Grand trees are any trees greater than 24" in diameter at breast height (24 DBH). Are you proposing to remove any grand trees?

☒ YES

☐ NO

Grand trees that are determined by Staff to require mitigation may only be removed with permission of the Town Planning Commission.

The Commission meets the fourth Tuesday of every month at 6:00 p.m. at Town Hall.

Are the trees to be removed located on a lot for a single family home or single-structure duplex?

☐ YES

☒ NO

If **yes**, a professional tree survey is NOT REQUIRED. Please attach a reasonably accurate survey showing the location, size, and species (common name) of any trees 10" DBH or greater proposed to be removed.

If **no**, please attach a survey prepared by a S.C. licensed landscape architect, surveyor, or civil engineer showing the following:

- The location, size (DBH) and species (common name) of all trees 10"+ DBH
- A clear designation of all protected trees proposed for removal
- A mitigation plan showing the location, size, and species to be planted

Please explain in detail the conditions that exist that require the removal of trees.

Tree is in my driveway and interferes with my daily operations.

Difficult to see around or make right turns. Santee

Cooper said it will never mature and they will need to keep cutting it.
