To Whom It May Concern:

On behalf of Eagle County Health Service District d/b/a Eagle County Paramedic Services, we have the ability to serve the property and PUD known as Midtown Village in the 900 block of US Highway 24 in Minturn Colorado.

This project will not create an undue burden on response and can be served from our Stations located in Vail and Avon.

Please feel free to contact me with any questions.

Sincerely,

Jim Bradford
COO
Eagle County Health Service District
