

Tyler Payments - Sole Source Letter

To Whom It May Concern:

This letter is to confirm that Tyler Technologies, owns all rights, title and license in and to, the Tyler Payments payment processing solution and related services (collectively, the "Tyler Payments Solution"). Tyler Technologies is the only authorized developer and licensor of the Tyler Payments Solution and, except as set forth in agreements with its marketing partners, is the only entity authorized to implement, promote and maintain the Tyler Payments Solution. The Tyler Payments solution is a payment processing solution built in to Tyler software products from end-to-end, including those applications that have been identified to you as "Incode" (also known as "Tyler ERP Pro").

Tyler Payments is the only solution for Tyler products which offers a full payment solution for: PCI Level 1 Card Readers, improved reconciliation for eChecks, Batch synchronization for improved credit card reconciliation, flexible fee models, and all Tyler from end-to-end.

Tyler Payments is currently the only solution that can meet Tyler's comprehensive requirements for a fully integrated, highly secure, credit card processing system.
