Marissa Ortega Gerlach, Councilwoman
Alberto Vela, Councilman
Mike R. Perez, City Manager

March 5, 2026

To the Honorable Mayor,
Members of the City Council,
and Citizens of the City of Mission, Texas:

The Annual Comprehensive Financial Report of the City of Mission, Texas (the City) for the fiscal year ended September 30, 2024, is submitted in accordance with Section 3.14 of the City Charter.

This report contains management’s representations concerning the finances of the City of Mission; consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Mission has established a comprehensive internal control framework that is designed to protect the government’s assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Mission’s financial statements in conformity with GAAP. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Burton McCumber & Longoria, LLP, has issued an unmodified (“clean”) opinion on the City’s financial statements for the year ended September 30, 2024. The independent auditor’s report is located at the front of the financial section of this report.

Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this transmittal letter and should be read in conjunction with it.

The City is required to undergo an annual single audit in conformity with the provisions of the Uniform Guidance. Information related to the single audit, including the Schedule of Expenditures of Federal and State, findings and recommendations, and auditors’ reports on the internal control structure and compliance with applicable laws and regulations are included in the single audit report.

CITY PROFILE AND STRUCTURE

The City of Mission was incorporated on March 19, 1910 and is located along the U.S. - Mexico border in South Texas. The City currently occupies a land area of approximately 36.17 square miles. The City's population has grown since the 2021 census from 85,778 to 88,574 as per the 2024 census, an increase of 3.26%. The City is empowered to levy a property tax on both real and personal property located within its boundaries and it is empowered by state statute to extend its corporate limits by annexation, when deemed appropriate by the City Council.

The City of Mission is a political subdivision located in Hidalgo County operating as a home rule city under the City's Home Rule Charter, which was last amended on May 11, 2024. The City operates under a Council/Manager form of government where the Mayor and four Council members are elected at large to four-year staggered terms. The City Council is responsible, among other things, to enact local legislation, adopt budgets, determine policies and appoint the City Manager and City Attorney. The City Manager is responsible for executing the policies and ordinances of the City Council, for overseeing the day-to-day operations of the City, and for appointing the heads of the City's departments.

The City provides a full range of services, including police and fire protection; the construction and maintenance of streets and other infrastructure; recreational and cultural events; water, sewer, and sanitation services; and a municipal golf course.

BUDGET

The annual budget serves as the foundation for the City's financial planning and control. The department heads of the City are required to submit requests for appropriations to the City Manager by the second Friday in June; the City Manager uses these requests as the starting point in developing a proposed budget. The City Manager then presents the proposed budget to the City Council for their review by mid-August. The City Council is required to hold public hearings on the proposed budget and to adopt a final budget no later than fifteen (15) days prior to October 1; the beginning of the new fiscal year. The budget is prepared in order of fund, function, and department. The legal level of budgetary control is in the department level within each fund. Any change to the original budget, which will exceed or deplete the appropriated amount at the department level requires City Council approval. Any change to the original departmental budget between line items will be processed through a budget reclassification form, which requires the approval of the City Manager, Finance Director, and Department Head. Budget adjustments may not be made between different departments nor can they be used to increase or decrease wages and benefits; such changes will require City Council approval.

LOCAL ECONOMY

Mission is one of the major cities of the McAllen-Edinburg-Mission Metropolitan Statistical Area (MSA). Mission is among the fastest growing cities in the Rio Grande Valley, State of Texas, and United States.

Because of the semi-tropical weather, culture, friendliness, and proximity to Mexico, Mission has become home to "Winter Texans" for four to six months out of the year. Winter Texans are mostly retired citizens from northern states who visit the Rio Grande Valley to escape the cold winter weather. Thousands of visitors from Mexico also contribute to the economy of the City. The City currently has eleven businesses that provide lodging to tourists.

The City of Mission has experienced significant economic growth and investment over the past 10 years. More than \$827 million in residential and commercial development have been completed or are in various phases throughout the City. Despite the increase in commercial and residential development, there was an increase in the City of Mission unemployment rate due to the COVID-19 pandemic. According to the Texas Labor Market Information website, the City's unemployment rate was 5.8% as of November 2024.

The City of Mission, Mission Regional Medical Center, Sharyland Independent School District, and Mission Consolidated Independent School District, also have a significant economic presence, employing more than 5,340 professionals, teachers, and support staff.

The following list identifies the major accomplishments that the City has undertaken to improve the community and its economy.

Fiscal Year 2023-2024 Accomplishments

- Maintained the Tax Freeze for the elderly and disabled as well as the \$10,000 Tax Exemption for the elderly and disabled.
- The City was awarded \$14.8 million in State and Federal Grants for housing, public safety services and equipment, park improvements, homeless prevention programs, and education programs.
- Continued Phase III of the Taylor Road Expansion Project. This project will be funded through an inter-local agreement with City of Mission, City of McAllen, and Hidalgo County.
- Continued the design, engineering and planning work for the interconnecting roadways for the future Inspiration Road/Military Parkway Loop.
- Completed the design and started construction for a Lions Park all-inclusive park.
- Completed the renovation of the Golf course maintenance building.
- Completed the design and construction for the Police and Fire substation in the southwest section of the city.

The following list identifies the major initiatives that the City has proposed in Annual Budget Report.

Major Initiatives For Fiscal Year 2024-2025

- Continue applying for federal and state grants that would enable the City to provide additional positions for the Police and Fire Departments.
- Continue the practice in the CDBG program of focusing solely on providing for the reconstruction of homes and the funding of several public agencies. Two rehabilitation projects are currently budgeted for with CDBG funds.
- Improve workplace safety and reduce the number of injury claims by implementing safety programs aimed at making employees aware of conditions around them and taking pro-active measures to correct problem areas and reduce general liability insurance and worker's compensation claims.
- Continue design and planning for drainage improvement project throughout the City.
- Continue the engineering and design of the international Madero Bridge Project.
- Complete the City Hall roof renovation.

LONG-TERM FINANCIAL PLANNING

The City adopted a Fund Balance Policy on June 27, 2011 requiring the General Fund Unrestricted Fund Balance maintain a minimum of two (2) months of operating expenditures. Unrestricted Fund Balance is composed of unassigned, committed, and assigned net assets. The City did not meet this requirement at year-end with an ending Unrestricted Fund Balance of \$2,395,050.

The City's FY 2024 Budget was prepared very conservatively based on current economic activity within our city. The City will continue to apply for federal and state grants and will continue to fund capital needs through the issuance of debt.

The City's Master Plan, which is constantly being reviewed, is used to guide city staff in meeting the future needs and demands of this fast growing community and still maintain the necessary fund balance.

ACKNOWLEDGEMENTS

The preparation of this report could not be accomplished without the efficient and dedicated services of the Finance Department. We would like to express our appreciation to all members of the Finance Department and other City departments who assisted and contributed to its preparation. Credit should also be given to the Mayor, City Council, MEDC and MRA, for their interest and support in planning and conducting the operations of the City in a responsible and progressive manner.

In conclusion, we would like to thank the City's auditing firm, Burton McCumber & Longoria, LLP, for their efforts, not only in the performance of the City's annual audit, but for their professionalism and dedication. They have been an excellent source of information for the preparation of the report.

Respectfully submitted,

Andy Garcia

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor
and Members of the City Council
City of Mission, Texas

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Mission, Texas (City), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Mission, Texas, as of September 30, 2024, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

Change in Accounting Principle

As described in Note 1 to the financial statements, in 2024 the City adopted new accounting guidance, GASB Statement No. 100 *Accounting Changes and Error Corrections*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and budgetary comparison schedules, the capital assets used in the operation of governmental funds section, and the supplemental schedules section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and budgetary comparison schedules, the capital assets used in the operation of governmental funds section, and the supplemental schedules section are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 5, 2026 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Burton, McCumber, & Longoria LLP

McAllen, Texas

Management's Discussion and Analysis

As management of the City of Mission, we offer the readers of the City of Mission's financial statements this narrative overview and analysis of the financial activities of the City of Mission for the fiscal year ended September 30, 2024. We encourage readers to consider the information presented here in conjunction with the additional information that has been furnished in our letter of transmittal, which can be found on pages 9-12 of this report.

Financial Highlights

- The assets and deferred outflows of the City exceeded liabilities and deferred inflows at the close of the most recent fiscal year by \$227,364,153 (net position).
- The City's total net position increased by \$21,445,267, net of restatements. Governmental activities contributed an increase of \$14,876,060 while the business-type activities contributed an increase of \$6,569,207. Total revenues reflect a decrease of 0.35% and total expenses reflect a decrease of 8.17% compared to prior year.
- As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$14,761,073, a \$11,945,874 decrease in comparison to prior year.
- At the end of the current fiscal year, the unassigned fund balance for the general fund was a negative \$1,618,467, a decrease of \$5,412,256 compared to prior year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Mission's basic financial statements. The City of Mission's basic financial statements comprise of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements - The government-wide financial statements are designed to provide readers with a broad overview of the City of Mission's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* - presents information on all the City of Mission's assets, deferred outflows, liabilities and deferred inflows with the difference between the four reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Mission is improving or deteriorating.

The *Statement of Activities* - presents information showing how the government's net position is reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).

Both of the government-wide financial statements distinguish functions of the City of Mission that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Mission include: general government; public safety; highways and streets; health and welfare; culture and recreation; and economic development. The business-type activities of the City of Mission include four funds: utility (water and sewer); golf course; solid waste and event center.

The government-wide financial statements include not only the City of Mission itself (known as the primary government), but also legally separate component units for which the City of Mission is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself. The government-wide financial statements can be found on pages 35 to 37 of this report.

Fund financial statements -A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City of Mission, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the City of Mission funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds -Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Mission maintains twenty-four (24) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the Tax Increment Reinvestment Fund, which are considered major funds. Data of two additional funds is incorporated with the General Fund as a result of Governmental Accounting Standards Board (GASB) Statement No. 54. Data from the other seventeen (17) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements starting on page 150 of this report.

The City of Mission adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 38-42 of this report.

Proprietary Funds - The City of Mission maintains two different types of proprietary funds.

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Mission uses enterprise funds to account for its water and sewer system, golf course operation, solid waste operation and event center operation.

Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City of Mission uses an internal service fund to account for health insurance premiums, medical claims, and health administrative fees. Because this service predominantly benefits governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water and sewer system, golf course operations, solid waste operations and event center operations, all of which are considered to be major funds of the City of Mission. Conversely, the internal service fund is a single presentation in the proprietary fund financial statements. The basic proprietary fund financial statements can be found on pages 43-45 of this report.

Fiduciary Funds -Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is similar to that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 46-47 of this report.

Notes to the financial statements - The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 49-118 of this report.

Other information -In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City of Mission’s progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 119-143 of this report.

The combining statements referred to earlier, in connection with non-major governmental funds, are presented immediately following the required supplementary information on pensions. The combining statements and individual fund schedules begin on page 147 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the City of Mission, assets and deferred outflows exceeded liabilities and deferred inflows by \$227,364,153 at the close of the most recent fiscal year.

The following table summarizes the City’s net position at September 30, 2024.

	City of Mission					
	Net Position

By far, the largest portion of the City’s net position (99.8%) is investment in capital assets (e.g., land, buildings, machinery, and equipment) less any related debt used to acquire those assets that are still outstanding. The City of Mission uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the City of Mission’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The City’s overall net position increased \$21,445,267 from the prior fiscal year. The reasons for this overall increase are discussed in the following sections for governmental activities and business- type activities.

Governmental Activities - During the current fiscal year, net position for governmental activities increased by \$14,876,060 from the prior fiscal year for an ending balance of \$147,030,160.

The net position increase is mainly attributable to an increase in miscellaneous revenues of \$7,314,110 and an overall decrease in expenditures of \$9,027,615 from the previous year.

Analysis of Changes in Net Position

The following table summarizes the changes in the City’s net position from its activities for the fiscal year ended September 30, 2024.

Total revenues generated from governmental activities for this year were \$84,881,250, reflecting a \$317,162 decrease compared to last year. The most significant changes occurred in the following areas:

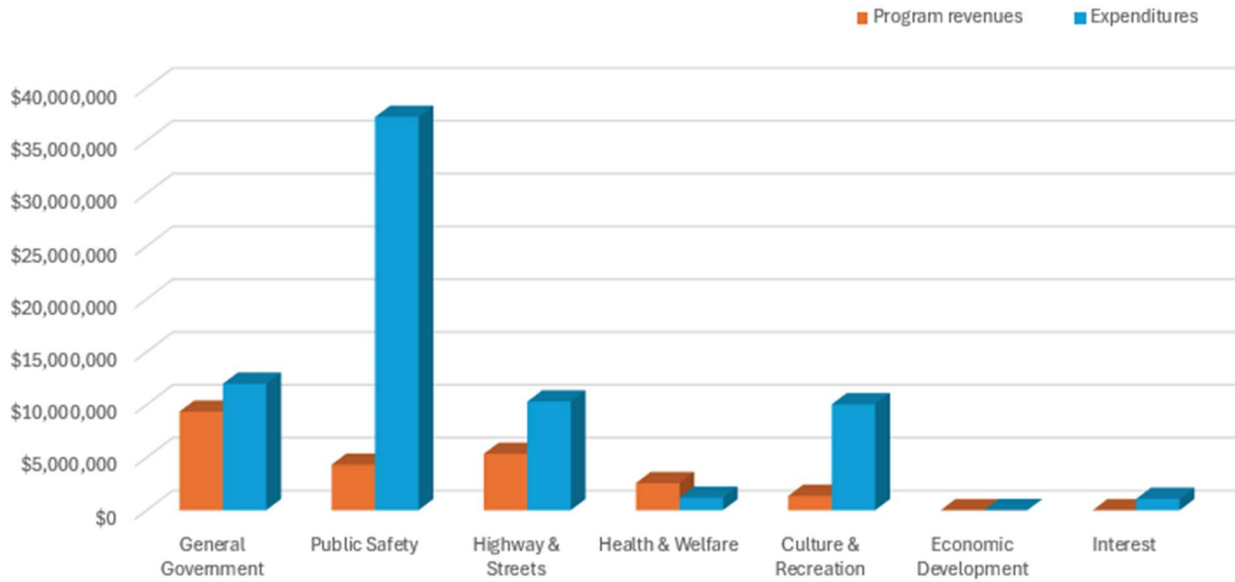

- A decrease in capital grants and contributions of \$10,706,111 mostly related to the ARPA grant funding.
- Miscellaneous revenues increased by \$7,314,110, mostly related to funding for a drainage project of \$1,267,411, contributed assets for \$3,720,565, debt service funding for \$1,500,000, sale of land for \$486,852, and other sources in the amount of \$339,552.
- Charges for services increased \$1,214,596, operating grants increased \$1,283,267, as well as other taxes increased by \$1,310,039.

Revenues by Source - Governmental Activities

The following graph displays the portion of expenses funded by program revenues.

Expenses and Program Revenues - Governmental Activities

Total expenses from governmental activities for this year were \$72,618,529 reflecting a \$9,027,615 decrease compared to last year. The most significant changes occurred in the following areas:

- General Government Activities decreased by \$8,845,061 mostly related to ARPA grant reimbursement activities.
- Public Safety increased by \$6,604,274. The variance is related to Police and Fire Departments related expenditures including the EMS function.
- Economic Development expenditures decreased by \$7,809,109 related to component unit financial reporting.

Business-type Activities- Results of Business-type activities increased the City of Mission’s net position by \$6,569,207. Revenues increased by \$211,142 and expenses increased by \$704,442 in comparison with prior year

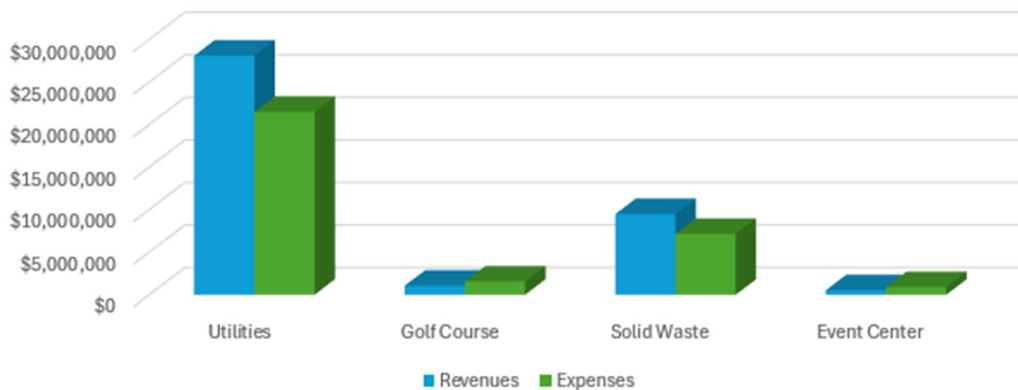

Revenues by Source - Business-type Activities

- Charges for Services increased by 2.8 % in comparison to the prior year due to the increase of rates on the solid waste services

The following graph displays the portion of expenses funded by program revenues.

Expenses and Program Revenues - Business-type Activities

- Expenses for business-type activities of the City totaled \$31,085,070 an increase of \$704,442 compared to prior year. The variance is due to various operational factors.

Financial Analysis of Government's Funds

As noted earlier, the City of Mission uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds - The focus of the City of Mission governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Mission's financing requirements. In particular, unassigned fund balances may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to a particular purpose by either the City of Mission, an external party, a group or individual that has been delegated authority to assign resources to be used for particular purposes by the City of Mission City Council.

As of September 30, 2024, the City of Mission's governmental funds reported a combined fund balance of \$14,761,073, a decrease of \$11,945,874 compared with the prior year.

The General Fund is the main operating fund of the City of Mission. At the end of the current fiscal year, the total fund balance was \$4,277,590 a decrease of \$3,102,919 compared to prior year, with the unassigned portion of the fund balance at a negative \$1,618,467. As a measure of the General Fund's liquidity, it is useful to compare both unassigned fund balance and total fund balance to total General Fund expenditures.

The other governmental funds had an \$1,767,935 increase in fund balance during the current fiscal year. The overall revenues for other governmental funds increased by \$9,101,756 with the majority of the increase in intergovernmental revenues, and the overall expenditures for other governmental funds decreased by \$20,239,383.

Revenues and Transfers-In

The following table presents a summary of General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Funds revenues and transfers-in for the fiscal years ended September 30, 2024 and 2023. Major differences are due to:

- Miscellaneous revenues increased related to a drainage project, contributed capital and debt service transfers.
- Intergovernmental revenues decreased related to ARPA funding in 2024

Revenues and Transfers In

	2024	% of	2023	Increase	% of

Expenditures and Transfers-Out

The following table presents a summary of General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Funds expenditures, transfers-out, and other financing uses for the fiscal years ended September 30, 2024 and 2023. Major differences are due to:

- Public Safety expenditures increased due to the Fire department EMS services and overtime.
- General government expenditures decreased due to activity related to ARPA and other grants funding related to the pandemic.

Expenditures & Transfers-Out	2024 Amount	Percent of Total	2023 Amount	Amount of Increase (Decrease)	Percent of Increase (Decrease)
General government	\$ 19,149,462	21.16%	\$ 27,334,972	\$ (8,185,510)	-29.95%

Total	<u>\$ 90,487,351</u>	<u>100.00%</u>	<u>\$ 107,722,686</u>	<u>\$ (5,132,761)</u>	<u>-4.76%</u>

Proprietary Funds. The City of Mission's Proprietary Funds provide the same type of information found in the government-wide financial statements, but in more detail.

At the end of the year, total unrestricted net position amounted to (\$5,089,851). The Solid Waste Fund had unrestricted net position of \$304,578. The Solid Waste unrestricted net position increased by \$1,110,928. The Utility Fund and Golf Course Fund ended the year with an unrestricted net position of (\$3,647,858) and (\$2,057,683), respectively. The Utility Fund unrestricted net position increased by \$681,891 and the Golf Course unrestricted net position increased by \$1493,360. The Event Center ended the year with an unrestricted net position of \$311,112. The Event Center unrestricted net position increased by \$359,129.

The Golf Course Fund borrowed working capital from the General Fund in order to meet its daily operational expenses during the current year. Golf Course operating revenues reflect an increase of \$63,952 from prior year. Expenses increased by \$96,690 in comparison to prior year. Management continues to closely monitor expenses and to promote the Golf Course not only in the surrounding communities but also nationwide through various advertisement sources including Twitter, Facebook, and Google Plus.

The Utility Fund revenues decreased by \$192,462 and expenses increased by \$770,803 compared to prior year.

The Solid Waste Fund completed its fifth full fiscal year of commercial collections at the end of fiscal year 2024. Revenues increased by \$884,442 and expenses increased by \$15,607 compared to prior year.

The Event Center revenues increased by \$154,884 and expenses increased by \$121,021 compared to prior year.

General Fund Budgetary Highlights

During the year, the City Council amends the budget as necessary. Generally, adjustments to the budget relate to requests not considered during the normal budgetary process. Original estimated revenues were increased by \$1,315,000 while budgeted appropriations were increased by \$912,992 during the year.

- City sales taxes collected shows a positive of \$289,383 verses budget.
- The most significant revenue variance, (\$636,646), is reflected in charges for services (EMS response fees).
- Interest earned on investments was a positive \$81,150 above budgeted amount.
- Revenues totaled \$55,668,649 while expenditures totaled \$58,878,879.

Capital Asset and Debt Administration

Capital assets. The City of Mission’s capital assets for its governmental and business type activities as of September 30, 2024, amounts to \$304,494,294 (net of accumulated depreciation and amortization). Investment in capital assets include: land, buildings and improvements, machinery and equipment, streets, storm drainage, sanitary sewer system, leases and right-to-use subscription assets and water system. The total increase in the City of Mission’s investment in capital assets for the current fiscal year was \$19,179,540.

Major capital asset events during the current fiscal year included the following:

- Construction in progress in the governmental activities increased by \$18,900,219. The project that contributed to the change in current year include the Taylor Road project.
- Leased assets increased by \$4,141,042 including activity from the Fire and Police department.

The following table summarizes the City’s total capital assets.

	City of Mission Capital Assets Net of Depreciation					
	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023

Economic Factors and Next Year’s Budgets and Rates

- According to the September 2025 issue of the Texas Labor Market Information, the unemployment rate for the City of Mission was 5.8%, increasing from 5.5% in prior year. The state and national average unemployment rates are 4.4% and 4.3%, respectively.
- Appraised values provided by the Hidalgo County Appraisal District and used in preparing the 2023-2024 Budget were \$756.7 million higher than the prior year.
- The 2024-2025 Budget was prepared using an adopted tax rate of \$0.5580 per \$100 valuation.
- Water and sewer rates unchanged in the 2024-2025 Budget.
- The 2024-2025 general fund operating budget was prepared using an estimated fund balance for the general fund was \$7,575,997. Projected revenues reflect a 11.8% increase and expenditures also reflect an 4.53% increase compared to FY 2024 original budget.
- The City is currently analyzing its current financial situation and will implement the necessary measures to maintain adequate levels of fund balance in the General fund to mitigate risks, provide a back-up plan for revenue shortfalls, and ensure that appropriate amounts are available for emergencies. The City’s Fund Balance Policy requires that the general fund total unrestricted fund balance (includes unassigned, committed, and assigned) will be no less than two (2) months of operating expenditures. At the end of FY 2024, the general fund unrestricted fund balance did not meet this requirement.

Requests for Information

This financial report is designed to provide a general overview of the City of Mission's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 1201 East 8th Street, City of Mission, Texas, 78572.

CITY OF MISSION, TEXAS
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED SEPTEMBER 30, 2024

Net change in fund balances - total governmental funds	\$ (11,860,672)
<p>Amounts reported for governmental activities in the statement of activities ("SOA") are different because:</p>	
Capital outlays are not reported as expense in the SOA.	21,160,918
The depreciation of capital assets are used in governmental activities is not reported in the funds.	(8,118,874)
The amortization of lease assets used in governmental activities is not reported in the funds.	(253,723)
The amortization of subscription assets used in governmental activities is not reported in the funds.	(255,063)
The gain or loss on sale of capital assets is not reported in the funds.	64,703
Donation of capital assets increase net position in the SOA but not reported in the funds.	3,720,565
This is the difference of certain property tax revenues deferred in the funds for this year.	369,726
This is the difference of certain grant revenues deferred in the funds for this year.	2,301,597
Repayment of bond principal is an expenditure in the funds but is not an expense in the SOA.	4,290,000
Repayment of lease and contractual obligations is an expenditure in the funds but is not an expense in the SOA.	1,894,375
Repayment of subscription and contractual obligations is an expenditure in the funds but is not an expense in the SOA.	236,174
Pension expense for the current period.	264,547
Other post employment benefit expense for the current period.	37,085
Long term payable is not an expenditure in the funds but is an expense in the SOA.	(20,408)
Bond issuance costs and bond premiums are reflected as an expenditure in the funds but not in the SOA.	605,370
Other financing sources are reflected in the funds but not in the SOA.	(77,368)
Bond pre-paid insurance costs and similar items are amortized in the SOA but not reported in the funds.	(51,556)
(Increase) decrease in accrued interest from beginning of period to end of period.	(5,094)
The net revenue (expense) of certain activities of internal service funds is reported with governmental activities.	329,923
Compensated absences are reported as the amount earned in the SOA but as the amount paid in the funds.	(169,996)
	14,462,229
Change in net position of governmental activities - statement of activities	\$ 14,462,229

NOTES TO FINANCIAL STATEMENTS

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Mission, Texas (the “City”), was incorporated in 1910 under the provisions of the City’s Home Rule Charter. The current City Home Rule Charter, which was last amended in 2008, authorizes the following services: public safety, public utilities, public works, planning and zoning, sanitation, recreational and cultural activities, a municipal golf course and general administrative services. Education, health, and welfare are administered by other governmental entities.

The accounting policies of the City conform to generally accepted accounting principles (GAAP) as applied to governmental units. The more significant accounting policies used by the City are described below.

Reporting Entity

The City is a municipal corporation governed by an elected mayor and four-member governing council (the “Council”). The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable, as defined by GAAP. Blended component units are, in substance, part of the primary government’s operations even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City.

In evaluating the City as a reporting entity, management has considered all potential component units in accordance with Section 2100: *Defining the Financial Reporting Entity* of the Governmental Accounting Standards Board (GASB) Codification.

Blended Component Units

The Mission Economic Development Authority (MEDA) was originally organized to provide development activities that could not be carried out by the Mission Economic Development Corporation (MEDC). Management of the City has operational and fiscal responsibility for this component unit. The Board now consists of 5 members, 4 of whom are board members of the MEDC. All Economic Development Activity on behalf of the City was reassigned by city resolution to MEDC. MEDA holds an investment in several lots of land which are available for sale. MEDA is presented as a blended component unit as MEDA’s current limited activity exclusively benefits the City. The MEDA does not issue separate financial statements. Their financial statements are included in the City’s Annual Comprehensive Financial Report as a special revenue fund for the year ended September 30, 2024.

Discretely Presented Component Units

On September 12, 1994, the Mission Economic Development Corporation (MEDC) was issued a Certificate of Incorporation by the State of Texas as a nonprofit corporation under the Development Corporation Act of 1979 Vernon’s Ann Civ. St. Art. 5190.6, as amended by adding Sec. 413. The MEDC was organized on behalf of the City for the specific public purpose of the promotion and development of commercial, industrial and manufacturing enterprises to promote and encourage employment and the public welfare. MEDC is governed by a seven- member board of directors, one of whom is the Mayor of the City of Mission, Texas. The remaining six are appointed by the Mayor and City Council of the City. Any director may be removed from office by the City Council for cause or at will. MEDC’s primary source of revenue is sales tax revenues generated by the City of Mission. In addition, the City approves the programs and expenditures of MEDC and must approve amendments to MEDC’s bylaws and Articles of Incorporation. MEDC is presented as a governmental fund type and has a September 30 year end.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Separately issued financial reports are available for the MEDC. These reports may be obtained by contacting the following offices.

Mission Economic Development Corporation
801 N. Bryan Rd.
Mission, Texas 78572

The City authorized the creation of the Mission Redevelopment Authority (the “Authority”) by the Resolution No. 1021 passed on November 26, 2001. The Authority was created and organized as a local government corporation pursuant to provisions of Subchapter D of Chapter 431 of the Texas Transportation Code and Chapter 394 of the Texas Local Government Code. The Authority is organized as a public non-profit corporation for the purpose of aiding, assisting, and acting on behalf of the City in the performance of its governmental function to promote the common good and general welfare of Reinvestment Zone Number One (the “Zone”) and neighboring areas; in the preparation and implementation of a project plan and a reinvestment zone financing plan for the zone; in the development of a policy to finance development and redevelopment of residential, educational facilities, commercial and park/open space properties in the Mission area; and in the development and implementation of a redevelopment policy for the Mission area, including the acquisition of land for redevelopment purposes. The Authority may issue bonds with consent of City Council. The Authority is managed by a Board of Directors consisting of seven members. Five of the members are appointed by the Mayor with the approval of City Council. The remaining two positions are designated for participating taxing entities. MRA is presented as a governmental fund type and has a September 30 year end.

Separately issued financial reports are available for the MRA. These reports may be obtained by contacting the following offices.

Mission Redevelopment Authority
801 N. Bryan Rd.
Mission, Texas 78572

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of the interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expense of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Those revenues susceptible to accrual are property taxes, franchise taxes, special assessments, interest revenue and charges for services. Sales taxes collected and held by the intermediary collecting governments at year end on behalf of the City also are accrued. Fines, permits and parking meter revenues are not susceptible to accrual because generally they are not measurable until received in cash.

Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the City has two discretely presented component units. While the MEDC and MRA are considered to be major component units, they are nevertheless shown in separate column in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applications for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including all dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

The fund financial statements provide information about the City’s funds, including its fiduciary fund and blended component unit. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

Governmental funds are those through which most governmental functions of the City are financed. Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available when it is collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Governmental fund types include the general fund, special revenue funds, debt service fund and capital projects funds.

The City reports the following major governmental funds:

General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Tax Increment Reinvestment Zone Fund is used to collect and remit to Mission Redevelopment Authority property taxes levied by the City and Hidalgo County to facilitate the provision of public works or improvements.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing service, producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The City reports the following proprietary fund types and related major funds:

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The City reports all of its enterprise funds as major funds.

Utility Fund accounts for the provision of water and sewer services to the residents of the City and some residents outside of the City.

Solid Waste Fund accounts for the provision of garbage and brush collection for the residents of the City.

Event Center Fund accounts for the operations and maintenance of the Mission Events Center.

Internal Service Fund, the Group Health Employee Plan Fund, is used to account for the financing of goods or services provided by one department or agency to other department or agencies of the City, or to other governments, on a cost-reimbursement basis. The Group Health Employee Plan Fund is used to account for health insurance premiums collected from employees and various City departments. Health insurance claims are also reflected in this fund.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City reports fiduciary fund types, in which the City accounts for assets received and held by the City in the capacity of trustee, agent or custodian. Deductions are made only in accordance with the purpose for which the assets are received and cannot be used to support the City’s programs. Within this category of fund types, the private-purpose trust fund is used to report trust arrangements under which principal and income benefit individuals, private organizations, or other governments not reported in other fiduciary fund types. All resources of the fund, including any earnings or invested resources, may be used to support the organization’s activities. There is no requirement that any portion of these resources be preserved as capital.

Fiduciary Fund, the Speer Memorial Library-Breyfogle, is a private purpose trust fund. This fund is used to account for resources held in trust to be used for library science courses. Such resources are to be used for library staff who have been accepted into a library science program and who are taking library science courses from an American Library Association/Masters of Library Science (ALA/MLS) accredited program or institution. All resources of the fund, including any earnings on invested resources, may be used to support these activities.

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

Budgetary Information

Budgetary basis of accounting

As mandated by the City Charter, budgets are required for all City funds each year. For the year ended September 30, 2024, budgets were not adopted for the Fiduciary Fund, but were adopted for the Internal Service Fund. Budget comparisons to actual expenditures for these funds are not required to be included in the financial statements. Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all government funds, except for the Capital Projects Funds. Budgets for the Capital Projects Funds are adopted over the multiple-year term of the projects.

The appropriated budget is prepared by fund, function, and department. The City’s department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the council. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year end, valid outstanding encumbrances (those for which performance under the executory contract is expected in the next year) are re-appropriated and become part of the subsequent year’s budget pursuant to state regulations.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess of expenditures over appropriations

Finance Department	\$ (40,061)
Organizational Expense	(116,774)
Risk Management	(110,433)
Information Technology	(40,906)
Fire Department	(1,479,006)
Fire Prevention Bureau	(5,520)
Debt Service	(262,602)

A net position deficit exists in the amount of \$2,254,382 for the Mission Redevelopment Authority (MRA) component unit for the year ended September 30, 2024. This deficit is due to MRA issuing debt to pay for facilities that were conveyed, or will be conveyed, to the City of Mission, Texas (the "City") or the State of Texas. MRA anticipates that with the expected development in the area, tax increment revenues will be sufficient to cover operating costs of MRA and to service the outstanding debt.

Cash and Cash Equivalents

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

Investments for the City consist of U.S. agency obligations and TexPool investments. U.S. Treasury and agency obligations are reported at fair value. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at amortized cost. The City's local government investment pools are recorded at amortized cost as permitted by GASB Statement No. 79, *Certain Investment Pools and Pool Participants*.

The City can legally invest in adequately secured investments in accordance with the State's *Public Funds Investment Act*. With certain restrictions, the City's Investment Policy allows investments in certificates of deposit, repurchase agreements, joint pools of political subdivisions in the State of Texas, obligations of the U.S. Government and its Agencies or instrumentalities and State obligations.

The Mission Economic Development Corporation (MEDC) is authorized, with certain restrictions, to invest in certificates of deposit, repurchase agreements, joint pools of political subdivisions in the State of Texas, obligations of the U.S. Government and its Agencies or instrumentalities and State obligations. Investments are reported at fair value in the component unit, except for pooled investments, which are stated at amortized cost. MEDC's bank accounts are managed by the City and the City's investment policies are followed.

The Mission Redevelopment Authority (MRA) is authorized to invest in any investments that are permitted by state statutes under the *Public Funds Investment Act*. During the year, MRA's investments consisted of U.S. government bonds and certificates of deposits which are valued at fair value.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Receivables and Payables

Included in accounts receivable of the City’s utility fund is an estimated amount for services rendered but not billed as of the close of the year. The receivable was estimated by prorating subsequent cycle billings, based upon meter readings sent to customers.

Property taxes receivable have been prorated between general and debt service fund based upon rates adopted for the year of the levy.

Allowance for doubtful accounts – Accounts receivable have been reported net of the allowance for doubtful accounts. Accounts receivable in the utility fund in excess of 120 days are subject to being considered as uncollectible.

Unearned revenue – Unearned revenue recorded on the governmental fund balance sheet represents amounts received before eligibility requirements are met.

Interfund Activities and Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as “due from other funds” or “due to other funds” within the fund financial statements. Long-term borrowings between funds are classified as “advances to other funds” or “advances from other funds” in the fund financial statements. These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any residual balance outstanding between the governmental and business-type activities at the end of the fiscal year, which are reported in the government-wide financial statements as internal balances. Advances between funds, reported in the fund financial statements, are offset by a fund balance classification in the applicable governmental funds to indicate that they are not available for appropriation.

Interfund transactions are reflected as services provided, reimbursements, or transfers. Services provided, deemed to be at or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when a fund incurs a cost, charges the appropriate benefitting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or business-type funds are netted as part of the reconciliation to the government-wide presentation.

Inventories and Prepaid Items

Inventories are valued at cost using the first-in/first-out (FIFO) method and consist of expendable supplies and repair parts as well as golf shop merchandise. The cost of such inventories is recorded as expenditures/expenses when consumed or sold rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

These balances are equally offset by nonspendable fund balance, which indicates that they do not constitute “available spendable resources” even though they are a component of total assets.

Land Held for Resale

The City, through the Mission Economic Development Authority and the Mission Economic Development Corporation, holds commercial real estate lots available for sale within an economically depressed area. These lots will be sold to attract development to further benefit the City.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Redevelopment Assets

Redevelopment assets are recorded at historical cost. Depreciation is not recorded on redevelopment assets because they are expenditures for planning, design and construction of economic development projects, which upon completion will be transferred to the City of Mission or other governmental entities. Governments usually acquire or incur construction or design costs related to the redevelopment property to attract private-sector investment in an economically depressed area. During the construction or planning and design phase, these capital project assets are considered redevelopment assets of these component units.

Restricted Assets

Certain assets of the City are classified as restricted assets on the statement of net position because their use is limited by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors, grantors, contributors or laws or regulations of other governments. Special restricted asset accounts have been established to account for the sources and uses of these limited use assets as follows:

Subdivider deposit accounts – Deposits that are to be refunded upon satisfaction of all obligations due.

Bond debt service accounts – Certain proceeds of long-term debt, as well as certain resources set aside for their repayment.

Capital projects – Includes resources set aside for capital outlays

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business- type activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

The Utility Fund has capitalized interest cost during the construction period of water and wastewater projects. The capitalized interest is recorded as part of the cost of these projects and will be depreciated over the assets' estimated useful life. The amount of interest cost capitalized is net of interest earned on investments acquired with proceeds of related borrowings. Interest expense is not capitalized on capital assets of governmental funds.

Depreciation of capital assets used by proprietary funds is charged as an expense against their operations in the fund financial statements as well as the government-wide financial statements. Depreciation of general capital assets used by funds categorized as governmental activities is not provided in the fund financial statements; however, it is included in the gross expense by function in the government-wide Statement of Activities. Capital assets, net of accumulated depreciation, are reported on proprietary fund balance sheets and in both the governmental activities and business-type activities column of government-wide statement of net position.

CITY OF MISSION, TEXAS
 NOTES TO FINANCIAL STATEMENTS
 SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets (Continued)

Land and construction in progress are not depreciated. The other property, plant, equipment, and infrastructure of the primary government are depreciated using the straight-line method over the following estimated useful lives:

Capital Asset Class	Lives
Buildings	30
Furniture and equipment	5-15
Vehicles	3-20
Water plant and water tower	20-50
Water lines	25
Sewer system	20
Infrastructure	10-45

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represent a consumption of net assets that applies to future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then.

The City has three (3) items that qualify for reporting as deferred outflows of resources, the *deferred amount on refunding*, the *deferred outflows related to pensions*, and the *deferred outflows related to OPEB*, reported in the government-wide and proprietary funds statements of net position. The deferred amount on refunding results from debt refinancing, whereby the reacquisition price of the funding debt instruments exceeds their net carrying amount. The deferred amount on refunding is amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows related to pensions are an aggregate of items related to pensions as calculated in accordance with GASB Codification Section P20: *Pension Activities – Reporting for Benefits Provided through Trusts That Meet Specified Criteria*. The deferred outflows related to pensions will be recognized as either pension expense or a reduction in the net pension liability in future reporting years.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represent an acquisition of net assets that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has three (3) items that qualify for reporting as deferred inflows of resources. The *deferred inflows related to pensions and OPEB* are an aggregate of items related to pensions and other post-employment benefits as calculated in accordance with GASB Codification Section P20: *Pension Activities – Reporting for Benefits Provided through Trusts That Meet Specified Criteria*. The deferred inflows related to pensions and OPEB will be recognized as a reduction to pension or OPEB expense in future reporting years. The *deferred inflows related to leases* are associated with amounts owed to the City, as lessor, by entities leasing the City’s capital assets.

Unavailable revenue, which arises only under a modified accrual basis of accounting, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from three sources: leases, property taxes assessments and EMS receivables. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as expenditure and fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported only in the governmental activities column of the government-wide financial statements. Compensated absences vested or accumulated are reported in the governmental funds only if they have matured. Vested or accumulated vacation leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees. In accordance with the provisions of Governmental Accounting Standards Board Statement No. 16, *Accounting for Compensated Absences*, the vesting method can be used to calculate the liability related to compensated absences for sick leave. The vesting method focuses on vesting sick leave. Vesting rights include vested rights and those rights that will eventually vest.

With the exception of police officers and firefighters, discussed below, the City has recognized a liability for the vested part of employee sick leave. Per the City's Personnel Policy Manual, one-half of accumulated sick days up to a maximum of 90 days will vest once an employee either reaches 15 years of service or is eligible for official retirement as defined by the Texas Municipal Retirement System.

Per Texas Local Government Code Section 143.045, Police Officers and Firefighters are allowed to accumulate 15 sick days for 12 months of employment. They are entitled to receive a lump-sum payment of the full amount of accumulated sick leave not to exceed a total of 90 days of pay. There is no requirement on vested time to receive benefit.

Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds and recorded as an adjustment to interest expense. Bonds payable are reported net of the applicable bond premium or discount. In accordance with GASB Codification Section I30: *Interest Costs – Imputation*, bond issuance costs are expensed in the period incurred except for prepaid insurance costs.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Pensions

In government-wide financial statements, pensions are required to be recognized and disclosed using the accrual basis of accounting, regardless of the amount recognized as pension expenditures on the modified accrual basis of accounting. The City recognizes a net pension liability for each qualified pension plan in which it participates, which represents the excess of the total pension liability over the fiduciary net position of the pension plan, or the City's proportionate share thereof in the case of a cost-sharing multiple-employer plan, measured as of the City's fiscal year-end.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Pensions (Continued)

Changes in the net pension liability during the period are recorded as pension expense, or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change, in the period incurred. Those changes in net pension liability that are recorded as deferred inflows of resources or deferred outflows of resources that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience are amortized over the weighted average remaining service life of all participants in the respective qualified pension plan and recorded as a component of pension expense beginning with the period in which they are incurred. Projected earnings on qualified pension plan investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred inflows of resources or deferred outflows of resources and amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred.

Fund Balance Reporting

GASB Statement No. 54 provides for two major types of fund balances, which are nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, long term portions of receivables, redevelopment assets, and land held for resale. The City has prepaid expenses, inventories, long-term portion of receivables, and land held for resale that are considered nonspendable.

In addition to the nonspendable fund balance, GASB 54 has provided a hierarchy of spendable fund balances, based on a hierarchy of spending constraints.

- **Restricted:** fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.
- **Committed:** fund balances that can be used only for the specific purpose determined by formal action of the government's highest level of decision-making authority. The City Council is the highest level of decision-making authority for the government that can, by an adoption of an ordinance, commit fund balance. Once committed, the funds cannot be used for any other purpose unless such constraints are removed or modified by the adoption of another ordinance by City Council.
- **Assigned:** fund balances that contain self-imposed constraints of the government to be used for a particular purpose. The responsibility to assign funds rests with the City Council, or its designee, such as the City Manager. The City's policy dictates that any funds set aside by management as assigned fund balance, must be reported to City Council on the next regular Council meeting. Council has the authority to change or remove the assignment with majority vote.
- **Unassigned:** fund balance of the general fund that is not constrained for any particular purpose. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance Reporting (Continued)

Minimum Fund Balance Policy

- The City of Mission determined that it is essential that they maintain adequate levels of fund balance in the General Fund to mitigate risks, provide a back-up plan for revenue shortfalls, and ensure that appropriate amounts are available for emergencies.
- The General Fund Unrestricted Fund Balance (the total of committed, assigned, and unassigned fund balance) will be no less than two (2) months of operating expenditures.
- Should the Unrestricted Fund Balance decline to less than two (2) months of operating expenditures, all one-time revenues will be applied to replenish the targeted minimum balance. The targeted fund balance must be replenished within two years.
- Furthermore, the City’s Charter contains a requirement that a provision must be made in the annual budget and in the appropriation ordinance for a contingent appropriation in an amount no more than three (3) percent of the total budget to be used in case of unforeseen items of expenditure. Unused contingent funds will be used to replenish the targeted minimum unrestricted fund balance.

Order of Expenditures of Funds

- When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds and finally unassigned funds. A detailed classification of fund balances is included in Note 20.

Revenues and Expenditures/Expenses

Program revenues - Amounts reported as *program revenues* include 1) charges for services to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Property taxes - Property taxes are levied by October 1 in conformity with the Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period and those expected to be collected during a 30-day period after the close of the City’s fiscal year.

Property taxes are billed and collected by the Hidalgo County Tax Office for the City by contract agreement. Tax collections are transferred directly into the City’s bank account. The City is a Home-Rule Charter City with a maximum authorized tax rate for all purposes of \$2.50 per \$100 valuation. The combined tax rate for the year ended September 30, 2024 (2023 levy), was \$0.5276 per \$100 valuation. Taxes receivable consists of property taxes of \$2,694,772 and sales taxes of \$3,449,256.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenues and Expenditures/Expenses (Continued)

Proprietary funds operating and nonoperating revenues and expenses – Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. Operating revenues for the enterprise and internal service funds consist of charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Internal Service Fund Activity

Because the principal users of the internal service activities are the City’s governmental activities, the financial statement of the internal service fund is consolidated into the governmental column when presented in the government-wide financial statement. Only the net profit or loss before investment income is allocated to the operating programs benefited. The investment income is combined with other unrestricted income as general revenue in the statement of activities.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for expenditure of monies are recorded as reservations of budget, is employed as an extension of the statutory required budgetary process. At year-end, outstanding encumbrances represent material purchase commitments for goods and services, which were ordered, budgeted, and appropriated, but had not been received or completed at date. Although encumbrances lapse at year-end, it is the intention to substantially honor these encumbrances under authority provided in the subsequent year’s budget. The following are the significant encumbrances at year-end:

General Fund	\$ 2,040,305
Debt Proceeds Capital Projects	1,100,972
Other Governmental Funds	<u>3,828,554</u>
Total	<u>\$ 6,969,831</u>

Use of Estimates

The preparation of financial statements in conformity with the generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Rounding Adjustments

Throughout this annual comprehensive financial report, dollar amounts are rounded, thereby creating differences between the details and the totals.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, March 5, 2026. See Note 29 for relevant disclosures. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Recently Issued and Implemented Accounting Pronouncements

Current Accounting Standards

GASB issued Statement No. 100, *Accounting Changes and Error Corrections - an Amendment of GASB Statement No. 62*, in June 2022. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The requirements of this statement were implemented in fiscal year 2024 and did not have a material impact on the financial statements.

Future Accounting Standards

Statement No. 101, *Compensated Absences*, requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off of otherwise paid in cash or settled through noncash means. Leave is attributable to services already rendered when an employee has performed the services required to earn the leave. Leave that accumulates is carried forward from the reporting period in which it is earned to a future reporting period during which it may be used for time off or otherwise paid or settled. In estimating the leave that is more likely than not to be used or otherwise paid or settled, a government should consider relevant factors such as employment policies related to compensated absences and historical information about the use or payment of compensated absences. However, leave that is more likely than not to be settled through conversion to defined benefit post-employment benefits should not be included in a liability for compensated absences. The requirement of this Statement is effective for reporting periods beginning after December 15, 2023.

Statement No. 102, *Certain Risk Disclosures*, the objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. The City is evaluating the requirements of GASB No. 102 and the impact on reporting for future years.

Statement No. 103, *Financial Reporting Model Improvements*, the objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. The City is evaluating the requirements of GASB No. 103 and the impact on reporting for future years.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued and Implemented Accounting Pronouncements

Statement No. 104, *Disclosure of Certain Capital Assets*, this Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, *Leases*, and intangible right-to-use assets recognized in accordance with Statement No. 94, *Public Private and Public-Public Partnerships and Availability Payment Arrangements*, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in accordance with Statement No. 96, *Subscription-Based Information Technology Arrangements*, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. The City is evaluating the requirements of GASB No. 104 and the impact on reporting for future years.

The City is evaluating the requirements of the above statements and the impact on reporting.

NOTE 2 – RESTATEMENTS

A. Primary Government

Governmental Funds

During the fiscal year, there were restatements to reflect a change in the major funds being presented. The Tax Increment Reinvestment Zone fund changed from being a nonmajor fund to a major fund and the Debt Service Fund, Designated Purpose Fund and 2021 CO Capital Projects Fund changed from major funds to nonmajor funds. Additionally, there were corrections of errors that decreased fund balance in the Tax Increment Reinvestment Zone Fund, Designated Purpose Fund and Veteran’s Cemetery Fund by \$3,555, \$78,843 and \$2,804, respectively.

	(Formerly a Nonmajor Fund) Increment Reinvestment Zone Fund	(Formerly a Major Fund) Debt Service Fund	(Formerly a Major Fund) Designated Purpose Fund	(Formerly a Major Fund) 2021 CO Capital Projects Fund	Other Governmental Funds
Fund balances at beginning of year	\$ -	\$ 1,385,774	\$ 78,843	\$ 9,146,273	\$ 8,715,548
Restatement - change in reporting entity					
TIRZ from nonmajor to major fund	3,555	-	-	-	(3,555)
Debt service fund from major to nonmajor	-	(1,385,774)	-	-	1,385,774
Designated purpose form major to nonmajor	-	-	(78,843)	-	78,843
2021 CO CP Fund from major to nonmajor	-	-	-	(9,146,273)	9,146,273
Restatement - correction of an error	(3,555)	-	-	-	(81,647)
Fund balances at beginning of year, as restated	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,241,236</u>

Additionally, an error was identified in the previous classification of fund balances reported in the general fund. The unassigned fund balance previously reported included a balance related to an advance of funds, a long-term receivable. Under GASB Statement No. 54, long-term receivables are to be included in nonspendable fund balance. The following is a summary of this correction:

	Previously Reported September 30, 2023	Correction of an Error	Restated September 30, 2023
General Fund			
Nonspendable	\$ 185,043	\$ -	\$ 185,043
Inventories	12,716	-	12,716
Prepays	59,863	-	59,863
Long-term receivable	-	3,305,734	3,305,734
Advance of funds receivable	-	-	-
Restricted	-	-	-
Assigned	3,329,098	-	3,329,098
Unassigned	3,793,789	(3,305,734)	488,055
Total fund Balances	<u>\$ 7,380,509</u>	<u>\$ -</u>	<u>\$ 7,380,509</u>

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 2 – RESTATEMENTS (Continued)

Governmental Activities

During the fiscal year, the City identified errors in the previously reported deferred outflows or resources related to pensions and OPEB at the government-wide level. The correction included adjustments to deferred outflows associated with the Texas Municipal Retirement System (TMRS) and actuarially determined OPEB amounts required under GASB Statement No. 75. These errors resulted in the overstatement of deferred outflows in prior years. As a result, beginning net position for the governmental activities were restated resulting in a decrease in net position by \$170,294. An additional miscellaneous restated was needed which resulted in a decrease in net position by \$139,403.

	Total Governmental Funds Adjustments	Government Wide Adjustments	Government Wide Governmental Activities
Net Position- Beginning as Previously Reported	\$ 82,398	\$ -	\$ 132,154,100
Error Correction	(85,202)	499,033	413,831
Net Position- Beginning as Restated	\$ (2,804)	\$ 499,033	\$ 132,567,931

Business-Type Activities: Enterprise Funds

During fiscal year 2024, the City identified errors in the previously reported deferred outflows of resources related to pension and OPEB amounts for its business-type activities. The correction included adjustments to deferred outflows associated with the Texas Municipal Retirement System (TMRS) and actuarially determined OPEB amounts required under GASB 75. These errors resulted in the overstatement of deferred outflows in prior years. As a result, beginning net position for the business-type activities was restated by \$42,474 to properly reflect these amounts.

	Utility Fund	Golf Course Fund	Solid Waste Fund	Event Center Fund	Total Enterprise Funds
Net Position- Beginning as Previously Reported	\$ 69,383,586	\$ (826,200)	\$ 5,340,557	\$ (23,243)	\$ 73,874,700
Error Correction	(26,336)	(440)	(12,696)	(3,002)	(42,474)
Net Position- Beginning as Restated	\$ 69,357,250	\$ (826,640)	\$ 5,327,861	\$ (26,245)	\$ 73,832,226

NOTE 3 - DEPOSITS AND INVESTMENTS

A. Primary Government

Deposits – At September 30, 2024, the carrying value of the City’s deposits was \$32,036,951 and the bank balance was \$32,462,177. The entire bank balance was covered by FDIC insurance or was fully collateralized with securities held by the City’s agent in the City’s name. The type of deposits held at year end was demand accounts.

Investments – The primary objective of the City’s investment activity is the preservation of capital in the overall portfolio. Each investment transaction shall be conducted in a manner to avoid capital losses, whether they are from security defaults or erosion of fair value.

The City pools the cash, based on the City’s needs, into either deposits in bank accounts, in short- term investments with TexPool, or in longer-term investments in U.S. Government Bonds. However, each fund’s balance of cash and investments is maintained in the books of the City.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 3- DEPOSITS AND INVESTMENTS (Continued)

A. Primary Government (Continued)

The City’s investments are as follows at September 30, 2024:

Investments	
TexPool (reported at amortized cost)	\$ 4,422,453
U.S. Government Bonds (reported at fair value - level 2)	740,775
Certificates of deposit (reported at fair value - level 2)	1,476,611
Total investments	\$ 6,639,839

Quoted market prices are the basis of the fair value for investments. The amount of increase or decrease in the fair value of investments during the current year is included in the City’s investment income of \$273,633.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment.

The City’s investment policy limits average maturities of all investments to three years or less. The maximum final stated maturity of any investment shall not exceed five years. Portfolio diversification is employed as a way to control the risk. The City’s investment portfolio is required to have sufficient liquidity to meet anticipated cash flow requirements.

The following is the interest rate risk using specific identification, as of September 30, 2024:

Investment Type	Reported Amount	Maturity Period		
		3 Months or Less	4-12 Months	Over One Year
TexPool	\$ 4,422,453	\$ 4,422,453	\$ -	\$ -
Government bonds	740,775	-	740,775	-
Certificates of deposits	1,476,611	-	980,776	495,835
Total	\$ 6,639,839	\$ 4,422,453	\$ 1,721,551	\$ 495,835

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 4- DEPOSITS AND INVESTMENTS (Continued)

A. Primary Government (Continued)

Credit Risk

Credit risk is the risk that a counterparty will not fulfill its obligations. The City’s investment policy authorizes the following pools:

Public funds investment pools in Texas (“Pools”) are established under the authority of the Inter-local Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the “Act”). Chapter 2258 of the Texas Government Code, in addition to the other provisions of the Act designed to promote liquidity and safety of principal, the Act required Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAAM or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the fair value of its underlying investment portfolio within one half of one percent of the value of its shares.

TexPool policies require that local government deposits be used to purchase investments authorized by the Public Funds Investment Act (PFIA) of 1987, as amended. The Texas State Comptroller of Public Accounts has oversight responsibility for TexPool. TexPool is a public funds investment pool created by the Texas Treasury Safekeeping Trust Company (Trust Company) to provide a safe environment for the placement of local government funds in authorized short-term, fully collateralized investments, including direct obligations of, or obligations guaranteed by, the United States or State of Texas or their agencies; federally insured certificates of deposit issued by Texas banks or savings and loans; and fully collateralized direct repurchase agreements secured by United States Government agency securities and placed through a primary government securities dealer. The Trust Company was incorporated by the State Treasurer by authority of the Texas Legislature as a special purpose trust company with direct access to the services of the Federal Reserve Bank to manage, disburse, transfer, safe keep, and invest public funds and securities more efficiently and economically. The State Comptroller of Public Account exercises oversight responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. TexPool uses amortized cost rather than fair value to report net position to compute share prices. The fair value of the position in TexPool is the same as the value of TexPool shares. As permitted by GASB No. 79, *Certain Investment Pools and Pool Participants*, the City’s investments in TexPool are stated at cost, which approximates fair value.

The City’s investment policies and types of investments are governed by the Public Funds Investment Act (PFIA).

Statutes authorize the City to invest in obligations of the U.S. Treasury or the State of Texas, certain U.S. agencies, certificates of deposit, certain municipal securities, repurchase agreements, and other investments specifically allowed by the Public Funds Investment Act of 1995 (Chapter 2256, Texas Government Code).

Concentrations of Credit Risk

Portfolio diversification is critically important to the City to help mitigate the risk of loss. The following are employed terms of investment instruments, maturity scheduling and financial institutions to reduce risk of loss resulting from over concentration of assets in a specific class of investments, specific maturity, or specific issuer, as a way to control risk.

CITY OF MISSION, TEXAS
 NOTES TO FINANCIAL STATEMENTS
 SEPTEMBER 30, 2024

NOTE 4- DEPOSITS AND INVESTMENTS (Continued)

A. Primary Government (Continued)

Concentrations of Credit Risk (Continued)

As of September 30, 2024, the following was the composition of the City’s credit rating by investment:

Investment Type	Rating	Exposure
TexPool	AAAm	\$ 4,422,453
Government bonds	AA+	740,775
Certificates of deposits	N/A	1,476,611

Custodial Credit Risk

For an investment, custodial credit risk is the risk that the City will not be able to recover the value of investments or collateral securities that are in the possession of an outside party if the counterparty to an investment will not fulfill its obligation.

The City’s investments are categorized as a level one custodial credit risk, meaning that its investments are insured or registered, or securities held by the City or its’ agent in the City’s name.

The City is prohibited from investing in the following types of investments:

- a. Obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal.
- b. Obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security collateral and bears no interest.
- c. Collateralized mortgage obligations that have a stated final maturity date of greater than ten years.
- d. Collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

The Public Funds Investment Act, the City’s investment policy, and Government Code Chapter 2257 “Collateral for Public Funds” contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 4- DEPOSITS AND INVESTMENTS (Continued)

A. Primary Government (Continued)

A reconciliation of cash and investments as shown on the statement of net position for the primary government follows:

Cash on hand	\$	11,118
Carrying amount of deposits		32,036,951
Investments		6,639,839
Cash, investments, and accrued interest receivable	\$	38,687,908
Cash and cash equivalents	\$	6,642,016
Investments		6,155,712
Restricted assets		25,890,180
Total cash, investments, and restricted assets on statement of net position	\$	38,687,908

B. Component Units

Mission Economic Development Corporation

Deposits - At September 30, 2024, the carrying value was \$2,161,074 and the bank balance of MEDC's deposits was \$2,185,320. Deposits include demand accounts and certificate of deposits with an initial maturity of three months or less. At September 30, 2024, all deposits were fully insured or collateralized. See custodial credit risk below.

Investments – At September 30, 2024, MEDC had investments comprised of certificates of deposit and government bonds.

MEDC is required by Government Code Chapter 2256, The Public Funds Investment Act (the “Act”), to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowed stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit.

The Act requires an annual audit of investment practices. Audit procedures in this area conducted as part of the audit of the basic financial statements disclosed that in the areas of investment practices, management reports, and establishment of appropriate policies; MEDC reports its information to the City of Mission Council.

Additionally, investment practices of MEDC were in accordance with local policies. MEDC’s management believes that it complied with the requirements of the PFIA and its adopted investment policies.

MEDC investments reported are as follows as of September 30, 2024:

Investments		
TexPool (reported at amortized cost)	\$	4,584,419
Government bonds (fair value - level 2)		246,890
Total investments	\$	4,831,309

CITY OF MISSION, TEXAS
 NOTES TO FINANCIAL STATEMENTS
 SEPTEMBER 30, 2024

NOTE 4- DEPOSITS AND INVESTMENTS (Continued)

B. Component Units (Continued)

Mission Economic Development Corporation (Continued)

At September 30, 2024, MEDC had deposits collateralized by pledged securities of \$2,563,211; all deposits were insured by the FDIC or were fully collateralized.

A reconciliation of cash as shown on the statement of net position for MEDC is as follows:

Cash on hand	\$	500
Carrying amount of deposits		2,160,574
Investments		4,831,309
Cash and investments	\$	6,992,383
Cash and cash equivalents	\$	1,130,809
Investments		4,584,419
Restricted assets		1,277,155
Cash and cash equivalents and restricted assets on statement of net position	\$	6,992,383

Mission Redevelopment Authority

Investment Accounting Policy - The Authority is required by the Government Code Chapter 2256, The Public Funds Investment Act (the “Act”), to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit. The Act requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the basic financial statements disclosed that in the areas of investment practices, management reports, and establishment of appropriate policies, the Authority adhered to the requirements of the Act. Additionally, investment practices of the Authority were in accordance with local policies.

The Act determines the types of investments which are allowable for the Authority. These include, with certain restrictions, (1) obligations of the U.S. Treasury, certain U.S. agencies, the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust funds. The Authority policy authorizes all the State allowable investments. No person may invest the Authority funds without express written authority from the Board of Directors. The Authority’s management believes that it has complied in all material respects with the requirements of the Act and the Authority’s investment policies.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Public Funds Investment Act, the Authority’s investment policy, and Government Code Chapter 2257 “Collateral for Public Funds” contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments.

Mission Redevelopment Authority (Continued)

Custodial Credit Risk (Continued)

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the Authority of securities eligible under the laws of Texas to secure the funds of the Authority, having an aggregate fair value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. The Authority's funds are required to be deposited and invested under the terms of a depository contract.

The depository bank deposits for safekeeping and trust with the Authority's agent bank approved pledged securities in an amount sufficient to protect Authority funds on a day-to-day basis during the period of the contract. For the deposit and investment balances noted below, \$250,000 was covered by federal depository insurance and the balance was covered by collateral pledged in the name of the Authority and held in a third party depository.

Deposits

As of the fiscal year end, the bank balance and carrying value of the Authority's deposits was \$16,229,396.

Investments

As of September 30, 2024, the Authority had the following investments and maturities:

Investment Type	Amortized Cost	Fair Value	Maturity Period		
			Less Than One Year	One to Five Years	Over Five Years
Texpool	\$ 2,167,866	\$ 2,167,866	\$ 2,167,866	\$ -	\$ -
U.S. Government Bonds	6,596,359	6,596,359	734,773	-	-
Total	<u>\$ 8,764,225</u>	<u>\$ 8,764,225</u>	<u>\$ 2,902,639</u>	<u>\$ -</u>	<u>\$ -</u>

Credit Risk

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The Authority's investment policy identifies the types of allowable investments as governed by the Public Funds Investments Act, to reduce the credit risk associated with the investments. At September 30, 2024, the Authority's Money Market Mutual Fund investment rating was A- by Standard & Poor's Rating Service.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS

NOTE 4- DEPOSITS AND INVESTMENTS (Continued)

B. Component Units (Continued)

Mission Redevelopment Authority (Continued)

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Authority considers the investment in the Money Market Mutual Fund to have maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the Authority, unless there has been a significant change in value. The Authority’s investment policy limits money market mutual funds to those with a stable net asset value of \$1 per share and those with a weighted average maturity of less than two years.

NOTE 5 – RECEIVABLES

Receivables at September 30, 2024 were as follows:

Transfers from the Utility Fund to the General Fund were to supplement the General Fund for administrative services provided to the Utility Fund. Fourteen departments of the General Fund provide operational assistance to the Utility Fund on a routine basis.

NOTE 7 – LAND HELD FOR RESALE

The City through its blended component unit, Mission Economic Development Authority, holds commercial real estate lots available for sale within an economically depressed area. At September 30, 2024, the remaining properties are stated at a cost of \$947,410, which is less than their estimated fair value. These lots will continue to be sold to attract development to further benefit the City.

The Mission Economic Development Corporation holds commercial real estate lots available for sale within an economically depressed area. At September 30, 2024, the remaining properties are stated at a cost of \$3,314,462, which is less than their net realizable value. These lots will continue to be sold to attract development to further benefit the City.

NOTE 8 – REDEVELOPMENT ASSETS

Mission Redevelopment Authority

During the fiscal year, the Authority recorded redevelopment expenditures as follows:

	City Projects	Authority Projects	Total
Tierra Dorada Sanitary Sewer	\$ 1,513,513	\$ -	\$ 1,513,513
Inspiration Rd./Military Parkway Loop	1,369,475	-	1,369,475

NOTE 9 – LONG-TERM RECEIVABLES

Long-term receivables in the governmental activities of the City of Mission consists of the following:

Housing Rehabilitation Receivable - Promissory note receivable for housing assistance provided under the Community Development Block Grant (CDBG) program to an ineligible recipient. The principal amount is payable in equal monthly installments of \$200 on the ninth day of each month, beginning November 9, 2007, and continuing until the principal has been paid in full. The final maturity date is January 9, 2026.

	Housing Rehab
Notes receivable current	\$ 3,200
Long term receivables	-
Total notes receivable	\$ 3,200

NOTE 10 – RESTRICTED ASSETS

A. Primary Government

Business Type Activities

The waterworks and sewer system revenue bond indentures require that during the period over which the bonds are outstanding, the City maintain certain separate accounts and funds to account for (1) the proceeds from the issuance of the revenue bonds (2) the debt service deposits made from revenues and (3) extensions and improvement deposits made from revenues. These restricted assets can be used only in accordance with the revenue bond indenture. Similar requirements exist for the debt service of the public property financing contractual obligations.

The City also holds certain deposits from subdividers for future utility improvements, and the amount of retainage of certain construction contracts.

Restricted assets included in the Utility Fund as of September 30, 2024 consist of:

	Cash and Cash Equivalents	Investments	Total
Revenue bond reserve fund	\$ 862,519	\$ 104,576	\$ 967,095

Business-Type Activities

Revenue Bonds

The City has pledged future waterworks and sewer system net revenues to repay \$34,245,000 plus interest in Junior Lien Revenue Bonds issued in 2009, 2014, 2015 and 2016. Proceeds from the bonds provided financing for all or a portion of the City's contractual obligations for design, construction, professional services, legal, fiscal, issuance and engineering costs of certain water and wastewater system improvements and refunding on old issues, i.e. EDAP project and wastewater plant expansion. The bonds are payable solely from waterworks and sewer system net revenues and are payable through 2044. Annual principal and interest payments on the bonds are expected to require less than 34 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$27,660,993. Principal and interest paid from the current year and total waterworks sewer system net revenues were \$2,720,000 and \$548,466, respectively.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 13 – LONG TERM DEBT (Continued)

Business-Type Activities (Continued)

Revenue Bonds (Continued)

In 2010, the City closed on a commitment from the Drinking Water State Revolving Fund (DWSRF) administered by the Texas Water Development Board which authorized the issuance of \$8,825,000 in revenue bonds. These bonds titled Waterworks and Sewer System Junior Lien Revenue Bonds Taxable Series 2009 were used for projects to make water system improvements. The DWSRF funding mechanism allowed the City to issue as many bond coupons in installments as needed to fund the authorized projects. At the completion of the authorized projects, the total amount of coupons issued by the City was \$7,780,000.

On August 16, 2016, the City issued General Obligation Refunding Series 2016 in the amount of \$8,085,000 to advance refund a portion of Combination Tax and Limited Pledge Revenue Certificates of Obligation, Series 2005A; Combination Tax and Limited Pledge Revenue Certificates of Obligation, Series 2007; Combination Tax and Limited Pledge Revenue Certificates of Obligation, Series 2009; General Obligation Refunding Bonds, Series 2009. Bond proceeds were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded bonds. As a result, the refunded bonds are considered to be decreased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying amount of old debt resulting in an economic gain of \$920,000. Deferred loss on refunding at September 30, 2024 totaled \$173,338.

The City received funding from the Economically Distressed Areas Program (EDAP). Requirements of the EDAP program include a prohibition on the use of revenues from an asset constructed with EDAP funding for purposes other than utility purposes. Management believes that it is generally compliant with applicable statutory requirements of the EDAP program.

Arbitrage Compliance

The City of Mission is subject to federal arbitrage regulations and, as of September 30, 2024, the City was in compliance with all arbitrage rebate and yield restriction reporting requirements. In addition, the City had no accrued liabilities in regards to arbitrage rebate or yield restrictions. The City adheres to its adopted written procedures to monitor post-issuance compliance of the federal tax laws applicable to the bonds as requested by the Internal Revenue Service.

Total other liabilities	<u>12,203</u>	<u>-</u>	<u>(8,607)</u>	<u>3,596</u>	<u>3,596</u>
Total long-term debt obligations	<u>\$ 8,230,961</u>	<u>\$ -</u>	<u>\$ (704,564)</u>	<u>\$ 7,526,397</u>	<u>\$ 699,553</u>

As of September 30, 2024, MEDC does not have any direct borrowings.

The above listed refunding bond issue is to be repaid from the one-half cent sales tax levied under the Section 4B.

Mission Redevelopment Authority (MRA)

Revenue Bonds Payable

The Mission Redevelopment Authority periodically issues bonds to pay for the costs incurred within the Tax Increment Reinvestment Zone (TIRZ) for infrastructure improvements. These bonds will be repaid from property taxes collected on property within TIRZ.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 13 – LONG TERM DEBT (Continued)

B. Component Units (Continued)

Mission Redevelopment Authority (MRA) (Continued)

Bonds payable at September 30, 2024 for the MRA were comprised of the following:

	Balance at 9/30/2023	New Issuance	Matured	Balance at 9/30/2024	Due Within One Year
Tax increment contract revenue	\$ 3,580,000	\$ -	\$ (455,000)	\$ 3,125,000	\$ 470,000
Tax increment contract revenue	8,790,000	-	(1,745,000)	7,045,000	1,775,000
Tax increment contract revenue	28,590,000	-	(1,870,000)	26,720,000	2,000,000
Less issuance discount	(58,197)	-	8,314	(49,883)	(8,314)
Plus issuance premiums	496,255	-	(70,893)	425,362	70,893
Total contract revenue bonds	<u>\$ 41,398,058</u>	<u>\$ -</u>	<u>\$ (4,132,579)</u>	<u>\$ 37,265,479</u>	<u>\$ 4,307,579</u>

Optional Redemption for Tax Increment Contract Revenue Bonds

The Authority reserves the right, at its option, to redeem bonds prior to their scheduled maturities, in whole or from time to time, in part, on the call date or any date thereafter at a price of par value plus unpaid accrued interest from the most recent interest payment date to the date fixed from redemption. This optional redemption applies to bonds maturing on or after September 1, 2024, or September 1, 2028 for Series 2013, and Series 2017 bonds, respectively.

Scheduled Mandatory Redemption for Tax Increment Contract Revenue Bonds

The Series 2013 Term bonds due September 1, 2030 are subjected to mandatory sinking fund redemption in part, prior to their stated maturity at the redemption prices of par plus accrued interest on September 1 in the years and amounts as reflected in the debt service schedules.

The Series 2017 Term bonds due September 1, 2030 are subjected to mandatory sinking fund redemption in part, prior to their stated maturity at the redemption prices of par plus accrued interest on September 1 in the years and amounts as reflected in the debt service schedules.

NOTE 14 – INTERFUND ADVANCES

The Golf Course experienced a slight increase in revenues during the year due to an increase in post pandemic outdoor activities, which has continued to grow. The City reviews all costs during budget preparation. City administration is looking at possible long-term planning to reduce the advances being incurred. Golf Course administration continues to find positive solutions to increase revenues and minimize operating losses. At September 30, 2024 the balance of the advance in the amount of \$1,774,316 is reflected as long-term advance receivable in the General Fund; and long-term advance payable in the Golf Course Fund.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 15 – DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

Governmental funds report deferred inflows in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period.

In the government-wide financial statements, deferred outflows include deferred charges on refunding of the bonds.

In the fund level financial statements at September 30, 2024, the City had the following deferred inflows of resources:

	Debt	
	General Fund	Service Fund
Lease revenue unavailable	\$ 40,609	\$ -
EMS - Unavailable revenue	2,301,597	-
Delinquent property taxes, unavailable	1,300,945	279,261
Total deferred inflows of resources	\$ 3,643,151	\$ 279,261

In the government-wide financial statements at September 30, 2024, the City reports cumulative deferred charges on refunding as deferred outflows of resources in the amount of \$442,218 which is net of cumulative amortization of \$221,489.

Deferred outflows of resources and deferred inflows of resources related to pensions and other post-employment benefits are presented on notes 17 and 18, respectively.

NOTE 16 – UNEARNED REVENUES

The governmental funds report unearned revenues in connection with resources that have been received but not yet earned. The following summarizes unearned revenues in governmental activities at September 30, 2024:

Park dedication fees	\$ 702,087
Capital projects -Taylor Road expansion	961,836
Grants	676,234
Other	301,996
Total unearned revenue	\$ 2,642,153

Unearned revenues of \$53,567 in the golf course fund, an enterprise fund, represents collections of annual membership dues that will be recognized as revenue in the next fiscal year.

Unearned revenues of \$65,718 in the event center fund, an enterprise fund, represents collections for prepaid rental fees of the event center that will be recognized as revenue in the next fiscal year.

NOTE 17 – PENSION PLANS

Plan Descriptions

The City participates in two defined benefit pension plans. All eligible employees of the City are required to participate in the Texas Municipal Retirement System (TMRS). In addition, the City contributes to the Texas Emergency Services Retirement System (TESRS), which provides benefits to the City's volunteer emergency services personnel. A brief description of each of the pension plans follows:

1. The City of Mission participates as one of 895 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues a publicly available annual financial report (AFR) that can be obtained at www.tmr.com.
2. The Texas Emergency Services Retirement System (TESRS) is a cost-sharing multiple employer pension system established and administered by the State of Texas to provide pension, disability and death benefits for emergency services personnel who serve without significant monetary remuneration. The nine member Board of Trustees, appointed by the Governor, establishes policy for the administration of the Texas Emergency Services Retirement System. The TESRS was created as a standalone agency by the 83rd Legislature via the passage of SB 220, effective September 1, 2013, to assume the related functions of the abolished Office of the Fire Fighters' Pension Commissioner. While the agency is new, the System has been in existence since 1977. TESRS, which is under the authority of Title 8, Subtitle H, Chapters 861- 865 of the Texas Government Code, provides death and disability benefits to active volunteer fire fighters and first responders, and a pension to members with vested service, as well as to their survivor/beneficiaries. For financial reporting purposes, the State of Texas is considered the primary reporting government. TESRS' financial statements are included in the State's Annual Financial Report. TESRS issues a publicly available Annual Financial Report, which includes financial statements, notes, and required supplementary information, which can be obtained at www.tesrs.org.

Benefits Provided

TMRS

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the State statutes governing TMRS. Employees can retire at age 60 and above with 5 or more years of service, or with 20 years of service regardless of age. The contribution rate for employees is 6% and the matching percentage for the City is 200%. The City has also adopted 100% updated service credit (USC) on a repeating basis and annuity increases (AI) on a repeating basis, at 70% of the change in the CPI. Employees are vested after 5 years of service.

CITY OF MISSION, TEXAS
 NOTES TO FINANCIAL STATEMENTS
 SEPTEMBER 30, 2024

NOTE 17 – PENSION PLANS (Continued)

At retirement, the benefit is calculated as if the sum of the employee’s contributions, with interest, and the city-financed monetary credits, with interest, were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member’s deposits and interest.

TESRS

Senate Bill 411, 65th Legislature, Regular Session (1977), created TESRS and established the applicable benefit provisions. The 79th Legislature, Regular Session (2005), re-codified the provisions and gave the TESRS Board of Trustees authority to establish vesting requirements, contribution levels, benefit formulas, and eligibility requirements by board rule. The benefit provisions include retirement benefits as well as death and disability benefits. Members are 50% vested after the tenth year of service, with the vesting percent increasing 10% for each of the next five years of service so that a member becomes 100% vested with 15 years of service.

Upon reaching age 55, each vested member may retire and receive a monthly pension equal to his vested percent multiplied by six times the governing body’s average monthly contribution over the member’s years of qualified service. For years of service in excess of 15 years, this monthly benefit is increased at the rate of 6.2% compounded annually. There is no provision for automatic postretirement benefit increases.

On and off-duty death benefits and on-duty disability benefits are dependent on whether or not the member was engaged in the performance of duties at the time of death or disability. Death benefits include a lump sum amount or continuing monthly payments to a member’s surviving spouse and dependent children.

Employees Covered by Benefit Terms

As of the most recent measurement date of the net pension liability, membership data for the pension plans are as follows:

	TMRS	TESRS
Inactive employees or beneficiaries currently receiving benefits	292	-
Inactive employees entitled to but not yet receiving benefits	433	-
Active employees	759	8
Total participants	1,484	8

TMRS

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the City matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 17 – PENSION PLANS (Continued)

Employees for the City of Mission were required to contribute 6% of their annual gross earnings during the fiscal year. The contribution rates for the City of Mission were 8.39% and 8.53% in calendar years 2024 and 2023, respectively. The City's contributions to TMRS for the year ended September 30, 2024, were \$3,592,071 and were equal to the required contributions.

TESRS

Under TESRS, contributions are made by governing bodies for the participating departments. No contributions are required from the individuals who are members of the System, nor are they allowed. The governing bodies of each participating department are required to make contributions for each month a member performs emergency services for a department (this minimum contribution is \$36 per member, and the department may make a higher monthly contribution for its members). This is referred to as a Part One contribution, which is the legacy portion of the System contribution that directly impacts future retiree annuities.

The state is required to contribute an amount necessary to make the System “actuarially sound” each year, which may not exceed one-third of the total of all contributions made by participating governing bodies in a particular year.

The board rule defining contributions was amended in 2014 to add the potential for actuarially determined Part Two contributions that would be required only if the expected future annual contributions from the state are not enough with the Part One contributions to provide an adequate contribution arrangement as determined by the most recent actuarial valuation. This Part Two portion, which is actuarially determined as a percent of the Part One portion (not to exceed 15%), is to be actuarially adjusted every two years based on the most recent actuarial valuation. Based on August 31, 2024 actuarial valuation, even the maximum 15% Part Two contributions are not enough to have an adequate contribution arrangement.

Additional contributions may be made by governing bodies within two years of joining the System, to grant up to ten years of credit for service per member. Prior service purchased must have occurred before the department began participation in the System.

A small subset of participating departments have a different contribution arrangement which is being phased out over time. Such arrangement funds retirees and beneficiaries that have been in the H.B. 258 Texas Local Fire Fighters Retirement Act (TLFFRA) fund before merging into the S.B. 411.

In this arrangement, contributions made in addition to the monthly contributions for active members, are made by local governing bodies on a pay-as-you-go basis for members who were pensioners when their respective departments merged into the System. There is no actuarial impact associated with this arrangement as the pay-as-you-go contributions made by these governing bodies are always equal to benefit payments paid by the System. For the City of Mission, the total additional deposit was \$1,728 for the fiscal year ending September 30, 2024.

The contribution requirement per active emergency services personnel member per month is not actuarially determined. Rather, the minimum contribution provisions were set by board rule, and there is no maximum contribution rate. The City's total contributions to TESRS for the year ending September 30, 2024 totaled \$2,988.

NOTE 17 – PENSION PLANS (Continued)

Net Pension Liability:

The City’s Net Pension Liability (NPL) was measured as of December 31, 2023 for TMRS and August 31, 2024 for TERSRS, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of those dates.

Actuarial Assumptions

	TMRS
Valuation Date	12/31/2023
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	22 Years
Asset Valuation Method	10 Year smooth market, 12% soft corridor
Inflation	2.50%
Salary Increases	3.60% to 11.85% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that vary by age. Last updated for the 2023 valuation pursuant to an experience study of the period ending 2022.
Mortality Assumption	Post-retirement: 2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence). Pre-retirement: PUB(10) mortality tables, with the 110% of the Public Safety table used for males and the 100% of the General Employee table used for females. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).
	TERSRS
Valuation Date	8/31/2024
Actuarial Cost Method	N/A
Amortization Method	N/A
Remaining Amortization Period	N/A
Asset Valuation Method	N/A
Inflation	2.75%
Salary Increases	N/A
Investment Rate of Return	7.25% net of pension plan investment expense, including inflation
Retirement Age	N/A
Mortality Assumption	Mortality rates were based on the PubS-2010 (public safety) below-median income mortality tables for employees and for retirees, projected for mortality improvement generationally using projection Scale MP-2019.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 17 – PENSION PLANS (Continued)

TMRS

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2018 to December 31, 2022. The assumptions were adopted in 2023 and first used in the December 31, 2023, actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rates (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined by best estimate ranges of expected returns for each major asset class. The long-term expected rate of return is determined by weighting the expected return for each major asset class by the respective target asset allocation percentage. The target allocation and best estimates of the expected return for each major asset class in fiscal year 2024 are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Rate of Return
Global Equity	35.00%	6.70%
Core Fixed Income	6.00%	4.70%
Non-Core Fixed Income	20.00%	8.00%
Other Public and Private Markets	12.00%	8.00%
Real Estate	12.00%	7.60%
Hedge Funds	5.00%	6.40%
Private Equity	10.00%	11.60%
Total	100.00%	

TESRS

For TESRS, the long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future net real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These components are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (2.75%). In addition, the final 7.25% assumption reflected a reduction of 0.25% for adverse deviation. The target allocation and expected arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Rate of Return
Equities		
Large Cap Domestic	20.00%	5.71%
Small Cap Domestic	10.00%	5.98%
Developed International	15.00%	6.19%
Emerging Markets	5.00%	7.38%
Global Infrastructure	5.00%	6.63%
Real Estate	10.00%	4.50%
Multi-Asset Income	5.00%	3.75%
Fixed Income	30.00%	1.97%
Total	100.00%	

CITY OF MISSION, TEXAS
 NOTES TO FINANCIAL STATEMENTS
 SEPTEMBER 30, 2024

NOTE 17 – PENSION PLANS (Continued)

Discount Rate

TMRS

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

TESRS

The discount rate used to measure the total pension liability was 5.38%. The projection of cash flows used to determine the discount rate assumed that contributions of the governing bodies will be made at the contribution rate as of August 31, 2024 and that state contributions will be made as assumed in the August 31, 2024 actuarial valuation. Based on those assumptions, the System’s fiduciary net position was projected to make projected future benefit payments of current active and inactive employees through 2051. Therefore, the discount rate of 5.38% is the single rate of return that results in a present value of all projected benefits equal to the sum of (a) the present value of benefits through 2051 discounted at the long-term expected rate of return of 7.25% and (b) the present value of benefits after 2051 discounted at the 3.87% discount rate based on the Bond Buyer Index of general obligation bonds with 20 years to maturity at/near August 31, 2024.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the City’s net pension liability for the TMRS pension and the City’s proportionate share of the net pension liability for the TESRS pension, calculated using the discount rate, as well as what the City’s net pension liability and proportionate share of the net pension liability allocated would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease in Discount Rate	Current Discount Rate	1% Increase in Discount Rate
	5.75%	6.75%	7.75%
City's Net Pension Liability/(Asset) -TMRS	\$ 27,953,633	\$ 9,013,915	\$ (6,684,785)
	1% Decrease in Discount Rate	Current Discount Rate	1% Increase in Discount Rate
	4.38%	5.38%	6.38%
City's Proportionate Share of the Net Pension Liability/(Asset) -TESRS	\$ 85,949	\$ 62,276	\$ 43,591

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 17 – PENSION PLANS (Continued)

Changes in the Net Pension Liability – TMRS

Changes in the City’s net pension liability for the TMRS pension for the fiscal year ended September 30, 2024 are as follows:

	Increase (Decrease)		
	Total Pension	Plan Fiduciary	Net Pension
	Liability	Net Position	Liability/(Asset)
	(a)	(b)	(a)-(b)
Balance at 12/30/2022	\$ 126,891,938	\$ 112,525,061	\$ 14,366,877
Changes for the year			
Service cost	5,567,260	-	5,567,260
Interest	8,581,922	-	8,581,922
Change in benefit terms	-	-	-
Difference between expected and actual experience	(38,822)	-	(38,822)
Change of assumption	(407,829)	-	(407,829)
Contributions - Employer	-	3,231,142	(3,231,142)
Contributions - Employee	-	2,873,954	(2,873,954)
Net investment income	-	13,033,829	(13,033,829)
Benefit payments, including refunds of employee contributions	(5,071,971)	(5,071,971)	-
Administrative Expense	-	(82,852)	82,852
Other Charges	-	(579)	579
Net changes	8,630,560	13,983,523	(5,352,963)
Balance at 12/31/2023	<u>\$ 135,522,498</u>	<u>\$ 126,508,584</u>	<u>\$ 9,013,914</u>

The City does not have a current portion for TMRS in the current year because the amount of benefit payments exceeds the pension liability in the current year.

City Proportion of Net Pension Liability – TESRS

The City’s proportionate share of the net pension liability of the TESRS at September 30, 2024 is \$62,277, and the proportion percentage of the aggregate net pension liability allocated to the City is 0.058%, slight change from prior year measurement date where the allocation percentage was 0.073%. The City’s proportion of the net pension liability was based on actual required contributions of each of the participating departments for the plan’s fiscal year. The City does not have a current portion for TESRS in the current year because the amount of benefit payments exceeds the pension liability in the current year.

Pension Plan Fiduciary Net Position

Detailed information about the pension plans’ Fiduciary Net Position is available in a separately- issued financial report. The TMRS financial report may be obtained on the Internet at www.tmrs.com. The TESRS financial report may be obtained on the Internet at www.tesrs.org.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 17 – PENSION PLANS (Continued)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

For the year ended September 30, 2024, the City recognized pension expense of \$2,612,556 for the TMRS pension plan and \$7,477 for the TESRS pension plan for a total pension expense of \$2,620,033.

At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	TMRS		TESRS		Total	
	Deferred Outflow of Resources	Deferred Inflows of Resources	Deferred Outflow of Resources	Deferred Inflows of Resources	Deferred Outflow of Resources	Deferred Inflows of Resources
Difference between expected and actual economic experience	\$ 464,126	\$ 99,501	\$ 2,085	\$ -	\$ 466,211	\$ 99,501
Changes in actuarial assumption	38,199	325,770	22,185	-	60,384	325,770
Net differences between projected and actual investments earnings	2,979,604	-	3,344	-	2,982,948	-
Contributions subsequent to the measurement date	2,556,476	-	2,988	-	2,559,464	-
Total	\$ 6,038,405	\$ 425,271	\$ 30,602	\$ -	\$ 6,069,007	\$ 425,271

Deferred outflows of resources related to pension of \$2,559,464 resulting from contributions made after the measurement date of the net pension liability but before the end of the City’s reporting period will be recognized as a reduction of the net pension liability/asset in the subsequent fiscal period. The remaining deferred outflows and (inflows) of resources related to pensions will be amortized and recognized in pension expense as follows:

Year End September 30,	TMRS	TESRS
2024	\$ 850,332	\$ -
2025	1,035,018	16,397
2026	2,340,730	12,218
2027	(1,169,422)	(372)
2028	-	(629)
Total	\$ 3,056,658	\$ 27,614

NOTE 18 – OTHER POST EMPLOYMENT BENEFITS

Plan Descriptions:

The City participates in two other post-employment benefit plans which include post-retirement health care benefits and supplemental death benefits. A brief description of each of the other post-employment benefit plans follows:

1. City of Mission, Texas Healthcare Plan (THP) is a single-employer defined benefit healthcare plan administered by the City of Mission. The plan covers health insurance benefits. Eligible City retirees and their dependents may continue health care coverage through the City for up to 12 months after retirement from the City. The City pays 100% of the employee’s premiums for retirees who complete 25 years of service. Employees who do not meet the 25 years of service are required to pay for coverage for themselves at 100% after retirement. All employees pay 100% of the dependent coverage. The City does not issue separate audited financial statements for the postemployment benefit plan. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No 75 to pay related benefits.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 18 – OTHER POST EMPLOYMENT BENEFITS (Continued)

2. The City also participates in a single-employer, defined benefit group-term life insurance plan known as the Supplemental Death Benefits Fund (SDBF) administered by the TMRS. This is a voluntary program in which the City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1. The death benefit for active employees provides a lump-sum payment approximately equal to the employees’ annual salary (calculated based on the employees’ actual earnings, for the 12- month period preceding the month of death). The death benefit for retirees is considered an “other post-employment benefit,” or OPEB, and is a fixed amount of \$7,500. As the SDBF covers both active and retiree participants, with no segregation of assets, the SDBF is considered to be an unfunded OPEB plan (i.e. no assets are accumulated).

The City offers supplemental death benefits to:

	Plan Year 2024	Plan Year 2023
Active employees	Yes	Yes
Retirees	Yes	Yes

Employees Covered by Benefit Terms

The most recent measurement dates for THP and SDBF were September 30, 2024 and December 31, 2023, respectively. As of the most recent measurement date, measurement of participation in the plans were as follows:

	THP	SDBF
Inactive employees or beneficiaries currently receiving benefits	3	229
Inactive employees entitled to but not yet receiving benefits	-	72
Active employees	694	759
Total	697	1,060

Total OPEB Liability

The City’s total OPEB liability of \$2,885,729 for THP was measured as of September 30, 2024. The City’s total OPEB liability of \$1,527,343 for SDBF was measured as of December 31, 2023. The total OPEB liability for each plan was determined by an actuarial valuation as of their respective measurement date. Total OPEB liability for both plans was \$4,413,072 at September 30, 2024.

Actuarial Assumptions and Other Inputs

THP

The Total OPEB liability in the September 30, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Schedule of Actuarial Assumptions	THP
Measurement Date	September 30, 2024
Actuarial Valuation Date	September 30, 2024
Inflation	2.50%
Salary Increases	3.00%
Discount Rate	4.06%
Prior Year Discount Rate	4.77%
Health Care Cost Trend Rates:	Based on SOA 'Health Care Costs--From Birth to Death' study published in 2013.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 18 – OTHER POST EMPLOYEMENT BENEFITS (Continued)

The discount rate was based on an average of the September 30, 2024 S&P Municipal Bond 20-Year High Grade Rate Index and the Fidelity General Obligation AA 20-Year Yield.

Mortality rates for active employees were based on the RPH-2014 Employee Mortality Table, Generational with Projection Scale MP-2019 for males or females, as appropriate.

Mortality rates for retirees were based on the RPH-2014 Healthy Annuitant Mortality Table, Generational with Projection Scale MP-2019 for males or females, as appropriate.

SDBF

The Total OPEB liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Schedule of Actuarial Assumptions	TMRS
Measurement Date	December 31, 2023
Actuarial Valuation Date	December 31, 2023
Inflation	2.50%
Salary Increases	3.60% to 11.85% including inflation
Discount Rate	3.77%
Retirees' Share of Benefit-related Costs	0
Administrative Expenses	All administrative expenses are paid through the Pension Trust and accounted for under reporting requirements of GASB Statement No. 68.
Mortality Rates - Service Retirees	2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).
Mortality Rates - Disabled Retirees	2019 Municipal Retirees of Texas Mortality Tables with a 4 year setforward for males and a 3 year set-forward for females. In addition, a 3.5% and 3% minimum mortality rate will be applied to reflect the impairment for younger members who become disabled for males and females, respectively. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence) to account for future mortality improvements subject to the floor.

The discount rate was based on the Fidelity Index's "20-Year Municipal GO AA Index" rate as of December 31, 2023.

NOTE 18 – OTHER POST EMPLOYMENT BENEFITS (Continued)

OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2024, the City recognized OPEB expense of \$136,381 for SDBF. At September 30, 2024, the City recognized OPEB expense related to THP of \$79,389. This was due to a change in the benefit plan. The City reported deferred outflows and inflows of resources related to OPEB from the following sources:

	SDBF		THP		Total	
	Deferred Outflows of Resources	Deferred Inflow of Resources	Deferred Outflows of Resources	Deferred Inflow of Resources	Deferred Outflows of Resources	Deferred Inflow of Resources
Difference between expected and actual economic experience	\$ 37,622	\$ 162,593	\$ 87,450	\$ 1,468,734	\$ 125,072	\$ 1,631,327
Changes in actuarial assumptions or inputs	332,316	580,419	161,976	381,031	494,292	961,450
Net differences between projected and actual investment earnings	-	-	-	-	-	-
Employer amounts for OPEB subsequent to measurement date	22,039	-	-	-	22,039	-
Total	<u>\$ 391,977</u>	<u>\$ 743,012</u>	<u>\$ 249,426</u>	<u>\$ 1,849,765</u>	<u>\$ 641,403</u>	<u>\$ 2,592,777</u>

Deferred outflows of resources related to OPEB of \$22,039 resulting from contributions made after the measurement date of the net OPEB liability but before the end of the City’s reporting period will be recognized as a reduction of the net OPEB liability in the subsequent fiscal period.

The remaining deferred outflows (inflows) of resources related to pensions will be amortized and recognized in OPEB expense as follows:

<i>Year ending September 30,</i>	THP	SDBF
2025	\$ (367,839)	\$ (46,021)
2026	(367,839)	(57,823)

The City has entered into several Advance Funding Agreements (AFA's) with the Texas Department of Transportation to fund various road widening and improvement projects within the City limits. These AFA's commit state or federal resources to the projects and require participation of the City in the cost of the projects. The City has signed engineering contracts in relation to these AFA's and the commitments under such contracts are reflected in the commitment summary noted above.

Mission Redevelopment Authority

The Authority has outstanding commitments to the City for various redevelopment projects. Typically, the City contracts and pays engineers and contractors directly for these redevelopment projects. MRA, in turn, reimburses the City for such expenditures. For the year ended September 30, 2024, the Authority has the following outstanding commitments to the City:

<u>Project</u>	<u>Committed</u>	<u>Expended to Date</u>	<u>Remaining Commitment</u>
Military and Inspiration Expansion Phase II	\$ 3,728,854	\$ 3,582,856	\$ 145,998

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 19 – OUTSTANDING COMMITMENTS

B. Component Units (Continued)

Mission Redevelopment Authority (Continued)

In addition to the outstanding commitments above for redevelopment projects, the Authority is committed to the City for annual payments in the amount of \$500,000 for debt service of Certificates of Obligation Series 2016 which was used for the construction of the Mission Event Center. The length of this commitment is until the debt is fully paid or the end of the TIRZ.

NOTE 20 – FUND BALANCES

At September 30, 2024, the City of Mission has classified its fund balances with the following hierarchy:

Assigned – The City Council has assigned resources for the purpose of meeting subsequent year’s budget appropriation of fund balance. In addition, resources have been assigned for the purpose of payment of certain capital asset replacements needed, and for funds to be used for various programs to be conducted by the Boys and Girls Club.

Restricted – The City Council has assigned resources for the purpose of meeting subsequent year’s budget appropriation of fund balance. In addition, resources have been assigned for the purpose of repayment of debt, capital improvements and for a specific purpose as enabled by legislation, external parties or constitutional provisions.

Unassigned – Unassigned fund balance has no constraints on its use.

Total net position	<u>\$ 147,030,160</u>	<u>\$ 80,333,993</u>	<u>\$ 16,380,377</u>	<u>\$ (2,254,382)</u>

NOTE 22 – CONTINGENT LIABILITIES

A. Litigation

The City is currently a defendant in various lawsuits. Although the City plans to contest the suits, it is the opinion of management and its outside attorneys that the possible outcome of the lawsuits and an estimate of the loss, if any, cannot presently be determined.

B. Federally Assisted Grant Programs

The City participates in several Federal and State assisted grant programs. Although the City's grant programs have been audited in accordance with the provisions of the Single Audit Act, these programs are still subject to financial and compliance audits. The amount, if any, of expenditures which may be disallowed by the grantor agencies cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 23 – RISK MANAGEMENT

The City is exposed to various risk of loss related to torts; damage to and destruction of assets; errors and omissions; injuries to employees; cyber security attacks; and natural disasters. The City of Mission has insurance coverage through the Texas Municipal League Intergovernmental Risk Pool for claims in excess of the deductible. There have been no reductions in insurance coverage from the previous year; no negative statements or jury awards have exceeded insurance coverage in the past three years. Under this pool, the City had the following coverages:

Liability Declarations of Coverage			
General Liability			
Limits of Liability	\$	1,000,000	Each Occurrence

The City has a limited risk management program for workers’ compensation and health insurance. Effective December 1, 1996, the City became fully insured for workers compensation insurance through a conventional policy. The City’s health insurance program is self-funded.

Health insurance premiums are paid into the Internal Service Fund by all other funds and are available to pay health claims and administrative costs of the program including costs associated with wellness programs. Inter-fund premiums are based primarily on claims experience and are reported as quasi-external transactions.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Health liabilities include an amount for claims that have been incurred but not reported (IBNRs).

Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts, and other economic social factors.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 23 – RISK MANAGEMENT (Continued)

The following is a reconciliation of the claims liability:

	2024	2023
Unpaid claims, beginning of fiscal year	\$ 183,537	\$ 346,585
Incurred claims and adjustments	6,462,671	5,675,637
Claims payments	(6,444,581)	(5,838,685)
Unpaid claims (IBNRs), end of fiscal year	\$ 201,627	\$ 183,537

NOTE 24 – COMPONENT UNIT TRANSACTIONS

The City’s economic development activities via City Council Resolution delegated all economic development activities to MEDC.

The City provides personnel services to carry out the daily operating activities of MEDC. MEDC does not reimburse the City for the services provided as well as accounting and overhead costs.

During the fiscal year ended September 30, 2024, the Mission Redevelopment Authority (MRA) reimbursed the City a total of \$4,128,626 related to various project costs, of which \$531,171 was payable at September 30, 2024. Additionally, the MRA incurred a total of \$100,000 in professional services provided by the City and \$451,042 related to administrative costs paid to the City, of which \$451,088 was payable at September 30, 2024.

NOTE 25 – CONDUIT DEBT OBLIGATIONS

Mission Economic Development Corporation (the "Issuer") pursuant to Texas Civil Statutes Article 5190.6 (the "Act"), and the Industrial Revenue Bond Program (the "Rules"), Title 10 Texas Administrative Code Chapter 180, promulgated by the Office of the Governor, Economic Development and Tourism Division (the "Division") has issued Industrial Development Bonds to finance various projects in the State of Texas.

To further economic development in the City, Mission Economic Development Corporation has issued Industrial Development Bonds to provide capital financing to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance.

Neither the City of Mission, Texas, the State of Texas, nor any political corporation, subdivision nor agency of the State of Texas is obligated in any manner to pay the principal of, premium, if any, interest on, or the purchase price of the bonds, and neither the faith and credit nor the taxing power of the State of Texas, Mission, Texas or any other political corporation, subdivision, or agency thereof, is pledged to the payment of the principal of, premium, if any, interest on, or the purchase price of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of September 30, 2024, there were ten series of Industrial Development Bonds outstanding. There was one issuance in the current fiscal year. The aggregate principal amount payable for the ten series issued prior to October 1, 2024 was \$696.82 million. Issuance dates for the ten series range from May 2007 to June 2024 and interest rates range from 2.90% to 10.88%. Maturity dates range from December 2025 to June 2054.

In connection with the process which ultimately may lead to the issuance of conduit debt, MEDC charges an application fee of \$2,500 per application, of which \$1,250 is paid to the financial advisor for local access fees. During the year ended September 30, 2024, there were six applications submitted, one of which was completed.

Upon issuance of conduit debt, an issuance fee is assessed based on the terms of the arrangements. For the year ended September 30, 2024, MEDC received \$160,000 of which \$80,000 was paid to the financial advisor for local access fees.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 25 – CONDUIT DEBT OBLIGATIONS (Continued)

After conduit debt has been issued, MEDC charges an annual fee based upon the original par value of the bonds which range from 2 basis points to 5 basis points depending on the type of project and the rating of the bonds being issued. For the year ended September 30, 2024, MEDC received \$264,560, of which \$132,280 was paid to the financial advisor for local access fees.

NOTE 26 – COMPLIANCE WITH REVENUE BOND COVENANTS

A. Certain Required Annual Disclosure

The bond covenants of the utility fund revenue bonds require that on an annual basis the City of Mission make available certain disclosures related to the operation of the Utility Fund. A separate report containing these required disclosures is available at City Hall.

B. Revenue Bond Coverage

Per the revenue bond debt covenants, the City's Utility Fund is required to maintain a 125% coverage over the average annual debt service requirement (first lien bonds) and 110% times the maximum annual debt service requirements (junior lien bonds). For the fiscal year ended September 30, 2024, the City's Utility Fund met these coverage requirements.

NOTE 27 – TAX INCREMENT REINVESTMENT ZONE

On September 24, 2001, the City established a Tax Increment Reinvestment Zone Number One (TIRZ) pursuant to Chapter 311 of the Texas Tax Code. The zone was formed to facilitate the provision of public works or improvements. A portion of the real property ad valorem taxes levied by participating taxing entities is set aside for this purpose beginning with taxes levied after January 1, 2002. The amount set aside out of the annually adopted tax levy is based upon the appraised value each January 1st compared to the base year appraised value of property in the zone as of January 1, 2001. The City of Mission and Hidalgo County are the only taxing entities participating in the Increment Zone. The City accounts for TIRZ as a special revenue fund.

Effective October 1, 2008, the City elected to transfer only the amounts of the tax increment which has been collected for the Tax Increment Reinvestment Zone 1. Hidalgo County also elected to transfer to the Zone only the amount of the tax increment actually collected each year. For the current year, the amounts transferred were \$4,499,329 and \$4,521,514 from the City and County, respectively.

NOTE 28 – INTEREST IN INTERNATIONAL TOLL BRIDGE

Pursuant to the Hidalgo-Mission-McAllen Interlocal Government Agreement, dated April 1, 2003 ("2003 Agreement"), the City of McAllen, Texas and the City of Mission, Texas own and operate the Anzalduas International Crossing ("Anzalduas Bridge") linking the United States, south of the City of Mission, Texas, and the westernmost part of the city of Reynosa, Tamaulipas, Mexico. According to that agreement, the ownership interest of the City of McAllen and the City of Mission is 66 2/3% and 33 1/3%, respectively.

The agreement also provides that complete management and control of the Anzalduas Bridge, with the exception of fixing rates and charges for services and the issuance of debt, which is reserved by the Board of Commissioners of McAllen, shall be vested in a Board of Trustees consisting of five (5) voting members, two of which are appointed from the existing members of the Hidalgo Bridge Board by McAllen, with the Mayors of the cities of McAllen, Hidalgo and Mission serving as ex-officio Board members. The Mayor of Granjeno also serves as an ex-officio non-voting member of the Board. In addition, the budget is subject to final approval by the Board of Commissioners of McAllen.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 28 – INTEREST IN INTERNATIONAL TOLL BRIDGE (Continued)

The agreement also provide that these cities as well as the City of Hidalgo will share in the unallocated balance of surplus net revenues at the following percentages: City of McAllen, 44%; City of Mission, 23%; and the City of Hidalgo, 33%. Per separate interlocal agreement, the City of Mission will share 6% of its portion of the unallocated balance of surplus net revenues with the City of Granjeno, Texas.

In order to finance the construction of the Anzalduas Bridge, the City of McAllen issued \$39,160,000 in revenue bonds during fiscal year ending 2007 in two separate series, \$26,000,000 Series 2007A and \$13,160,000 Series B. The bonds are secured by a pledge of net revenues of the McAllen International Toll Bridge (“Hidalgo Bridge”), located in Hidalgo, Texas and the Anzalduas Bridge. According to the 2003 Agreement, both the City of McAllen and the City of Hidalgo are responsible for the Series 2007A bonds from each city’s respective share of net revenues of the Hidalgo Bridge. The City of McAllen is responsible for Series 2007B bonds from its share of net revenues of the Hidalgo Bridge as well as the City of Mission from its share of net revenues of the Anzalduas Bridge. Commencement of operations was December 15, 2009.

Per the agreement, the City of Mission was not required to make any capital contributions to obtain its ownership interest; therefore no dollar amount is reflected in these financial statements as representing its ownership interest.

However, until sufficient excess revenues as defined in the Interlocal Agreement are available, the debt service costs related to Series 2007B Bonds as noted above are being advanced to Anzalduas Bridge Fund from the City of McAllen’s General Fund, including an allocated amount being advanced on behalf of the City of Mission by the City of McAllen. As of September 30, 2024, the amount advanced since the inception for the City of Mission is \$4,081,318 and is reflected as part of non-current liabilities due in more than one year in the statement of net position. See also Note 13.

NOTE 29 – SUBSEQUENT EVENTS

Primary Government

On October 28, 2024, resolution number 1928 was approved to use unspent lease proceeds of \$8,980,922 to repay the 2021 Lease Purchase Agreement for the purpose of reducing its annual payments and all other costs associated with the transaction.

On November 12, 2024, the purchase of a Type 1 Siddons Martin ambulance in the amount of \$401,470 was approved.

On January 27, 2026, the City authorized to purchase equipment for engines 4 and 5 in the amount of \$179,523.

CITY OF MISSION, TEXAS
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

NOTE 29 – SUBSEQUENT EVENTS (Continued)

Primary Government (Continued)

On February 10, 2026, the City authorized the purchase of five (5) Ram 1500 Classic 2WD from D&M leasing in the amount of \$26,958.

On February 10, 2026, the City accepted the voluntary surrender of property located at 1004 Reynosa St. for the CDBG program and authorization of the execution of related transfer of deed documents.

Mission Economic Development Corporation

As approved by the MEDC Board on January 22, 2025 and by the City Council on February 6, 2025, MEDC entered into a memorandum of understanding (MOU) with the City, whereby the City agreed to advance the sum of \$5,000,000 to MEDC for the purchase of Cimarron Golf Course and Country Club. The MOU identifies the intended terms for repayment, which include issuance of bonds. On September 19, 2025, MEDC repaid the City a total of \$2,500,000.

On February 7, 2025, MEDC entered into a \$3,138,487 cash purchase of 4.67 acres near the northeast side of Expressway 83 and Bryan Road for future development projects.

On April 23, 2025, MEDC entered into a contract with VM Golf Services in the sum of \$1,585,235 for the purpose of renovating the back 9 greens at the Shary Golf Course. These funds are intended to be reimbursed to MEDC through the issuance of 2025 bonds.

On May 15, 2025, MEDC entered into a 5-year Government Obligation Contract with KS State Bank in the amount of \$1,475,000 to be utilized for the lighting project at the Shary Golf Course for night golf.

Within fiscal year 2025, MEDC entered into a reimbursement agreement with the City of Mission whereby MEDC agreed to reimburse the City up to \$315,000 related to improvements made to the Shary Golf Course.

In September 2025, MEDC issued Mission Economic Development Corporation Sales Tax Revenue and Refunding Bonds, Taxable Series 2025 in the amount of \$10,400,000. A portion of the proceeds will be applied to repay the remaining balance of the 2016 Frost Loan of approximately \$3,139,409. The remainder of funds will be utilized for various economic development projects.

MEDC entered into a contract for the sale of the Cimarron Country Club and Golf Course. As of the date of the financial statements audited, the contract was still under negotiation.

Mission Redevelopment Authority

On January 13, 2026, the City Council approved the extension of the existing Tax Increment Zoen for an additional 15 years, moving from the expiration date of December 31, 2030 to December 31, 2045. The City Council's approval for extension was ratified by MRA's board of directors on January 21, 2026.

Net Pension Liability as a Percentage of Covered Payroll	21.95%	36.65%	-0.56%	19.56%	23.62%

Notes to Schedule of Changes in Net Pension Liability and Related Ratios
GASB 68 requires 10 fiscal years of data to be provided in this schedule.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	22 years (Longest amortization ladder)
Asset Valuation Method	10 Year smoothed market; 12% soft corridor
Inflation	2.50%
Salary Increases	3.60% to 11.85% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that vary by age. Last updated for the 2023 valuation pursuant to an experience study of the period 2022.
Mortality	Post-retirement: 2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence). Pre-retirement: PUB(10) mortality tables, with the 110% of the Public Safety table used for males and the 100% of the General Employee table used for females. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).

Other Information:

Notes There were no benefit changes during the year.

CITY OF MISSION, TEXAS
 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
 SEPTEMBER 30, 2024

The City follows these procedures in establishing the budgetary data reflected in the budgetary schedules:

1. The City Manager submits a proposed operating budget for all funds, as mandated by the City Charter, to the City Council 60 to 90 days prior to the beginning of each fiscal year. The operating budget includes proposed expenditures and the means of financing them.
2. The City Council selects the time and place of a public hearing on the budget to obtain taxpayer comments.
3. The appropriated budget is adopted by a majority vote of the City Council, and signed into law by a budget ordinance.
4. The budget amounts used in this report are as amended by the City Council.
5. Budgetary appropriations lapse at the end of each fiscal year.
6. The total estimated expenditures of the General Fund and Debt Service Fund may not exceed the total estimated revenues plus cash on hand of each fund.
7. The current level of budgetary control is the department level within each fund.

Due to the City's budgetary control level (department), the City Council approved several supplemental budgetary appropriations throughout the year. Approved budgetary appropriations increased the following budgets by:

General Fund	\$ 912,992
Special Revenue Funds	2,746,00
Proprietary Funds	1,803,600

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in the governmental funds. Encumbrances outstanding at year end do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year. Significant outstanding encumbrances in the General Fund are classified as assigned.

During the year ended September 30, 2024, General Fund Department expenditures exceeded appropriations as follows (see Exhibit B-1).

Finance Department	\$ (40,061)
Organizational Expense	(116,774)
Risk Management	(110,433)
Information Technology	(40,906)
Fire Department	(1,479,006)
Fire Prevention Bureau	(5,520)
Debt Service	(262,602)

CITY OF MISSION, TEXAS
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
SEPTEMBER 30, 2024

The following is a reconciliation of differences between budgetary basis and GAAP revenues and expenditures:

Budget to GAAP Reconciliation

Revenues:	General Fund
Actual revenues (budgetary basis) from the budgetary comparison schedule (Exhibit B-1)	\$ 55,668,649
Adjustments due to GASB Statement 54:	
Capital Asset Replacement Fund revenues	-
Boys and Girls Club revenues	229,629
	229,629
Total adjustments necessary	229,629
Total revenues as reported on the statement of revenues, expenditures, and changes in fund balances-governmental funds (Exhibit A-5)	\$ 55,898,278

Note: Does not include other financing resources.

Budget to GAAP Reconciliation

Expenditures:	General Fund
Actual revenues (budgetary basis) from the budgetary comparison schedule (Exhibit B-1)	\$ 58,878,579
Adjustments due to GASB Statement 54:	
Capital Asset Replacement Fund revenues	2,703,649
Boys and Girls Club revenues	893,591
	3,597,240
Total adjustments necessary	3,597,240
Total revenues as reported on the statement of revenues, expenditures, and changes in fund balances-governmental funds (Exhibit A-5)	\$ 62,475,819

**OTHER SUPPLEMENTARY
INFORMATION**

This page left blank intentionally.

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are restricted to expenditures for particular purposes.

Community Development Block Grant (CDBG): To account for federal funds granted to the City for the sole purpose of improving the health and welfare of the community.

Police Department Special Fund: To account for monies confiscated in drug related cases; expenditures from the fund are restricted for law enforcement purposes.

Police Federal Sharing Fund: To account for federal seizures awarded to the City. Expenditures are restricted for law enforcement purposes.

Municipal Court Technology Fund: To account for collections and expenditures of municipal court technology fee.

Drainage Assessment Fund: To account for the cost of drainage improvements at problem locations throughout the City. Property owners in the City are assessed a monthly amount according to a set rate schedule.

Cemetery Fund: To account for fees associated with the maintenance of the City's cemeteries. The City currently has three cemeteries that it must maintain: Laurel Hill Cemetery, Catholic Cemetery, and San Jose Cemetery.

Records Preservation Fund: To account for fees collected for providing preservation of records.

Speer Memorial Library Fund: To account for contributions from private sources restricted to the provision of scholarships and library books.

Hotel/Motel Tax Fund: To account for collections and expenditures of hotel and motel taxes to promote tourism.

Municipal Court Building Security Fund: To account for fees collected for providing security to the Municipal Court Building.

Park Dedication Fund: To account for park dedication fees received from developers for new parks and park improvements.

Juvenile Case Manager: To account for fines collected on fine-only misdemeanor offense cases. Fees are to be used only to finance the salary and benefits of a juvenile case manager.

PEG Capital Fund: To account for PEG capital fees received from holders of a state issued certificate of franchise authority that constitute 1% of their gross revenue. These revenues, under state and federal law, must be separated from general fund revenue and may only be used for capital costs of PEG facilities.

Veterans Cemetery Fund: To account for management and operation of the Rio Grandy Valley State Veterans Cemetery.

Tax Increment Reinvestment Zone Fund: To account for a portion of property taxes levied by the City and Hidalgo County to facilitate the provision of public works or improvements.

Mission Economic Development Authority: To provide development activities that could not be carried out by the Mission Economic Development Corporation. City of Mission management has operational and fiscal responsibility for this component unit. MEDA is presented as a blended component unit - special revenue fund of the City as MEDA's current limited activity exclusively benefits the City.

NON-MAJOR GOVERNMENTAL FUNDS

CAPITAL PROJECT FUNDS

Capital Projects Fund: To account for the construction of capital projects not funded through debt obligations.

2018 Certificates of Obligations: To account for the purchase of commercial sanitation vehicles, commercial garbage bins, construction, repair, rehabilitation, renovation of municipal buildings and to engage engineers for the purpose of planning/designing public utilities and improvements in the southwestern part of the City.

PROPRIETARY FUNDS

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the government’s council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government’s council has decided that periodic determination of net income is appropriate for accountability purposes.

Utility Fund: To account for the provision of water and sewer services to the residents of the City and some residents outside the city limits.

Golf Course Fund: To account for the operations and maintenance of Shary Municipal Golf Course.

Solid Waste Fund: To account for the provision of garbage and brush collection for the residents of the City.

Event Center Fund: To account for the operations and maintenance of a city venue which hosts weddings, receptions, birthday parties, reunions, and other gatherings for public and private use.

STATISTICAL SECTION

This part of the City of Mission’s annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City’s overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	205
<p>These schedules contain trend information to help the reader understand how the City’s financial performance and well-being have changed overtime.</p>	
Revenue Capacity	212
<p>These schedules contain information to help the reader assess the City’s most significant local revenue source, the property tax.</p>	
Debt Capacity	216
<p>Schedules presented in this section provide information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future.</p>	
Demographic and Economic Information	221
<p>These schedules offer demographic and economic indicators to help the reader understand the environment within which the City’s financial activities take place.</p>	
Operating Information	223
<p>These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to the services the City provides and the activities it performs.</p>

Source: Hidalgo County Tax Office and La Joya Tax Office.

- Overlapping rates are those of the City, County, and school districts that apply to property owners within the City of Mission. Not all overlapping rates apply to all City of Mission property owners (for example the rates for La Joya School District apply only to the proportion of the City's property owners whose property is located within the geographic boundaries of the La Joya School District).
- (Total Tax Rate)-The allocation of operation and debt service is not available at this time for the County, School Districts, Special Districts and the Community College.
