**Subject**

Presentation regarding the MEDC wayfinding project in the Historic Preservation District.

**Discussion**

The goal of this project is to implement clear and effective signage that enhances navigation throughout the city and fosters community engagement.

The sign designs align with the character and aesthetic of the Historic Preservation District to maintain aesthetic consistency.

Efforts will be made to ensure minimal disruption to the downtown commercial businesses. And, the project will be coordinated to align with the ongoing Downtown Streetscape Project on McCown.

The MEDC will serve as the primary funding source for this project.

**Recommendation**

For discussion only.
