

CITY OF MINNETRISTA

CITY COUNCIL AGENDA ITEM ____

Subject: Camera System Vendor Presentations

Prepared By: Jasper Kruggel, City Administrator

Meeting Date: June 2, 2025

Issue: City Council directed staff to facilitate presentations from area security camera vendors.

Overview: Staff have been engaged with multiple security camera vendors to solicit solutions to refresh our current system that requires updating due to software being past end of life support, and hardware not being supported and inadequate.

Vendors will have approximately 10 minutes to present on the proposed software and hardware solutions and City Council will have approximately five minutes to ask questions of the vendors. Staff anticipate up to four vendors presenting.

Staff seek City Council input on the preferred solution to our security camera system update. Depending on the desired solution, staff will then facilitate a quote or bidding process to procure the required system as directed by City Council.

Recommended City Council Action: Staff is requesting direction from City Council on the preferred system to update our current security camera system.

Mission Statement:

The City of Minnetrista will deliver quality services in a cost effective and innovative manner and provide opportunities for a high quality of life while protecting natural resources and maintaining a rural character.
