**NATURE OF REQUEST:**

Authorization to finance a 2500 HD 2026 Chevy Silverado and a 2026 Chevy Silverado 1500 both fully equipped with emergency lighting and essentials from D&M Commercial Leasing via Buy Board Contract #744-24 for a total cost of \$167,190.50 with a financed monthly cost of \$3,418.45 for five (5) years. One vehicle will be assigned to Fire Prevention for use by Fire Investigators, and the second vehicle will be assigned to the EMS Captain.

These vehicles will support essential operational functions within the Fire Department. The Fire Prevention unit requires a dedicated vehicle to ensure timely response to investigations and inspections, while the EMS Captain needs reliable transportation to effectively oversee emergency medical operations, provide on-scene support, and enhance overall service delivery. The finance option offers immediate access to updated, dependable vehicles without the upfront expense of purchasing new units.
