Subject

Consideration and Acceptance of a 0.1195-acre Public Sanitary Sewer Easement Agreement.

Recommendation

Accept the Easement Agreement as presented.

Discussion

As shown in the attached location map, the City currently has a sanitary sewer line running along the south edge of the MHS football stadium. This new easement will be for a City-owned sewer line that serves the properties along Eva Street / SH105. The line will be installed by the developer to initially serve a second phase of Town Creek Storage adjacent to this property.

MISD approved granting the easement at a meeting on October 4th.
