contractor perform Extra Work. As used herein, “Extra Work” means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Contractor shall not perform, nor be compensated for, Extra Work without written authorization from City’s Representative.

3.3.5 California Labor Code Requirements

3.3.5.1 Contractor is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., which require the payment of prevailing wage rates and the performance of other requirements on certain “public works” and “maintenance” projects (“Prevailing Wage Laws”). If the Services are being performed as part of an applicable “public works” or “maintenance” project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. Contractor shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. 3.3.5.2 If the Services are being performed as part of an applicable “public works” or “maintenance” project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Contractor and all subcontractors performing such Services must be registered with the Department of Industrial Relations. Contractor shall maintain registration for the duration of the Project and require the same of any subcontractors, as applicable. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

3.3.5.3 This Agreement may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Contractor’s sole responsibility to comply with all applicable registration and labor compliance requirements.

Any stop orders issued by the Department of Industrial Relations against Contractor or any subcontractor that affect Contractor's performance of Services, including any delay, shall be Contractor's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Contractor caused delay and shall not be compensable by the City. Contractor shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the Department of Industrial Relations against Contractor or any subcontractor.

3.4 Termination of Agreement.

3.4.1 Grounds for Termination. City may, by written notice to Contractor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. SCOPE OF SERVICES

The Contractor shall provide a reliable service to assist the City in homeless camp clean-up, which will include as-needed/on-call homeless camp clean-up services including the removal of materials stored and/or illegally dumped at abandoned camps.

Homeless camps in the City of Milpitas are typically established on trails, pathways, parks, and overpasses/underpasses. For the purposes of this service, Contractor will be working only in City of Milpitas jurisdiction. Homeless camps are also present in other jurisdictions or rights-of-way, including freeway on-ramp/off-ramps (Caltrans), expressways (Santa Clara County Roads and Airports), creeks (Santa Clara Valley Water District), and railroads (Union Pacific Railroad/VTA-BART). In the event that a requested homeless camp cleanup is located in another agency’s jurisdiction or rights-of-way, City staff will take the lead in communicating with other agencies in order to coordinate homeless camp cleanup.

A. SCOPE OF WORK

Homeless camps can create unsafe conditions and blight. The Contractor will provide a reliable service to clean-up abandoned camps on an as-needed basis.

1. Encampment sites are considered to contain a variety of materials that may contain hazardous materials, including biohazardous materials (e.g. syringes), garbage, general debris, human waste, animal waste, constructed temporary shelter, and other items associated with homeless occupancy. Sites may also contain illegally dumped materials including furniture, appliances, motors, tires, construction debris, automobile parts, bicycles, mattresses, box springs, and other items.
2. As directed by the City, Contractor will provide turnkey homeless encampment site cleanup for a safe and clean site by removing large items, biohazardous material and other illegally dumped or encampment waste material.
3. Cleanup duties shall include surveying sites, collecting debris, dismantling temporary structures, removal of trash, removal of human waste, and State approved handling and removal of all material.

There are two alternatives for disposal and hauling of non-hazardous removed waste:

- a. Contractor shall transport waste materials to a City designated transfer facility, or
- b. Contractor will coordinate with the City’s franchised solid waste hauler,

Milpitas Sanitation, to provide debris box and waste hauling.

The Contractor will provide all labor, materials, tools, equipment, transportation, and supplies required to abate homeless camps within the limits and/or jurisdiction of the City.

4. Contractor shall coordinate with the City on a site-by-site basis to determine the work order for each encampment or illegal dumping site. The work order will establish the site cleanup start date, estimated timeframe of the work, staging areas, traffic control, if required, and the name of the onsite representative.
5. Milpitas Police Department will post a “notice to vacate” at the camp, ordering the occupant(s) to vacate the premises and take belongings with them. Camp occupants typically have 72 hours to vacate the site. Police Department and/or other agencies will respond to person(s) who are violent or unable to care for themselves. The Contractor will work when the camp occupants are no longer on-site. If the person(s) that occupied the site return during the clean-up, the Contractor will stop work and call the Police Department. At no time is the Contractor expected to interact with the homeless or put employees at risk.
6. The Contractor will notify the Milpitas Fire Department if hazardous waste is discovered and/or a release of chemicals has occurred. The City will coordinate the hazardous materials response.
7. Under most circumstances, the Police Department will have confiscated weapons and illegal contraband prior to the arrival of the Contractor. Occasionally an undiscovered cache may be found. Contractor will stop work immediately, contact the Police Department, and wait for the assigned unit to arrive to process evidence /crime scene.
8. The City may require the Contractor to trim shrubs and vegetation as a deterrent for other urban campers once the camp is abated.
9. Camps may be located on properties shared by the City and other agencies. Contractor is expected to become familiar with Milpitas and verify the jobsite property is within the City's jurisdiction. Access may be restricted and Contractor will coordinate entry with the City.
10. Work is typically scheduled Monday through Friday. Occasionally the Police Department may require the camp be abated immediately. The Contractor will provide the City with a cell phone number where someone will answer 24-hours a day.
11. If the Contractor is unfamiliar with the specific location, City staff will provide a map or meet the Contractor staff at the job site.
12. Contractor will notify the City when the work is complete.

13. Additional homeless camps may be discovered in the same general area during the course of abatement. Contractor must notify the City's designated representative to obtain authorization prior to proceeding with any additional work. This will prevent conflicts regarding billing and safety issues if the Police Department has not cleared the area.
14. Large jobs will require special arrangements for taking material to the Transfer Facility. Contractor will contact the City to arrange delivery of materials in advance if special arrangements are needed.
15. Depending on the length of time and use of the camp, some hand digging of soil may be required. The Contractor will contact the City if mobile equipment is recommended.
16. Persons ordered from camps are told to take possessions of importance with them. In some cases, they are not able to remove valuable/usable items, such "personal property" must be stored for a period as determined by the Milpitas Municipal Code and available for retrieval. Contractor shall provide bags and tags and identify and tag certain items as "personal property." Such items include but are not limited to items in good repair such as tents, backpacks, medications, eye glasses, books, jewelry, stoves, audio equipment, toiletries, personal records, handbags, personal photographs, duffle bags, bedrolls, blankets, watches, and clean clothing. The Contractor will transport identified property for storage to a site designated by City as directed by City Staff. Contractor will refer to the "**GUIDELINES FOR PROPERTY IDENTIFICATION**" for proper handling of these materials.
17. If the Contractor is responsible for hauling of removed debris, Contractor will take debris to the City designated transfer station. The driver will tell the gatekeeper it is from a City of Milpitas project. The original weigh ticket will accompany the invoice. If the encampment is large and/or a significant level of debris is expected, the City's refuse and recycling contractor will provide a roll-off container and haul it away when filled. The City of Milpitas may opt to use one of its dump trucks and haul the material to the Transfer Station once the Contractor has loaded it.
18. The Contractor shall follow best practices work procedures to safely manage any hazardous materials found on the jobsite, including urine, feces, solid personal hygiene items, syringes, and other materials which could pose a health threat.
19. Contractor, its employees and subcontractors, shall perform work in a timely and efficient manner, and conduct themselves in a courteous and business-like fashion.

B. SCHEDULE AND RESPONSE TIME

1. The City will schedule abatement with the Contractor about the site. Abandoned camps must be cleaned within **48 hours** to decrease the chance of re-occupation and meet the requirements of this agreement.

2. If a camp presents an immediate threat, a more urgent response of one day will be required.
3. Contractor is to contact the City if something will interfere with completion of the project as scheduled. This should be a rare occurrence. Continual shifts in schedule can lead to cancellation of the Service Agreement.

C. SAFETY

1. The City of Milpitas emphasizes safety in all employee and contractor performance. Contractor will comply with all other safety rules, protocols, and licensing requirements as mandated by the State of California.
2. Safety and appropriate training/licensing are critical requirements for the Contractor. At no time is the Contractor expected to interact with the homeless residents or put their employees at risk.
3. Some camps are established in areas that are difficult to access. Sometimes it is not possible for trucks and other vehicles to park close to the job site. The debris will have to be carried out. If it cannot be done without vehicles, Contractor will need to coordinate traffic safety and an encroachment permit with the City to protect employees, passerby, and infrastructure that could be damaged.
4. Work may be performed in inclement weather. Jobsites can be in heavy foliage, poison oak, steep embankments, next to train tracks, by creeks and lakes, and other areas requiring alertness to the environment and pre-planning to prevent injury or illness. Contractor will perform a hazard assessment and provide all training and supplies necessary.
5. Contractor shall be OSHA certified to operate any heavy equipment required to complete the illegal dumping or encampment clean-up work, including trash compactors, bulldozers, graders or other ground moving equipment.
6. Work within 25 feet of railroad tracks will require staff to wear safety vests and hard hats.
7. Contractor shall conform to all applicable occupational safety and health standards, rules, regulations and orders established by the State of California. The Contractor shall provide all safety equipment, materials, and will supply training as required. The Contractor shall provide its employees with appropriate safety apparel. This apparel shall include, but not be limited to, hardhats, safety glasses, vests, gloves, and leather (or adequately puncture resistant) boots.
8. Field staff must be trained annually in OSHA's Bloodborne Pathogen Standard 1910.1030. This training must be supplemented with precautions regarding West Nile Virus, hanta virus, and histoplasmosis. Employees must have work procedures to be able to safely manage urine, feces, soiled personal hygiene items, syringes, and other materials which could pose a health threat. Wearing

Personal Protective Equipment (PPE) and following other protocols established for this situation must be followed. Solid infectious waste will be placed in a plastic bag, tied off, and taken to the Transfer Facility with trash. Liquids that cannot be poured into a sanitary sewer (NOT storm drain), or rendered solid with absorbents or toweling, will need to be managed as infectious waste. The Contractor will coordinate disposal of these wastes and syringes with the City.

9. The City reserves the right to periodically review Contractor's training records, licenses, and disposal records.
