

**MEETING DATE:** May 27, 2026

**PRESENTED BY:** Xavier Cervantes, ACIP, CPM – Director of Planning

**AGENDA ITEM:** Public hearing and consideration of a variance request to allow a 10' rear setback instead of the required 15' for a proposed commercial building, being Lot 1, Pediatrics at Sharyland Subdivision, located at 2403 Colorado Street, Applicant: Jose De Leon – Cervantes

---

**NATURE OF REQUEST:**

Project Timeline:

- March 25, 2026 – Application for Variance Request submitted to the City.
- May 14, 2026 – In accordance with State and local law, notice of the required public hearings mailed to all property owners within 200 feet of the subject tract and notice of public hearings was published in the Progress Times.
- May 27, 2026 – Public hearing and consideration of the requested variance by the Zoning Board of Adjustments (ZBA).

Summary:

- The request is not to comply with subdivision plat note #3 rear setback, which states the following:
  - Front setback: 30 feet along Colorado Street
  - Rear setback: 15 feet or greater for easement
  - Side Setback: 0 feet or greater for easement
- Mr. De Leon is proposing to construct a 6,825 square foot commercial plaza. He would like the board to consider the proposed adjustment to provide sufficient space for the required site operations and to ensure a functional, efficient site layout. The requested reduction is limited in scope and intended only to accommodate the property's operational needs.
- Pediatrics at Sharyland Subdivision was recorded on May 26, 2011. The subject property is located approximately 294' east of Shary Road along the north side of Colorado Street. The lot fronts Colorado Street with a width of 120.87 feet and a length of 192.53' for a total of 23,271.10' square feet.
- The property is currently vacant. The lots to the north, south and west are vacant; and the lot to the east has a commercial building.
- Staff has not received any calls regarding this variance request. Staff mailed out 9 notices to the surrounding property owners.
- Staff notes that no other variances have been considered in this subdivision.
- The City of Mission Code of Ordinances Appendix A – Zoning, Section 1.17 states ZBA may:

- “Permit the reconstruction, extension, or enlargement of a building occupied by a non-conforming use on the lot or tract occupied by such building provided such reconstruction does not prevent the return of such property to a conforming use”, and
- “Authorize in specific cases a variance from the terms of a zoning ordinance if the variance is not contrary to the public interest, and due to special conditions, a literal enforcement of the ordinance would result in unnecessary hardship, and so that the spirit of the ordinance is observed and substantial justice is done”.
- There is a new state law, HB1475, that allows variances to be granted if:
  - The financial cost of compliance is greater than 50 percent of the appraised value of the structure as shown on the most recent appraisal roll certified to the assessors for the municipality under Section 26.01, Tax Code;
  - Compliance would result in a loss to the lot on which the structure is located of at least 25 percent of the area on which development may physically occur;
  - Compliance would result in the structure not being in compliance with a requirement of a municipal ordinance, building code, or other department;
  - Compliance would result in the unreasonable encroachment on an adjacent property or easement; or
  - The municipality considers the structure to be a nonconforming structure.

**STAFF RECOMMENDATION:**

Staff recommends approval of the variance request.
