TOTAL PRICE BASE BID (Use Figures)					\$ 3,149,211.25

Unit prices have been computed in accordance with paragraph 13.03 of the General Conditions.

Bidder acknowledges that estimated quantities are not guaranteed and are solely for the purpose of comparison of Bids, and final payment for all Unit Price Bid items will be based on actual quantities provided, determined as provided in the Contract Documents. Unit price definitions are included in the City's Standard Specifications for Sanitary Sewer Systems.

UNIT PRICE SCHEDULE DEFINITIONS

Unless noted below, Unit prices are defined in the City of Moberly's Standard Specifications for Sewer Construction.

- A. Item 1. Mobilization: A lump sum payment not to exceed four (4) percent of the total bid amount that will be made to the Contractor with the first monthly progress payment as a reasonable amount to start project.
- B. Item 2. CCTV and Light Cleaning (6 to 18-Inch)
 - a. This section refers to cleaning and CCTV of the mainline sanitary sewer pipe to determine mainline rehabilitation methods. Preliminary Cleaning and CCTV of the main sewer shall be paid per linear foot (LF) of the physical mainline sewer segment length for complete CCTV of the mainline sewer segment.
 - b. Cleaning shall include light cleaning necessary to verify the rehabilitation method for each main sewer segment that includes CIPP lining and point repairs. Heavy cleaning with root cutters and mechanical chains and tap trimming are included in the cost of this item.
 - c. No additional payment will be made for mainline sewer segments requiring reverse set-up or for locating manholes to perform complete CCTV.
 - d. Contractor shall submit preliminary CCTV along with mainline rehabilitation recommendations prior to payment of Line Item 2. CCTV data shall be reviewed and approved by Owner/Engineer prior to payment being made.
- C. Items 3-5. Heavy Cleaning
 - a. This section refers to heavy cleaning to facilitate CCTV of the mainline sanitary sewer pipe to determine mainline rehabilitation methods. Heavy Cleaning of the main sewer shall be paid per linear foot (LF) of the physical mainline sewer segment length.
 - b. Heavy cleaning will be performed if the debris present in a pipe segment cannot be removed by light cleaning. Heavy cleaning with root cutters and mechanical chains and tap trimming are included in the cost of this item.
 - c. Contractor shall submit preliminary CCTV along with mainline rehabilitation recommendations prior to payment of Line Item 3-5. CCTV data shall be reviewed and approved by Owner/Engineer prior to payment being made.

CITY OF MOBERLY, MISSOURI

D. Items 6-8. Point Repair

- a. This section refers to open cut replacement of 8-inch to 18-inch pipe. Replacement of sewer pipe by open cut excavation will be measured and paid by Each (EA) point repair completed. The point repair includes up to five (5) linear feet of pipe installed and active service laterals located within the point repair. The cost of the pipe replacement will be paid according to the appropriate pipe diameter and surface type installed in accordance with Form XXXX Adjustment Unit Prices.
- b. All active service laterals exposed during open cut point repair construction shall be reestablished by installing a new connection and five (5) horizontal feet of service lateral. The cost for installing the connection and the first five (5) horizontal feet of service lateral replacement shall be included in the open cut point repair work item.
- c. All costs associated with this item including, but not limited to, locating the pipe to be repaired, determining the location, depth, and length of the open cut point repair, verifying the laterals are active by CCTV lateral inspection and/or dye testing, the installation of sewer pipe, connections to existing sewer system, pipe fittings, coordination with utilities in direct conflict for relocation, restoring active service connections, rebuilding of outside drop at manhole if open cut point repair located adjacent to manhole, and five (5) horizontal feet of service lateral are to be included in the appropriate Adjustment Unit Price for the pipe size and surface type.
- d. Contractor shall submit CCTV of completed open cut point repair on lines not receiving CIPP prior to payment. CCTV shall show the points of coupling between existing and new pipes.

E. Items 9-13. Cured-In-Place-Pipe (CIPP) Lining

- a. This section refers to the CIPP rehabilitation of 8 to 18-inch diameter sanitary sewer pipe. CIPP sewer pipe will be measured per linear foot (LF) installed.
- b. All costs associated with the installation of CIPP including, but not limited to, all cleaning of the sewer required to install the CIPP, cutting of protruding service connections, investigation and determination of active services, installation of CIPP end seals (water stops), reinstatement and cleaning of outside manhole drops, locating manholes, verifying pipe depth, CIPP installation and curing, reinstating active services, coordination with lateral liner installer to ensure lateral CIPP liners are able to be installed post CIPP, obtaining material samples for CIPP sewer segment testing, testing of material samples including all associated shipping and testing costs, and post-rehabilitation CCTV inspection and reports shall be included in the Adjustment Unit Price for the diameter of CIPP installed.
- c. Contractor shall submit post lining CCTV prior to payment. CCTV data shall be reviewed and approved by Owner/Engineer prior to payment being made. CCTV shall show the post lining condition with all service lateral connections cut and polished.

F. Item 14. Storm Inlet Rehabilitation – Type A

- a. This section refers to Storm Inlet Rehabilitation that includes installing PVC Tee to provide sewer gas odor relief. Storm Inlet Rehabilitation will be measured per unit each (EA). All costs associated with this item are to be included in the Adjustment Unit Price Line Item.
- b. Type A Rehabilitation does not need modification to bottom of existing structure to provide the minimum depth between New Tee and bottom of the inlet.
- c. All work associated with this item including, but not limited to, removal of debris, surface preparation, pavement restoration, placing concrete, and curing of concrete, shall be included in the Adjustment Unit Price.

G. Item 15. Storm Inlet Rehabilitation – Type B

- a. This section refers to Storm Inlet Rehabilitation that includes installing PVC Tee to provide sewer gas odor relief. Storm Inlet Rehabilitation will be measured per unit

DOWNTOWN SEWER REHABILITATION
CITY OF MOBERLY, MISSOURI

each (EA). All costs associated with this item are to be included in the Adjustment Unit Price Line Item.

- b. Type B Rehabilitation will require demolition of the existing inlet bottom to create minimum depth required between Tee and bottom of the Storm Inlet.
- c. All work associated with this item including, but not limited to, removal of debris, surface preparation, pavement restoration, placing concrete, and curing of concrete, shall be included in the Adjustment Unit Price.

H. Sewer Manhole Replacement – Remove existing manhole and replace with new manhole in accordance with the City of Moberly Standard Specifications for Sanitary Sewer Systems. Quantities are estimated; locations of manholes to be replaced will be determined after CCTV inspections

DOWNTOWN SEWER REHABILITATION
CITY OF MOBERLY, MISSOURI

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond will be Owner's sole and exclusive remedy upon default of Bidder.
2. Default of Bidder occurs upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.
3. This obligation will be null and void if:
 - 3.1. Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or
 - 3.2. All Bids are rejected by Owner, or
 - 3.3. Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).
4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.
5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions does not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.
6. No suit or action will be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety, and in no case later than one year after the Bid due date.
7. Any suit or action under this Bond will be commenced only in a court of competent jurisdiction located in the state in which the Project is located.
8. Notices required hereunder must be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Postal Service registered or certified mail, return receipt requested, postage pre-paid, and will be deemed to be effective upon receipt by the party concerned.
9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.
10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond will be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the

DOWNTOWN SEWER REHABILITATION
