6. **Discussion on potential rezone of 63 acres located on Summit Park Drive from commercial to institutional.**

Discussion held among the Council Members on a potential zoning change of 63 acres on Summit Park Drive from Commercial to Institutional, likely for a school development by the school district, with concerns about the impact on city revenue and existing industrial zoning, especially since the property is part of the Summit Business Park, which has been a significant industrial area for the City. Some Council Members believe maintaining industrial or commercial zoning would better serve the City's economic interests, providing jobs and revenue, while others recognize the potential benefits of new educational facilities, but worry about the property's location and its limited impact on local traffic and economic activity. The city official's consensus is to consider the issue carefully, balancing growth, revenue, and community needs.

Discussion only no action taken.
