

Montgomery MEDC
AGENDA REPORT

Meeting Date: July 19, 2021	Budgeted Amount: N/A
Department: MEDC	Prepared By: Richard Tramm

Subject

Update on historical signage.

Recommendation

No action is needed.

Discussion

We have received the first group of new historical signage for local sites that we are featuring locally. These signs will be placed at local sites to update available information available to local tourists. These signs also contain QR codes which link to updated City website information for each location. I will have these signs at the meeting for the MEDC Board to review before they will be posted publicly.
