RE: Request to turn on Baseball Field Lights at Jaycee Park & Leo Peña Placita Park

Dear Mr. Bentsen,

I am writing on behalf of **Seek & Save – Hope for the Valley** to respectfully request that the baseball field lights at **Jaycee Park** be turned on for our upcoming community outreach event on **Wednesday, October 14th** and the lights as well for **Leo Peña Placita Park** on **Friday October 16th**.

Our events will bring members of the community together for an evening of outreach, fellowship, and support for families and individuals in the Valley. Having the baseball field lights at Jaycee Park and the lights at Leo Peña Placita available will provide the necessary lighting for our events and help ensure a safe and welcoming environment for everyone attending.

We greatly appreciate the City of Mission and the Parks and Recreation Department for considering our request and for supporting community events that serve local residents.

Please let us know if there is any additional information required to arrange for the field lights to be turned on for the event.

Thank you for your time and consideration. We sincerely appreciate your support of **Seek & Save – Hope for the Valley** and our efforts to serve the community.

Sincerely,

Diego Castaño
