

Montgomery City Council  
**AGENDA REPORT**

<b>Meeting Date:</b> August 10, 2021	<b>Budgeted Amount:</b> N/A
<b>Department:</b> Administration	<b>Prepared By:</b> Richard Tramm

**Subject**

Consideration and possible action to purchase 3 mobile traffic control and messaging signs from All Traffic Solutions.

**Recommendation**

Recommend approval of purchase of traffic control and messaging signs from All Traffic Solutions.

**Discussion**

Earlier this year City staff met multiple times to review emergency procedures and processes and implement changes as needed. One of the items identified was the need for portable and controllable signs for traffic direction and messaging during emergency situations. To fill this need the three trailers in this item were identified. After purchase, they would be available for normal daily use of the Police and Public Works Departments for traffic control, as needed. This regular use would also ensure they are kept in proper operating condition on a regular basis and that staff is familiar with their operation. Each of these includes solar charging capability to maximize their ability to be used in remote locations. The items to be purchased under this approval were identified by the Police Department as being appropriate for traffic control and messaging for multiple uses. The total cost for three signs, trailers and all accompanying accessories is \$44,204.00.

As these signs would be used for traffic direction use during in-City festivals and events, the MEDC has approved a budget amendment for funds that would cover half of the purchase amount and would be expected to fund half of this cost to reimburse the City at an upcoming MEDC Meeting following the City approving to purchase the signs. (The next MEDC Meeting is scheduled for August 16, 2021.)
