Re: Perpetual Lawn

Maintenance of Sendero Park

To Whom It May Concern:

As Director of Mission Parks and Recreation and on behalf of The City of Mission, we are excited about the proposed addition to our family of parks designed to meet the needs of citizens in this rapidly growing area in the South West side of town. The City of Mission commits partnership on the newly proposed 25 acre park/trial site in association with Sendero Subdivision, commonly called Sendero Park.

Once construction is complete, Mission Parks and Recreation Department will provide the expected lawn maintenance which will include mowing, weed eating, arbor care, application of fertilizers and herbicides when needed along with the maintenance and upkeep of the automatic irrigation system.

For any questions or concerns, please feel free to contact me.

Regards,

Brad Bentsen MCPTM
