4. What are some of the reasons you wish to serve on this board?

I have worked with youth in this valley since 2006. I have experienced first hand the need that so many teens have for financial support and guidance with their post secondary plans. I wholeheartedly believe in the goal of this board.

I also firmly believe in giving back to the community that you live in. We are a small town and it is important to contribute to areas that you can!

With my experience as a 6th-12th grade principal, I can help navigate student applications, transcripts, clubs and activities.

5. Please add any other additional comments that you would like to share.
