Re: Request for Permit Renewal for Portable Buildings – Excellence in Leadership Academy

Date: 07/16/2025

I. Introduction

On behalf of the Board of Directors and Administration of Excellence in Leadership Academy, I want to express our sincere appreciation for your continued support of our school and the students and families we serve in the Mission community. We are a tuition-free public charter school committed to academic excellence, character development, and cultivating future leaders.

II. Current Use of Portable Buildings

Our campus currently includes three portable buildings which are being used for direct instruction. These buildings serve 19 sixth graders, 19 seventh graders, and 20 eighth graders. Additionally, they house our Art program and CTE (Career and Technical Education) classroom. These structures are vital to maintaining appropriate class sizes, supporting elective offerings, and providing a secure, age-appropriate separation between middle and elementary school students on campus.

III. Purpose of Request

We respectfully request continued permitting of our portable buildings. As a public charter school, our funding is solely determined by student enrollment and attendance. Like many schools, we experienced a significant decline during the COVID-19 pandemic, which affected both enrollment and long-term capital planning. Though we are now steadily recovering, we remain in a phase of fiscal rebuilding and student reengagement. These portable classrooms provide a flexible, cost-effective solution that supports our current growth without compromising academic quality or campus safety.

IV. Educational, Safety, and Community Benefits

The portable buildings directly support our model of small learning communities, which research shows improve student engagement and achievement. They also enhance campus safety by providing clearly defined zones for different age groups.

Beyond the classroom, Excellence in Leadership Academy is deeply embedded in the Mission community. We host open-to-public family events, partner with local organizations for service learning, and prepare our students to transition into Mission Collegiate, Mission

High School, and Veterans Memorial High School. Many of our graduates return to this community to give back and lead.

We are also committed to compliance. All portable structures meet applicable safety, ADA, and fire code requirements, and we conduct regular inspections to ensure they remain secure and functional. Recently, we've made HVAC upgrades and reinforced infrastructure to maintain a safe learning environment.

V. Financial Considerations and Long-Term Planning

At this time, we lease our facility from Luz para las Naciones. Plans to acquire land and build a permanent campus are still a core goal, but the pandemic delayed this timeline due to funding reductions. We are actively pursuing grants and partnerships to make that vision a reality.

We are not requesting a permanent exemption, only time and flexibility to rebuild responsibly. Removing these portables at this stage would disrupt instruction and possibly require us to reduce enrollment, affecting families who have entrusted us with their children's education.

We would be glad to provide regular updates on our facility development efforts and timeline as we move forward. Your continued support now will ensure that we can reach that goal with minimal disruption to students.

VI. Conclusion

Thank you for considering our request. These portable buildings are a temporary but essential solution in our school's development. Excellence in Leadership Academy is committed to the families of Mission, and with your support, we will continue to provide a safe, academically rigorous, and values-driven education.

As Job 8:7 reminds us, "And though your beginning was small, your latter days will be very great." We believe in that promise, and with the City Council's partnership, we will continue our growth and serve the city of Mission with excellence.

Respectfully,

Excellence in Leadership Academy Board of Directors and Administration
