6. Citizen's Participation – Garza

Irma Flores Lopez, 1201 Keralum, spoke about the demolition of Roosevelt Auditorium. She, again, was concerned why there were no red flags when the permit was issued for the demolition. This was such a historical site and an effort could have been made to preserve it. Ms. Flores suggested that they do something to commemorate the school such as naming the surrounding streets over some of the founders of the school.

David Escalera, 712 W. 27TH Street, voiced his concern over the provisions that are being recommended to amend the current wrecker ordinance. He stated that he felt as though he was being affected the most. He had four different companies operating under the same address. His business is within city limits and his lot is also in the City of Mission. He has always provided excellent service for the city and does not understand why they want other vendors that are from surrounding cities to come in.
