112 Total Responses

Total In-District Incidents Year over Year Comparison - Year to Date
by Month

Total In-District Annual Incidents Year-to-Date
by Year

SVFD is .5% above last year's call volume

This map displays the population density of Liberty Lake, Idaho, by census tract. The density is represented by the size and color of the circles, with a color gradient from green (low density) to red (high density). The highest population densities are concentrated in the central urban core, with values ranging from 10 to over 600. The map also shows the surrounding landscape, including the Dishman Hills and Liberty Lake, and includes a legend in the top left corner.

Millwood CC Run Report

Total In-District Incidents - Last Quarter

94

Total In-District Incidents by Incident Category - Last Quarter

The map displays a portion of Spokane, WA, with the Spokane River at the top. A network of orange lines is overlaid on the street grid. Green circles of different sizes, each containing a number, are scattered across the map. The numbers are: 1, 2, 3, 4, 5, 6, 7, 8, 12, 17, and 18. The circles are distributed across the map, with some clusters and others isolated. The map also shows various landmarks, including the Spokane River, West Valley High School, and the Inland Empire Paper Company.
