FLOCK LPR CAMERA REPORT – JANUARY 2023

## STATISTICAL DATA & GRAPHS

**NOTE:** Unique plate reads identify the overall number of individual vehicles that pass your network of cameras within a 30 day time frame. A single unique plate read is defined as any plate that passes by any camera in a network on a given day. If plate ABC1234 drives by Camera 1 and Camera 3, it will show up as a unique plate read for each camera when filtered down, but only show up once in the total.

FLOCK LPR CAMERA REPORT – JANUARY 2023

---

## HOTLIST HITS AND OUTCOMES - HISTORICAL:

February 10, 2022 – Stolen Vehicle Hit – Apprehended. White Ford F150 reported stolen out of Oregon. Vehicle located unoccupied. Contact made with suspect. After investigation, found the license plate was entered incorrectly by the reporting agency.

February 18, 2022 – Stolen Vehicle Hit – Apprehended. Gold Lexus 300 reported stolen out of Austin. Located the vehicle unoccupied at a residence. Unable to locate any suspects. Vehicle was recovered and Austin PD was notified.

February 23, 2022 – Felony Warrant – Apprehended. Used flock system to manually enter a license plate to locate subject with Felony warrant. Subject located the following day when entered the City and the subject was taken into custody.

February 27, 2022 – Stolen Vehicle Hit – Apprehended. Black Nissan Altima reported stolen by owner after she lent it to someone and they failed to return it. Owner got the vehicle back but failed to report to Law Enforcement that the vehicle had been returned. Information was passed on to reporting agency.

March 4, 2022 – Stolen Vehicle Hit – Apprehended. 2011 Range Rover stolen out of Austin. Located unoccupied. We located a possible suspect and interviewed him. Collected physical evidence from the vehicle but unable to link suspect. Vehicle towed and Austin PD notified.

March 19, 2022 – Felony Warrant – Apprehended. Alerted to a 2018 Toyota Tundra owned by a subject with a felony warrant out of Arlington PD. Vehicle was located unoccupied at Backyard BBQ. Officers waited for the driver to return. Vehicle stopped and warrants were confirmed. Subject was taken into custody.

April 28, 2022 – Assault Suspect – Apprehended. Officers notified by Falls County about an assault suspect possibly coming back to his residence in the City. Falls County wanted assistance in apprehending the suspect. The suspect vehicle was entered into the Flock system manually. The Flock system alerted officers when the vehicle came into the City, vehicle was stopped, suspect taken into custody.

May 9, 2022 – Stolen Plate Hit – Apprehended. The front license plate on this vehicle was stolen while in Memphis, Tennessee. The plate was entered as stolen by Memphis PD. The owner never went to the DMV to get new plates. The owner was educated and the issue was corrected.

July 10, 2022 – Stolen Vehicle Hit – NOT Apprehended. White Ford F150 reported stolen out of McLennan County. Officers were unable to locate the vehicle.

July 18, 2022 – Stolen Vehicle Hit – Apprehended. Truck and trailer was stopped. A company in Temple had a cargo trailer stolen from them. After investigating further, officers found Temple PD entered the wrong license plate into the system. Contact was made with Temple PD and the issue was corrected.

August 16, 2022 – Stolen Vehicle Hit – Apprehended. Black Chevrolet Silverado reported stolen. Vehicle stopped and found not to be stolen. The hit had the same license plate number but a different vehicle description.

August 17, 2022 – Stolen Vehicle Hit – Camera misread license plate. Alerted to a stolen vehicle coming into the City on FM 2483. Located the vehicle traveling on Morgan's Point Road and stopped vehicle. Found the Flock camera mis-read the license plate. Reported to Flock and we updated our practices to verify.
