

# **Explanation of Plan and Purpose for Event**

Alfredo Hernandez

Vino Y Aceite Church

400 Beech Ave

McAllen TX, 78501

To whom it may concern,

This letter explains the proposal for the walk with Christ that we have presented to the city. The objective of the walk is to gather the community under the single name of Jesus Christ to inspire hope, purpose, and unity. Due to recent events, many individuals have lost these principles. We plan to portray the event as a sign to many who are lost, as a means to re-establish that connection between the people and their faith, which is the primary motive for reuniting the churches, which will bring transformation to the citizens of the RGV and inspire people to change.

We have gathered support from more than 14 local churches, with a projected attendance of 180 to 220 participants from different denominations who have agreed with the vision. These churches will walk in a straight line on Conway Ave from 495 to the Alton Police Department. The walk will cross through three municipalities, in accordance with the laws and policies in place for each one. We will have 25 appointed chaplains, certified by the state of Texas, who will oversee the event, prioritize participant safety, and maintain order in accordance with state regulations. We plan to take this walk with floats, each one serving its purpose. There will be stops in place to offer water and rest before continuing, and with your grace, police escorts will be monitoring the event. At the end of the walk, there will be a concert at the Alton Police Department, which the mayor, Salvador Vela, has already approved.

With your favor, we hope to bring this vision to fruition and see a transformation in our community.

Sincerely,

Alfredo Hernandez
