TITLE 7. REGULATION OF LAND USE, STRUCTURES, BUSINESSES, AND RELATED
ACTIVITIESSUBTITLE C. REGULATORY AUTHORITY APPLYING TO MORE THAN ONE TYPE OF LOCAL
GOVERNMENT

CHAPTER 245. ISSUANCE OF LOCAL PERMITS

Sec. 245.001. DEFINITIONS. In this chapter:

(1) "Permit" means a license, certificate, approval, registration, consent, permit, contract or other agreement for construction related to, or provision of, service from a water or wastewater utility owned, operated, or controlled by a regulatory agency, or other form of authorization required by law, rule, regulation, order, or ordinance that a person must obtain to perform an action or initiate, continue, or complete a project for which the permit is sought.

(2) "Political subdivision" means a political subdivision of the state, including a county, a school district, or a municipality.

(3) "Project" means an endeavor over which a regulatory agency exerts its jurisdiction and for which one or more permits are required to initiate, continue, or complete the endeavor.

(4) "Regulatory agency" means the governing body of, or a bureau, department, division, board, commission, or other agency of, a political subdivision acting in its capacity of processing, approving, or issuing a permit.

Added by Acts 1999, 76th Leg., ch. 73, Sec. 2, eff. May 11, 1999.

Amended by:

Acts 2005, 79th Leg., Ch. 6 (S.B. 848), Sec. 1, eff. April 27, 2005.

Sec. 245.002. UNIFORMITY OF REQUIREMENTS. (a) Each regulatory agency shall consider the approval, disapproval, or conditional approval of an application for a permit solely on the basis of any orders, regulations, ordinances, rules, expiration dates, or other properly adopted requirements in effect at the time:

(1) the original application for the permit is filed for review for any purpose, including review for administrative completeness; or

(2) a plan for development of real property or plat application is filed with a regulatory agency.

(a-1) Rights to which a permit applicant is entitled under this chapter accrue on the filing of an original application or plan for development or plat application that gives the regulatory agency fair notice of the project and the nature of the permit sought. An application or plan is considered filed on the date the applicant delivers the application or plan to the regulatory agency or deposits the application or plan with the United States Postal Service by certified mail addressed to the regulatory agency. A certified mail receipt obtained by the applicant at the time of deposit is prima facie evidence of the date the application or plan was deposited with the United States Postal Service.

(b) If a series of permits is required for a project, the orders, regulations, ordinances, rules, expiration dates, or other properly adopted requirements in effect at the time the original application for the first permit in that series is filed shall be the sole basis for consideration of all subsequent permits required for the completion of the project. All permits required for the project are considered to be a single series of permits. Preliminary plans and related subdivision plats, site plans, and all other development permits for land covered by the preliminary plans or subdivision plats are considered collectively to be one series of permits for a project.

(c) After an application for a project is filed, a regulatory agency may not shorten the duration of any permit required for the project.

(d) Notwithstanding any provision of this chapter to the contrary, a permit holder may take advantage of recorded subdivision plat notes, recorded restrictive covenants required by a regulatory agency, or a change to the laws, rules, regulations, or ordinances of a regulatory agency that enhance or protect the project, including changes that lengthen the effective life of the permit after the date the application for the permit was made, without forfeiting any rights under this chapter.

(e) A regulatory agency may provide that a permit application expires on or after the 45th day after the date the application is filed if:

(1) the applicant fails to provide documents or other information necessary to comply with the agency's technical requirements relating to the form and content of the permit application;

(2) the agency provides to the applicant not later than the 10th business day after the date the application is filed written notice of the failure that specifies the necessary documents or other information and the

date the application will expire if the documents or other information is not provided; and

(3) the applicant fails to provide the specified documents or other information within the time provided in the notice.

(f) This chapter does not prohibit a regulatory agency from requiring compliance with technical requirements relating to the form and content of an application in effect at the time the application was filed even though the application is filed after the date an applicant accrues rights under Subsection (a-1).

(g) Notwithstanding Section 245.003, the change in law made to Subsection (a) and the addition of Subsections (a-1), (e), and (f) by S.B. No. 848, Acts of the 79th Legislature, Regular Session, 2005, apply only to a project commenced on or after the effective date of that Act.

Added by Acts 1999, 76th Leg., ch. 73, Sec. 2, eff. May 11, 1999.

Amended by:

Acts 2005, 79th Leg., Ch. 6 (S.B. 848), Sec. 2, eff. April 27, 2005.

Sec. 245.003. APPLICABILITY OF CHAPTER. This chapter applies only to a project in progress on or commenced after September 1, 1997. For purposes of this chapter a project was in progress on September 1, 1997, if:

(1) before September 1, 1997:

(A) a regulatory agency approved or issued one or more permits for the project; or

(B) an application for a permit for the project was filed with a regulatory agency; and

(2) on or after September 1, 1997, a regulatory agency enacts, enforces, or otherwise imposes:

(A) an order, regulation, ordinance, or rule that in effect retroactively changes the duration of a permit for the project;

(B) a deadline for obtaining a permit required to continue or complete the project that was not enforced or did not apply to the project before September 1, 1997; or

(C) any requirement for the project that was not applicable to or enforced on the project before September 1, 1997.

Added by Acts 1999, 76th Leg., ch. 73, Sec. 2, eff. May 11, 1999.

Sec. 245.004. EXEMPTIONS. This chapter does not apply to:

(11) regulations to prevent the imminent destruction of property or injury to persons if the regulations do not:

(A) affect landscaping or tree preservation, open space or park dedication, lot size, lot dimensions, lot coverage, building size, residential or commercial density, or the timing of a project; or

(B) change development permitted by a restrictive covenant required by a municipality.

Notwithstanding any other provision of this chapter, any ordinance, rule, or regulation enacted pursuant to this section shall place an expiration date on a project of no earlier than the fifth anniversary of the date the first permit application was filed for the project if no progress has been made towards completion of the project. Nothing in this subsection shall be deemed to affect the timing of a permit issued solely under the authority of Chapter 366, Health and Safety Code, by the Texas Commission on Environmental Quality or its authorized agent.

(c) Progress towards completion of the project shall include any one of the following:
