# Knightscope

## Autonomous Security Robots (ASRs)

Reimagine Public Safety with Knightscope. Knightscope designs and builds revolutionary, Autonomous Security Robots (ASRs) that provide 24/7/365 protection at the places we work, study and visit every day... and they are Made in the USA. Knightscope's robots are already deployed across the country in five time zones making hospitals, logistics facilities, manufacturing plants, schools, and corporations safer.

Our all-inclusive subscription service (branded robot, charge station, cellular data, service/maintenance, browser-based user interface and regular software/firmware upgrades) offers flexible and affordable options for use in most commercial applications. Our experts will work directly with you to develop the best program to solve your specific security problems that will allow you to protect your property and monitor the status remotely.
