

Montgomery City Council
AGENDA REPORT

Meeting Date: September 22, 2025	Budgeted Amount: N/A
Department: Administration	Prepared By: Maryann Carl

Subject

Consideration and possible action authorizing the Mayor to execute any and all documents necessary for the City of Montgomery to participate in the Purdue Direct Settlement Agreement.

Recommendation

Staff recommends approval to authorize the participation of the City of Montgomery, Texas, in the Purdue Direct Settlement Agreement; and authorizing the Mayor to execute any and all documents necessary to participate in the settlement.

Discussion

The City of Montgomery, Texas adopted Resolution 2023-04 approving the allocation of any and all opioid settlement funds within the State of Texas resulting from the Texas Opioid Abatement Fund Council and Settlement Allocation Term Sheet. The City of Montgomery must submit the Subdivision Participation Form for the Purdue Settlement no later than September 30, 2025 to participate.

Subdivision participation is strongly encouraged, for the following reasons:

- First, the amounts to be paid under the Settlement, while insufficient to abate the epidemic fully, will contribute to allowing Texas and its local governments to commence with meaningful change designed to curb opioid addiction, overdose, and death, following on the Distributors and Johnson & Johnson/Janssen settlements from 2021, the Teva and Endo settlements from 2022, the Mallinckrodt bankruptcy settlement in 2023, and the Allergan, CVS, Walmart, and Walgreens settlements from 2023;
- Second, time is of the essence. The opioid epidemic continues to devastate communities around the country, and it is critical that the funds begin to flow to allow governments to address the epidemic in their communities as soon as possible; and
- Third, you know first-hand the effects of the opioid epidemic on your community. Funds from this settlement will be used to commence abatement of the crisis and provide relief to your citizens while litigation and settlement discussions proceed against numerous other defendants in the opioid industry.
