Dear City Commissioners

On behalf of the Maury County Regional Airport Authority, Members Greg Martin and I would like to thank you for the opportunity to provide this correspondence.

Mr. Martin and I strongly endorse the addition of Mayor Bill White to the Airport Authority. Having known Mayor White for several years, we have watched how he brings intelligence and energy to every organization he touches. For the Airport, Mayor White will help us leverage the significant economic opportunities before the Airport today. Perhaps more importantly, with Bill's guidance we can ensure that those benefits spread to Mt. Pleasant as well.

The Airport is keenly aware that we exist within the City's boundaries. We place great importance on being a good neighbor and do our best to structure our activities to have as little impact locally as possible. Looking forward, with Bill's involvement the airport expects to extend that relationship to having a more direct and positive economic impact on the Mt Pleasant community.

Thank you for your time, and thank you for your service.

Sincerely,

Tom Apker, Chairman

Maury County Regional Airport Authority.
