

# City of Moberly City Council Agenda Summary

Agenda Number: \_\_\_\_\_  
 Department: Public Works  
 Date: June 16, 2025

**Agenda Item:** A Resolution Accepting The Bid Of And Authorizing Contracting With Willis Bros, Inc For Boring And Installing Steel Casing Pipe And Further Authority.

**Summary:** We received two bids for the work to bore (2) 24” diameter culvert pipes under S. Morley. This work is to allow the additional capacity needed to transfer the water that backs up on the West side of the roadway to the channel on the East. This was determined by a study conducted by Barr Engineering for the Utilities Department.

We received two bids from Bill Sullivan Excavation for \$51,400 and Willis Bros for \$39,500. Staff is recommending proceeding with Willis Brothers. They included that they would need to get on the work very quickly if we wanted it done anytime soon as they are preparing to start a multi-million dollar project out of the area very soon and wouldn’t be able to get to it for some time. This work is being completed to alleviate flooding of buildings on the East side, including South Morley Storage, who is the one most frequently impacted.

To explain why the City, Public Works Department is completing this work on South Morley which is a Modot maintained road, the City has an agreement dating back in 1959 when Morley was widened that says Modot will maintain the road and road surface, but everything in the r/w falls to the City.

As for the City breakdown, all work in the r/w related to non-combined storm sewer falls under public works, while all combined stormwater systems or stormwater out of the r/w falls under public utilities.

**Recommended Action:** Approve the Resolution.

**Fund Name:** Gas Tax Funding – Roadway Maintenance

**Account Number:** 601.000.5302

**Available Budget \$:**
