

Executive Summary

City Council Workshop

| |
|---|
| AGENDA ITEM: Administration Updates |
| PREPARED BY: Jacob Schillander, City Administrator |
| RECOMMENDED ACTION: Discussion |

Summary:

I would like to start adding an Administration Updates item to the agenda for the first workshop of each month following the end of a quarter. This would provide an opportunity to reconnect with Council on key items of importance that may have been covered in my Weekly Updates, while also allowing for open dialogue, questions, and discussion.

Those items would consist of the following areas:

- Public Safety
- Public Works
- Planning
- Code Enforcement
- Communications
- General Follow-ups
