**INTERGOVERNMENTAL AGREEMENT  
BETWEEN FULTON COUNTY, GEORGIA  
AND CITY OF MILTON, GEORGIA**

**For Big Creek Greenway Connection Project**

**THIS INTERGOVERNMENTAL AGREEMENT** (this “**IGA**”) is executed as of the \_\_\_\_\_ day of \_\_\_\_\_, 2025, by and between **CITY OF MILTON, GEORGIA**, a municipal corporation of the State of Georgia (“**City**”), and **FULTON COUNTY, GEORGIA**, a political subdivision of the State of Georgia (“**Fulton County**”). The term “**Party**” refers individually to either City or Fulton County and the term “**Parties**” refers to both City and Fulton County.

**WHEREAS**, City has undertaken a project for the Big Creek Greenway connection along Webb Road and Cogburn Road from Bethany Bend Road to Morris Road, PI 0015078 (the “**Project**”) through its competitive bidding procedures; and

**WHEREAS**, Fulton County has the following utility (Water) facilities which must be adjusted, added, or relocated and provided connection along the new roadway as a result of the proposed Project (hereinafter called the “**Utilities Relocation**”); the facilities include fire hydrants, a water main, water meters, and valve boxes, as shown on construction plans for the Project; and

**WHEREAS**, Fulton County does not have adequate equipment or staff to adjust or relocate its facilities or for other reasons considers it advantageous to have this work included in City’s construction contract; and

**WHEREAS**, the plans and specifications for the Utilities Relocation (hereinafter called the “**Plans**”) have been approved by both City and Fulton County and are attached hereto and incorporated herein as **Exhibit “A”**; and

**WHEREAS**, the Constitution of the State of Georgia provides, in Article IX, Section III, Paragraph I, Subparagraph (a), that any county or municipality of the State of Georgia may contract for any period not exceeding 50 years, with each other or with any other public agency, public corporation, or public authority for the provision of services, or for the joint or separate use of facilities or equipment when such contracts deal with activities, services, or facilities which the contracting parties are authorized by law to undertake or provide; and

**WHEREAS**, Fulton County and City desire to enter into this IGA wherein City, through its contractor, can adjust and relocate Fulton County’s facilities in an economical and efficient manner without disruption to the Project; and

**WHEREAS**, as consideration for City adjusting, adding, or relocating Fulton County’s facilities, Fulton County will reimburse the cost to City; and

**WHEREAS**, Fulton County and City have determined that this IGA serves the best interest of all Parties and their citizens by improving public infrastructure.

**NOW THEREFORE**, incorporating the foregoing recitals, and in consideration of the mutual promises, covenants, and undertakings of the Parties hereinafter set forth, and for the public purposes herein contained and provided for, Fulton County and City covenant, agree, and bind themselves as follows:

**I. PURPOSE.**

This IGA is entered into with the understanding by the Parties that the primary purpose of this IGA is for the Parties to meet the public purpose of transportation and infrastructure improvements, including water facilities.

**II. COMPENSATION AND PAYMENT.**

1. The approximate non-binding pre-let estimate of the total cost of the Utilities Relocation work contemplated under this IGA, subject to change based upon bid acceptance and as otherwise provided herein, is \$1,021,080.00 (One Million Twenty-One Thousand Eighty and 00/100 Dollars) based on Fulton County's estimate attached hereto and incorporated herein as **Exhibit "B"**. Fulton County shall pay 100 percent of the final cost of the Utilities Relocation work performed on behalf of Fulton County to City, as such cost is determined pursuant to the terms of this IGA. It is agreed that the compensation specified includes both direct costs and indirect costs, specifically including overhead expenses but excluding attorney's fees, incurred in the performance of this IGA.
2. As soon as practicable after the opening of bids and acceptance of a bid by City, City shall notify Fulton County in writing of the cost amount due City.
3. City will submit invoices for progress payments to Fulton County monthly, quarterly, and/or after completion of the Utilities Relocation work. Fulton County shall pay such invoices within thirty (30) days from receipt until and through completion of the Utilities Relocation work. City shall submit a final invoice to Fulton County as provided herein.
4. In the event there is a change in the Project or it becomes necessary to add pay items that are not provided for in this IGA, City shall negotiate prices with the construction contractor and enter into a supplemental agreement with the contractor for completion of the additional items, after obtaining the written consent of Fulton County on items that affect the Utilities Relocation. Once approved, Fulton County shall bear 100 percent of the additional cost of the Utilities Relocation, including, without limitation, the cost of any improvements or betterments to the water facilities requested by Fulton County, as determined in accordance with this IGA.

5. The final cost of the Utilities Relocation work performed on behalf of Fulton County shall be determined by measurement of the actual quantities of installed materials, including added items as provided herein, multiplied by the actual bid prices. Accordingly, after the Utilities Relocation has been completed and as-built plans have been provided to Fulton County, City shall determine the final as-built cost to be borne by Fulton County and, as the case may be, shall refund to Fulton County or shall request of Fulton County an additional payment in the amount of the difference between the final cost to be borne by Fulton County and the amount which Fulton County has previously paid to City. In the event additional payment is due to City, Fulton County agrees to pay same within thirty (30) days after the invoice is received from City. In the event a refund is due Fulton County, City agrees to pay Fulton County within thirty (30) after the refund amount is determined by City.

### **III. OVERVIEW.**

The work contemplated by this IGA consists of Utilities Relocation as a result of the Project. Upon completion of the work and upon certification by City and Fulton County's Engineers that the work has been completed in accordance with the Plans, Fulton County will accept the adjusted, relocated, and additional facilities and will thereafter operate and maintain said facilities without further cost to City or its contractor. Such maintenance and all operations and activities will meet Fulton County's rules, policies, procedures, standards, and specifications, and be subject to City's requirements related to utility accommodations.

### **IV. FULTON COUNTY RESPONSIBILITIES.**

1. Fulton County agrees that the Project and Utilities Relocation designs are accurately shown in the Plans attached hereto as **Exhibit "A"** to the best of the Parties' knowledge.
2. Subject to the provisions of Section X hereof, Fulton County shall have the right to visit and to inspect the work activities and any reports, drawings, studies, specifications, estimates, maps, and computations related to the work for Fulton County's facilities at any time to ensure they meet Fulton County's rules, policies, procedures, standards, and specifications, and to advise City's Project Manager / Engineer-in-Charge of any observed discrepancies or potential problems.
3. Fulton County shall respond in a timely manner to any issue that may arise during the construction phase. Every effort shall be made not to delay the contractor under any circumstances.
4. Subject to the provisions of Section II hereof, Fulton County is responsible for reimbursing all material and labor costs to City related to the Utilities Relocation for this Project that are completed to the reasonable satisfaction of Fulton County in accordance with the Plans.

**V. CITY'S RESPONSIBILITIES.**

1. City shall undertake the contracting and assume responsibility for the Project's management and completion.
2. City shall ensure that all work necessary for the Utilities Relocation in accordance with the final Plans shall be included in the contract and let to bid by City.
3. All construction, engineering and contract supervision shall be the responsibility of City. City shall keep accurate records with regard to the activities conducted under this IGA and provide Fulton County access to such records upon request. City shall consult with Fulton County for its approval as provided herein before authorizing any changes or deviations which affect Fulton County's facilities.
4. City shall respond in a timely manner to any issue that may arise during the construction phase. All efforts shall be made not to delay the contractor under any circumstances.
5. City shall be responsible to assure that all Utilities Relocation work is accomplished in accordance with the Plans.

**VI. ADDITIONAL UNDERSTANDINGS.**

The Parties to this IGA have mutually acknowledged and agreed to the following:

1. The Parties shall work together in a cooperative and coordinated effort, and in such a manner and fashion to bring about the achievement and fulfillment of the goals and objectives of this IGA.
2. It is not the intent of this IGA to restrict the Parties to this IGA from their involvement or participation with any other public or private individuals, agencies or organizations.

**VII. TERM.**

This IGA shall be effective upon execution by both Parties and continue until completion of the Utilities Relocation and the Project and full reimbursement by Fulton County to City for the cost of the work. In no event shall this IGA exceed a fifty (50) year term. The Parties may agree to amend this IGA at any time.

**VIII. RESPONSIBILITY FOR CLAIMS AND LIABILITY.**

It is hereby stipulated and agreed between the Parties that, with respect to any claim or action brought by a third party and arising out of the activities described in this IGA or stemming from any matter arising out of any actual or alleged infringement of any patent, trademark, copyright, or service mark, or other actual or alleged unfair competition disparagement of product or service, or other tort or any type whatsoever, or any actual or alleged violation of trade regulations, each Party shall only be liable for payment of that portion of any and all liability, costs, expenses, demands, settlements, or judgments resulting from the negligence actions or omissions of its own agents, officers, and

employees. Either Party may self-fund its obligations under this IGA. However, nothing herein shall be construed as a waiver of any Party's sovereign immunity or the immunities available to the officials, officers and employees of the Parties. Under the construction contract between City and the contractor performing the Utilities Relocation, such contractor shall agree to indemnify and hold harmless Fulton County as an additional indemnified party under the construction contract with respect to the Utilities Relocation work.

## **IX. INSURANCE.**

Under the construction contract between City and the contractor performing the Utilities Relocation, such contractor shall agree to include Fulton County, as the owner of the utility facilities affected by the Utilities Relocation work, as an additional insured on bodily injury and property damage liability insurance required to be purchased and maintained by the contractor in accordance with the terms of the construction contract. Such insurance shall be in an amount of not less than \$1,000,000.00 per occurrence. Certificates of insurance stating coverages and policy limits and showing City, Fulton County, and other insured parties as additional insured shall be provided in accordance with the terms of the construction contract.

## **X. REVIEW OF WORK.**

Authorized representatives of Fulton County may at all reasonable times review and inspect the Utilities Relocation work under the terms of this IGA and any amendments thereto. If requested by Fulton County under the terms hereof, its review recommendations shall be reviewed and considered by City's Project Manager / Engineer-in-Charge. Should City's Project Manager / Engineer-in-Charge determine incorporation of such recommendations into the work activities of City is not appropriate, the Project Manager / Engineer-in-Charge shall promptly notify Fulton County and, should Fulton County so request, the Parties will meet within seven (7) days to discuss and review Fulton County's recommendations. Should the Parties be unable to agree after meeting, Fulton County's recommendations shall be incorporated into the work activities if they relate solely to Fulton County's facilities. Otherwise, the determination of the Project Manager / Engineer-in-Charge shall control.

## **XI. TIME OF PERFORMANCE.**

Time is of the essence in all matters pertaining to this IGA. In the event Fulton County requests any changes in the work related to the Utilities Relocation after the Project work is underway, Fulton County shall cooperate in a prompt and timely manner to any requests by City in the processing of any change orders to avoid delays on the progress of the Utilities Relocation. Fulton County will be responsible for any unforeseen site condition related to the Utilities Relocation work that creates a Project delay.

## **XII. MISCELLANEOUS.**

1. **Entire Agreement; Counterparts.** This IGA may be executed by the Parties in counterparts, each of which shall constitute an original. This IGA, including the attached exhibits, sets forth the entire understanding between the Parties and supersedes all previous agreements and understandings between them, oral or written, and may be amended only in a document executed by both Parties. No amendment, modification, termination, or waiver of any provision of this IGA, nor consent to any departure by the Parties, shall in any event be effective unless the same shall be in writing and signed by Fulton County and City, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given.
