DESIGNATION CRITERIA & EVALUATION; CHAPTER 19 MINTURN MUNICIPAL CODE:

To meet landmark designation criteria, in accordance with Chapter 19, Minturn Municipal Code, the application(s) must be complete, and the structure must meet the following criteria:

MMC Sec. 19-3-20. Eligibility Criteria.

- a. Properties or historic districts shall be at least seventy-five (75) years old and meet one (1) or more of the following criteria in order to be considered for designation:
 - 1) Association with events that have made a significant contribution to history
 - 2) Connection with persons significant in history
 - 3) Distinctive characteristics of a type, period, method of construction, or artisan
 - 4) Geographic importance
 - 5) Possibility to yield important information related to prehistory or history

CRITERIA EVALUATION

Town staff found that the application for designation demonstrates that the structure meets the following criteria.

A. Connection with persons significant in history

The Nelson's were an institution for Minturn with Mr. Ben Nelson running the Nelson Dairy and Mr. Peter Nelson running the Nelson ranch starting in 1888. According to *Minturn, A*

Memoir Pete Nelson “homesteaded the ranch at the foot of Meadow Mountain where the Forest Service complex was built in the late 1980s.” “The Nelsons owned all the land that was later know as Maloit Park, which they later sold to the New Jersey Zinc Co., but in the ‘30s they used all this land and all of the Cross Creek area for pasture and winter feeding.” The Nelsons trucked lettuce to Denver weekly for several years, contributing to the unofficial title of lettuce capital of the country for Minturn.

- B. Distinctive characteristics of a type, period, method of construction or artisan** (exemplifies specific elements of an architectural style or period; represents a style that is particular to the Town; and, represents a built environment of a group of people in an era of history)

155 Main Street reflects the Late Victorian style of architecture, specifically Folk Victorian and Minimal Traditional that was constructed in North America in the early to mid-20th century. (Craven) Traditional Minimal became extremely popular just before and post WWII. The preference of this architecture was to make relatively simple houses out of materials that were readily available and “[as] the railroads expanded, factory-made building parts could be sent to far corners of the continents” (Craven).

This familiar style can be seen in many places.

- C. Geographic Importance** (enhances the sense of identity of the Town or community; is an established and familiar natural setting or visual feature of the Town or community)

“This is an iconic structure with it's twin sitting next door (fitting as these were houses for brothers). They are one of the first buildings one sees as they drive into the heart of Minturn. They represent a time when Minturn used to be ranches and farmland as the people who built these houses ran cattle, sheep, a dairy farm, ("Minturn, A Memoir", Burnett) and lettuce fields that contributed to Minturn being called the lettuce capital of the United States for a brief time. They have since been co-opted into commercial stores rather than residences and continue to contribute to the character of the Town.” (Nomination Application)

This structure represents a transitional period of Minturn’s history where Minturn recently incorporated as one of the oldest towns in Eagle County. 155 Main Street is a lot that is in the middle of the Town’s commercial core. This building is a familiar sight to any locals and visitors who have lived in or frequented Minturn.
