- To review the proposed building/architectural and site/landscape plans for constructing a new fire station building.

Motion to recommend approval of the site and building plans for Fire Station 45 to the Community Development Director with the following comments: Ken Warlick

B. V24-05, 13355 Arnold Mill Road (Parcel ID: 22 348009450690 & Parcel ID: 22 348009450708) (Variance)

Applicant: Robert J. Moore

Request(s):

- **Part 1** - To allow four (4) existing accessory structures to be located in front of a proposed single-family home (Sec. 64-416(i)).
- **Part 2** – To reduce the 25-foot minimum side yard to 12.4 feet adjacent to the east property line for an existing wood deck accessory structure. (Sec. 64-416(c)(1)).
- **Part 3** - To reduce the existing barn housing animals distance requirement from 100 feet to 21.7 feet adjacent to the east property line (Sec. 64-415(a)(4)(a)).
- **Part 4:** To reduce the existing barn housing animals distance requirement from 100 feet to 45.8 feet adjacent to the east property line (Sec. 64-415(a)(4)(a)).

Comments: DRB recommends approval of the variance requests. The Board inquired if the setbacks and all variance distances were referenced as both properties combined as one parcel. Staff replied that the applicant would need to combine both parcels through a minor plat process. In addition, the Board acknowledged that keeping large acreage horse farms is important in the City of Milton, thus the Board did not want to jeopardize the integrity of both properties that were meant to be a large acre horse farm.

Motion to recommend approval of V24-05, 13355 Arnold Mill to the Board of Zoning Appeals: Casey Robinson

Second: Anne D'Anella

Vote: 6-0 (Approve)

8. NEW BUSINESS

The Board inquired about the process of how to recommend changes to the Ordinance related to demolition, especially for dilapidated structures that have not been identified as historic in the GA's Historic Resources survey or Milton's historic list, that those types of structures can proceed with the permitting process without requiring them to go to DRB for review. Staff responded that for any changes related to the Ordinance, a text amendment process is required. This process will require public meetings that include the Planning Commission and City Council. Staff recommends that DRB meet with the Community Development Director as the first step of the process.
