Montgomery, Texas 77316

Re: Variance Request
BCS Capital (Dev. No. 2415)
City of Montgomery

Dear Commissioners:

BCS Capital (the “Developer”) plans to proceed with the development of the approximately 11-acre multi-family development located south of the intersection of CB Stewart Drive and Buffalo Springs Drive. The Developer is requesting the following variance from the City’s Code of Ordinances:

- Section 98-286: Each apartment or townhouse unit shall have off-street parking for 2 vehicles. The Developer is requesting to provide a parking ratio of 1.5 spaces for each apartment unit.

Enclosed you will find the request for variance as submitted by the engineer for the development. It is important to note that the Developer has not received plan approval for the site and the final layout of their site is contingent on the variances being requested at this time.

Approval of the requested variances does not constitute plan approval and only allows the Developer to further refine the proposed plat and site plans, which will require the full review and approval of the City.

If you have any questions or comments, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Chris Roznovsky".

Chris Roznovsky, PE
City Engineer
